NOTES TO FINANCIAL STATEMENTS
401(k) AND PROFIT SHARING PLAN
AMERICAN CEMENT COMPANY, LLC

Note 1 - Description of Plan

The following description of the 401(k) and Profit-Sharing Plan (the Plan) of American Cement Company, LLC (the Company) provides general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan commonly known as a Code Section 401(k) and Profit Sharing Plan covering all eligible employees other than leased employees of the Company over the age of 18. There is no minimum service requirement to participate under the Plan. Therefore, employees will be eligible to participate in the Plan as of the first entry date following their date of employment. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's effective date was January 1, 2008.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. The Plan does offer a Roth deferral election to participants. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct their investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company offers a discretionary match based on the participant's elective deferrals and profit sharing contributions based on the Company's annual financial results. The Company contributions are made at the sole discretion of the Company and if any, the contributions will be made at the end of the plan year. During the plan year ended December 31, 2017, the Company made a \$623,522 contribution to the Plan. Contributions are subject to Internal Revenue Service (IRS) limitations. Participants must be employed on the last day of the Plan year to be eligible for receipt of employer contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution; and (b) Plan earnings. Participant accounts are charged with withdrawals and an allocation of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earning thereon. A participant's vested balance in the Company contributions increases 20% for each year of credited service. After five years of credited service the participant is considered to be 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Interest rates are prime plus 2%. Principal and interest is paid ratably through monthly payroll deductions. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS
401(k) AND PROFIT SHARING PLAN
AMERICAN CEMENT COMPANY, LLC
(Continued)

Note 1 - Description of Plan (Concluded)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a designated period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$22,051 and \$9,897, respectively. Also, in 2017, employer contributions were reduced by \$12,456 from forfeited nonvested accounts.

TPA and Trustee

The employer has appointed ADP as third party administrator for the Plan (the TPA) and Reliance Trust Company as the trustee for the Plan (the Trustee). Under the agreement, the TPA keeps all financial records for the Plan and the Trustee holds all amounts contributed to the Plan and upon direction, makes benefit payments and distributions to participants and beneficiaries.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4 for discussion of fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deduction and the notes are collateralized by the participant's account balances.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Concluded)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recently Adopted Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement* (ASC Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share* (or Its Equivalent)(ASU 2015-07), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In addition, the standard limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient, rather than for all investments that are eligible to be measured at fair value using the net asset value per share. The provisions of ASU 2015-07 are effective, retrospectively, for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. The Plan adopted the provisions of ASU 2015-07 in fiscal year 2017.

Subsequent Events

The Plan has evaluated subsequent events through August 6, 2018, the date the financial statements were available to be issued. See Note 5 for disclosure of known subsequent events.

Note 3 - Information Certified by the Trustee

The Plan Services Unit of the Trustee maintains all records of investment transactions and accounts of participants, and determines the valuation of the investment portfolio.

As required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has provided certification to the Plan Administrator regarding the accuracy and completeness of certain information presented. The certified information consists of the following as of December 31, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Investments at Fair Market Value	\$ 4,288,931	\$ 2,984,585
Participant Loans	128,537	120,515
Net Appreciation in Fair Value of Investments	328,056	
Interest and Dividends	231,181	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices that are observable for the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS
401(k) AND PROFIT SHARING PLAN
AMERICAN CEMENT COMPANY, LLC
(Continued)

Note 4 - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value relevant to the Plan. There have been no changes in methodologies used as of December 31, 2017.

Mutual Funds: Valued as the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and disclosed as a Level 1 investment.

Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

<u>Fair Value Measurements at Reporting Date Using</u>				
<u>December 31, 2017</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

401(k) AND PROFIT SHARING PLAN
AMERICAN CEMENT COMPANY, LLC
(Continued)

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become 100% vested in their account balances.

Subsequent to year-end, American Cement Co. was fully acquired by CRH, Inc. and merged with another Florida cement company to create Suwanee American Cement Company. Due to this acquisition/merger, it is uncertain as to whether this Plan will remain in existence or merge with another benefit plan.

Note 6 - Exempt Transactions with Party-In-Interest

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Plan investments also include participant loans, which qualify as exempt party-in-interest transactions.

Note 7 - Tax Status

The Plan obtained its latest opinion letter on July 8, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Under FASB ASC Section 740-10, *Income Tax Uncertainties*, it is the policy of management to evaluate its tax positions on an ongoing basis and to disclose any such positions it believes would have a material impact on the financial statements and related notes. Management also believes that no such required disclosures currently exist.

The Plan is no longer subject to U.S. federal or state income tax examinations by tax authorities for the tax years preceding the last three tax years.

Note 8 - Risks and Uncertainties

The Plan invests in various investment funds. Investments in general are exposed to various risks such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment will occur in the *near-term* and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
