DOHRN TRANSFER COMPANY
401(k) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Dohrn Transfer Company (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing pension plan covering all employees of Dohrn Transfer Company who have completed one year of service, as defined, and are age eighteen or older. Participation in the Plan is voluntary and employees can enroll in the Plan on January 1 or July 1, after having met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of pretax annual compensation (subject to federal limitations) in form of a salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for Company matching and profit sharing contributions which are at the discretion of the Company's Board of Directors. The Company did not make a discretionary matching or profit sharing contribution in 2017 and 2016. Contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with the participant's withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participant's nonvested accounts are used to reduce administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after six years of credited service.

Payment of Benefits

A participant may elect to receive a distribution from their account upon attainment of age 59½, termination of employment, total and permanent disability, death, or financial hardship as defined by the Plan, whichever occurs earlier. Terminated employees may remain Plan participants and defer distribution until required by the age 70½ minimum distribution rules.

Forfeited Accounts

Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses. There were no forfeitures included in net assets available for benefits as of December 31, 2017 and 2016. Total forfeitures used to pay administration expenses amounted to $-0- in 2017 and $767 in 2016.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through August 7, 2018, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by Capital Bank and Trust Company (Trustee and Custodian). The Plan is administered by American Trust Retirement who allocates Plan assets to the individual accounts of each participant as directed by the participant.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms. See note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments includes realized and unrealized gains and losses in the fair value of investments held by the Plan.

Investment income reported in the financial statements includes realized and unrealized gains and losses on investment transactions, interest and dividends as reported by the Plan administrator.

Administration Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan's sponsor and therefore, are not included in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded when paid.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Excess Participant Contributions Payable

Accounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

(2) Investments (Unaudited)

The following information has been certified as complete and accurate by Capital Bank and Trust Company (Custodian) as of and for the years ended December 31, 2017 and 2016.

	2017	2016
Investments – mutual funds	$11,453,347	9,109,620

	2017	2016
Investment income:		
Interest and dividends	$ 493,026	327,248
Net appreciation in fair value of investments	1,282,043	216,331
	$ 1,775,069	543,579

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted market prices in active markets of similar assets in non-active markets and Level 3 inputs which consist of other valuation techniques that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan measured the fair value of all its investments using Level 1 inputs which consisted of quoted net asset values of shares of mutual funds held by the Plan at year end. These mutual funds are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The net asset value of these funds are published daily and transacted at that price; and therefore, are considered actively traded.

(3) Federal Income Taxes

The Plan uses a prototype plan document sponsored by American Trust Retirement. American Trust Retirement received an opinion letter from the Internal Revenue Service ("IRS"), dated February 26, 1993, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

(3) Federal Income Taxes, continued

The plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2017, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2013 are subject to examination by taxing authorities.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(5) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits and the net increase in net assets as of and for the years ended December 31, 2017 and 2016 per the financial statements to the Form 5500:

	2017	2016
Net assets available for benefits per Form 5500	$11,453,347	9,109,620
Excess participant contribution liability	(8,393)	-
Net assets available for benefits per financial statements	$11,444,954	9,109,620

	2017	2016
Net increase per Form 5500	$2,343,727	429,077
Change in excess participant contribution liability	(8,393)	-
Net increase per financial statements	$2,335,334	429,077

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(7) Related Party Transactions

The Plan investments are held by Capital Bank and Trust Company as custodian. Capital Bank and Trust Company is also the trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment administrative services amounted to $4,335 in 2017 and $5,174 in 2016.
