Report of Independent Accountants

To the Administrator of the
MG Advantage 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MG Advantage 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of September 22, 2017 ("termination of the Plan") and December 31, 2016, the related statements of changes in net assets available for benefits for the period from January 1, 2017 to September 22, 2017 ("termination of the Plan") and for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of September 22, 2017 and December 31, 2016, and for the period from January 1, 2017 to September 22, 2017 and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 1 to the financial statements, the governing body of the Plan approved a resolution to transfer the Plan's assets to the Nexstar Media Group, Inc. 401(k) Plan, and to terminate the Plan, which was completed on September 22, 2017. As a result, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2016 financial statements to the liquidation basis used in presenting the 2017 financial statements. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the truste, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MG ADVANTAGE 401(K) PLAN

Notes to Financial Statements

1. General:

Media General, Inc. (the "Company") was the Administrator of the MG Advantage 401(k) Plan (the "Plan") until January 17, 2017 when the Company completed its previously announced merger with Nexstar Broadcasting Group ("Nexstar"), whereby Nexstar acquired all outstanding shares of the Company. The closing of the merger was subject to various conditions, including required regulatory and other third-party consents and approvals. Nexstar became the Administrator of the Plan effective January 17, 2017. Fidelity Management Trust Company ("Fidelity") and its affiliates were the trustee, recordkeeper and investment manager of the Plan, pursuant to a trust agreement dated January 1, 2001.

Plan participants later employed by Nexstar were able to still contribute and receive matching contributions into their 401(k) until September 22, 2017 when Nexstar merged the Plan into the Nexstar Media Group, Inc. 401(k) Plan, at which point the MG Advantage 401(k) Plan terminated.

The investment fund options did not change substantially during 2017. Just prior to completing the transfer of assets to the Nexstar 401K Plan on September 22, 2017, the investment fund options included twelve T. Rowe Price funds, eleven Fidelity funds (including the Managed Income Portfolio Class 1 Fund and the Brokerage Link Fund), two PIMCO funds, the American Beacon Small Cap Value Institutional Fund, the Dodge & Cox Stock Fund, the Invesco Diversified Dividend R5 Fund, the J. P. Morgan US Equity Institutional Fund, the Janus Triton 1 Fund, the MFS International Value Fund Class R4, the Wells Fargo Stable Value Fund, the Media General, Inc. Common Stock Fund, and the Nexstar Common Stock Fund.

At December 31, 2016, the investment fund options included twelve T. Rowe Price funds, ten Fidelity funds (including the Managed Income Portfolio Class 1 Fund and the Brokerage Link Fund), two PIMCO funds, the American Beacon Small Cap Value Institutional Fund, the Dodge & Cox Stock Fund, the Invesco Diversified Dividend R5 Fund, the J. P. Morgan US Equity Institutional Fund, the Janus Triton 1 Fund, the MFS International Value Fund Class R4, the Wells Fargo Stable Value Fund, and the Media General, Inc. Common Stock Fund.

2. Significant Accounting Policies:

Basis of Accounting: For the period from January 1, 2017 to September 22, 2017, the accompanying financial statements were prepared on the liquidation basis of accounting. For the year ended December 31, 2016, the Plan used the accrual basis of accounting.

2. Significant Accounting Policies (continued):

Valuation of Investments: All investments were carried at fair value or an approximation of fair value, except for fully benefit-responsive investment contracts, which were reported at contract value. Generally accepted accounting principles define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Securities transactions were recorded as of the trade-date. Dividends were recorded on the ex-dividend date and interest was accrued as earned. The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was possible that changes in the values of investment securities would occur in the near term and such changes would materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits. Notes receivable from participants were recorded at their unpaid principal balance plus any accrued but unpaid interest.

US GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy exists in US GAAP for fair value measurements based upon the inputs to value an asset or liability. The following provides a description of the three levels of inputs that may be used to measure fair value and the type of Plan investments that fall under each category.

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Mutual Funds and the Media General Common Stock Fund

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

No Plan investments are in this category.

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

No Plan investments are in this category.

2. Significant Accounting Policies (continued):

Valuation of Investments (continued): The following is a description of the valuation methodologies used to measure assets at fair value:

- Mutual funds were valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan were open-ended funds that were registered with the US Securities and Exchange Commission. These funds were required to publish their daily Net Asset Value ("NAV") and transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

- Common stock (including Media General Common Stock and Nexstar Common Stock) was valued at the closing price reported on the active market on which the individual security was traded.

- Fully benefit-responsive investment contracts held through common/collective funds (Fidelity Managed Income Portfolio Fund and the Wells Fargo Stable Value Fund) were measured at NAV. The NAV, as provided by the trustee, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient was not used when it was determined to be probable that the fund would sell the investment for an amount different from the reported NAV.

Fidelity Managed Income Portfolio Fund: The Fund invests primarily in corporate bonds, US and foreign government bonds, asset backed securities, commercial paper, as well as certain wrap contracts. A wrap contact is an agreement by a third party, such as a bank or insurance company to make payments to a portfolio in certain circumstances and is designed to allow a stable value portfolio to maintain a constant value.

The issuer of the wrap contract provides assurance that the adjustments to the interest crediting rate do not result in a future interest crediting rate that is less than zero. An interest crediting rate less than zero would result in a loss of principal or accrued interest. The key factors that influence future interest crediting rates for a wrap contract include the level of market interest rates, the amount and timing of participant contributions, transfers and withdrawals into and out of the wrap contract, the investment returns generated by the fixed income investments that back the wrap contract and the duration of the underlying investments backing the wrap contract. Wrap contracts' interest crediting rates are reset on a monthly basis.

2. Significant Accounting Policies (continued)

Fidelity Managed Income Portfolio Fund (continued): A wrap issuer may terminate a wrap contract at any time. The wrap issuer may also terminate a wrap contract if Fidelity's investment management over the Fund is limited or terminated as well as if all of the terms of the wrap contract fail to be met. In the event that market value of the Fund's covered assets is below contract value at the time of such termination, the terminating wrap provider would not be required to make a payment to the Fund. The Fund is presented in the Statement of Changes in Net Assets Available for Plan Benefits at contract value, as reported to the Plan by the Trustee. There are no reserves against contract value for credit risk of the contract issuer or otherwise for 2017 and 2016. The average yield for the investment contracts based on actual earnings was 2.19% in 2017 and 1.98% in 2016, respectively. This average yield represents the annualized earnings of all investments in the Fund during each year divided by the fair value of all investments in the Fund. The average yield adjusted to reflect the actual interest rate credited to participants was 1.41% in 2017 and 1.24% in 2016, respectively. The average credited yield represents the annualized earnings credited to participants in the Fund during each year divided by the fair value of all investments in the Fund.

Wells Fargo Stable Value Fund: Assets underlying the Wells Fargo Stable Value Fund (common/collective trust) are primarily guaranteed investment contracts. These contracts are valued at contract value, which is the amount at which participants could transact with the fund. Contract value, as reported to the Plan by the trustee, represent contributions made under the contracts, plus interest at the contract rates, less Plan withdrawals and termination fees. The average yield and crediting interest rates were 2.36% and 2.14% for 2017 and 1.93% and 1.94% for 2016, respectively.

Below are investments measured at net asset value as of December 31, 2016:

Investment	Fair Value	Unfunded Commitment	Redemption	Other Redemption Restrictions	Redemption Notice Period
As of December 31, 2016:					
Fidelity Managed Income Portfolio Fund	$15,735,551	None	Immediate	None	None
Wells Fargo Stable Fund	$ 9,311,761	None	Immediate	None	None

2. Significant Accounting Policies (continued)

Fidelity BrokerageLink: The Plan provided access to Fidelity BrokerageLink, which allowed participants to choose from investments beyond those options offered by the Plan. The Plan's fiduciaries did not monitor the investments available in BrokerageLink. This feature was intended for those who were comfortable managing a portfolio of expanded investment choices. To utilize this feature, participants first had to open a separate brokerage account within the Plan. When participants accessed BrokerageLink, there was additional information regarding available investment choices. Participants were encouraged to read and consider this information before making any investment decisions. Mutual fund minimums and fees associated with transactions generally still applied.

Income Tax Status: The Internal Revenue Service ruled on July 24, 2015 that the Plan qualified under Section 401(a) of the Internal Revenue Code (“IRC”) and, therefore, the related trust was not subject to tax under present income tax law. Employee contributions qualified as "cash or deferred" contributions under Section 401(k) of the IRC. Once qualified, the Plan was required to operate in conformity with the IRC to maintain its qualification. This ruling from the IRS covered all amendments and restatements through 2012. The Plan has been amended since this ruling, but the Company believes the Plan continued to qualify under the IRC and the related trust was tax exempt. Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at September 22, 2017 and December 31, 2016. The Plan is not currently under audit by any tax jurisdiction.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

3. Contributions:

The Plan allowed participants to make pre-tax and post-tax contributions by means of regular payroll deductions, subject to limitations prescribed by the IRC. Participants could change their investment elections directly with Fidelity at any time.

Effective January 17, 2017, Nexstar matched, on a pay period basis, 25% of the first 6% of Compensation that participants deferred to the Plan as a Pre-Tax, Catch-Up, and/or Roth Contribution. To receive the total Matching Contribution available for a Plan Year, a participant must have deferred and contributed at least 6% of Compensation for each payroll period of that year.

3. Contributions (continued):

Prior to January 17, 2017, the Company matched, on a pay period basis, 50% of the first 6% of Compensation that participants deferred to the Plan as a Pre-Tax, Catch-Up and/or Roth Contribution. To receive the total Matching Contribution available for a Plan Year, a participant must have deferred and contributed at least 6% of Compensation for each payroll period of that year.

The Company made two amendments to the plan effective January 1, 2016. First, eligible employees were not permitted to exchange current investments to the Media General, Inc. Company Stock Fund if the exchange would cause the employee's investment in the Media General, Inc. Company Stock Fund to exceed 20% of the total market value of the employee's Plan account. In addition, Company Matching Contributions were no longer invested automatically in the Media General, Inc. Company Stock Fund. Instead, Company Matching Contributions were invested in accordance with the employee's investment elections.

Participants were able to rollover account balances from a prior employer's qualified retirement plan or "conduit" IRA that held only prior qualified plan balances. Participant contributions were invested in accordance with Plan terms directed by participants in the thirty-four investment options mentioned in Note 1. A participant could designate all or part of their elective contribution as a Roth contribution. Such contributions were after-tax in accordance with Roth guidelines.

The Plan also included, among other things, a note receivable feature (see Note 6). Under specified guidelines, a participant could request the trustee transfer a portion of the participant's balance in other funds into a note receivable account for disbursement as a note receivable to the participant. Repayment of principal and interest was generally made by payroll deduction and the notes receivable were fully secured by the participant's account balance.

By law, all Non-Safe Harbor plans must perform a test to determine if the ratio of contribution deferrals for highly compensated and non-highly compensated employees meets federal guidelines. The Plan did not refund any contributions during the short 2017 Plan year, but did refund $46,968 of 2016 contribution deferrals, respectively, back to highly compensated employees during early 2017 to be in compliance with this test.

4. Profit Sharing Contributions:

The Plan had a profit sharing component, dependent upon the Company meeting certain specified financial objectives. This component could range from 2% to 6% of a participant's compensation. Participants were not required to make contributions to receive the profit sharing contribution. All Plan participants on January 1 of a given year were eligible to receive a profit sharing contribution for that year.

4. Profit Sharing Contributions (continued):

Otherwise, to be eligible, one must have attained age 18 and completed 1,000 hours of service in the first 12 months of employment or in a given Plan Year. Once eligible, participants would receive a profit sharing allocation, if one were made, if they completed 1,000 hours of service during the Plan Year, and were employed on the last day of the year or died, retired, or become totally and permanently disabled during that Plan Year. If an eligible participant terminated during the Plan Year for other reasons, these former employees would still receive a profit sharing contribution for that Plan Year if they attained age 55 with 10 years of service and were hired before January 1, 2008; or attained age 60 with 10 years of service and were hired after December 31, 2008.

There was no profit sharing contribution for the 2017 or 2016 plan years.

5. Eligibility, Vesting, Withdrawals, and Terminations:

Effective January 1, 2016, Company Matching Contributions made on behalf of Eligible Employees hired on or after January 1, 2016 were 100% vested after the Employee completes two years of service with the Company. Participants were 100% vested in their Profit Sharing Account after completion of three years of service, death, becoming totally and permanently disabled, or reaching age 65. Forfeited contributions approximated $286,000 and $211,000 as of September 22, 2017 and December 31, 2016, respectively. The Company utilized approximately $210,000 of forfeiture balances to reduce Company contributions during 2016. The Company did not utilize any forfeiture balances in 2017 to reduce contributions, but did transfer approximately $315,000 to the Nexstar 401K Plan to be utilized by Nexstar in the future**.**

Each participant's account was credited with the participant's contributions, the Company's contributions, trading fees, as well as allocations of Plan earnings or losses. Allocations of Plan earnings or losses were based on account balances, as defined by the Plan. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

The above descriptions are provided for informational purposes. Readers should refer to the most recently updated Summary Plan Document for more complete information on Plan provisions.

6. Notes Receivable from Participants:

The Plan had a note receivable feature available to all Plan participants. Notes receivable were made from the participant's account, reducing the investment balance and creating a note receivable from participants in the Statements of Net Assets Available for Plan Benefits. Notes receivable were secured by the participant's vested account balance. Notes receivable to terminated participants and notes receivable in default were treated as distributions to the participant. The principal portion reduced the receivable from participants and both principal and interest were transferred to the participant's investment account as repayments were received.

Participants could obtain notes receivable based on the vested value of their accounts. New notes receivable could not exceed 50% of the participant's account value (excluding the value of any profit sharing component) or a maximum of $50,000 in accordance with the Department of Labor's regulations on notes receivable to participants. Notes receivable were limited to one note receivable outstanding at any one time. Notes receivable bore a reasonable rate of interest and required repayment over a period not to exceed 5 years unless used to purchase the participant's primary residence, in which case the notes receivable required repayment over a period not to exceed 15 years. Notes receivable from participants were measured at their unpaid principal balances plus any accrued but unpaid interest. Management evaluated notes receivable from participants for collectability and determined that no allowance was considered necessary at September 22, 2017 and December 31, 2016.
