OCLC MATCHING THRIFT PLAN

NOTES TO FINANCIAL STATEMENTS AS OF
DECEMBER 31, 2017 AND 2016 AND FOR THE
YEAR ENDED DECEMBER 31, 2017

NOTE 1 - PLAN DESCRIPTION

The following brief description of the OCLC Matching Thrift Plan (Plan) is provided for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain employees of OCLC, Inc. (Company) and its controlled group of corporations who have attained 30 days employment as well as other eligibility requirements as defined in the Plan agreement. The Plan was formed on July 1, 1980 and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute up to 25% of their regular compensation through payroll deductions, with the exception of certain employees considered to be highly compensated. These participants' contributions are limited to 7% of their regular compensation. Participants hired on or after January 1, 2013 are automatically enrolled in the Plan, making pretax contributions equal to 6% of their regular compensation. Participants may elect to change their deferral percentage or stop contributions at any time. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes matching contributions equal to 35% of participant contributions up to 6% of regular compensation. Contributions are subject to certain limitations.

Participant Accounts - The Plan maintains a separate account for each participant. Each participant's account is credited with the participant's contribution as well as the Company's contribution each pay period. Participants may elect to allocate these contributions to a series of mutual funds and a guaranteed investment contract. Plan earnings are allocated to participant accounts based on the daily valuation of the participant's respective investments.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer matching contributions is based on credited years of service. A participant is 100% vested after five years of credited service. Upon retirement, death or disability, participants become 100% vested in employer contributions and earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years, or up to 30 years in the case of purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on notes receivable at December 31, 2017 and 2016 range from 4.25% to 6.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability, retirement or attainment of age 59½, a participant or his/her beneficiary may receive a distribution equal to the value of the participant's vested interest in his/her account. Participants demonstrating immediate financial hardship may also receive a distribution without early withdrawal penalty.

NOTE 1 - PLAN DESCRIPTION (Continued)

Forfeited Amounts - Forfeited nonvested accounts totaled $4,788 and $0 at December 31, 2017 and 2016, respectively. Amounts forfeited by participants who terminated service prior to becoming fully vested were used to reduce employer contributions by $69,017 for the year ended December 31, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by Plan management in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments, excluding the guaranteed investment contract, are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The most relevant measurement attribute for a fully benefit-responsive investment contract is contract value, which is the amount participants would receive should they initiate a transaction. Therefore, the Plan's investment contract is reported at contract value in the statements of net assets available for benefits. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 3 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses - All administrative costs and expenses of the Plan are paid by the employer, with the exception of loan and investment fees, which are paid by the participant or netted against investment earnings, respectively.

Risks and Uncertainties - The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes to the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events - The Plan administrator has evaluated subsequent events through August 16, 2018, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE OF FINANCIAL MEASUREMENT

Financial Accounting Standards Board (FASB) accounting standard for Fair Value Measurement establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE OF FINANCIAL MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 90,185,807	-	-	$ 90,185,807
Total Assets At Fair Value				$ 90,185,807

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 78,548,208	-	-	$ 78,548,208
Total Assets At Fair Value				$ 78,548,208

NOTE 4 - GUARANTEED INVESTMENT CONTRACT

The Lincoln Stable Value Account is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to Plan participants. The fixed annuity contract is issued by Lincoln National Life Insurance Company (Lincoln), which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings less participant withdrawals. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

NOTE 4 - GUARANTEED INVESTMENT CONTRACT (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibition transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. (the trustee of the Plan).

NOTE 6 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 29, 2011, that the Plan and related trust are designed in accordance with applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is current being operated, in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be substantiated by the IRS. The Plan is subject to routine audit by taxing jurisdictions. Subsequent to the 2017 plan year, the Company received a notice dated July 17, 2018 from the IRS that the IRS will audit the Plan's 2016 plan year. The Plan administrator believes that the Plan is no longer subject to examinations for years prior to 2014.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. Lincoln Financial Group Trust Company, Inc. is the nondiscretionary trustee as defined by the Plan and manages the Plan's investments; therefore, these transactions qualify as party-in-interest.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their interest in their respective accounts.
