The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). B. Contributions

Each year, participants may contribute up to a specified percentage of pretax annual compensation, as defined in the Plan by each Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds investment options for participants. Additional profit-sharing amounts may be contributed at the option of each Company's board of directors and are invested according to the participant's direction. Contributions are subject to certain limitations. Participant contributions may be matched by their respective employer if such Company has elected a matching provision.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if applicable) and (b) the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 13, 2017

NOTE 1: DESCRIPTION OF PLAN (continued)

D. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants become vested in matching and discretionary contributions according to provisions defined by each member Company.

E. Notes Receivable from Participants

A participant may receive a loan based on a loan program set forth by the Plan. The minimum loan is \$1,000 and the maximum is \$50,000, not to exceed 50% of the participant's vested account balance. Loans are repaid through payroll deductions over a maximum of five years. A participant can have only one loan outstanding. Loans during the year earned interest at a rate of 4.25% to 5.25%.

F. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

G. Forfeited Accounts

Forfeitures for the period ended December 13, 2017 were \$2,551. No forfeitures were used to offset employer contributions and \$500 was used to pay for plan expenses during 2017. Prior to the Plan merging with The Employer Advantage Retirement Savings Plan on December 12, 2017, the forfeiture balance was \$4,049 and is included in Plan merger transfer expense on the statement of change in net assets available for benefit for the period ending December 13, 2017. At December 31, 2016, forfeited and non-vested accounts totaled \$1,998. These accounts may be used to reduce future employer contributions or pay plan expenses.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

COBALT ASTRA INC.
MULTIPLE-EMPLOYER 401(k) PROFIT-SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS
December 13, 2017

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (continued)

C. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

E. Payment of Benefits

Benefits are recorded when paid.

F. Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of change in net assets available for benefits. Fees related to administration of notes receivables from participants are charged directly to the participant's account and are include in administrative expenses. Investment related expenses are included with net appreciation of fair value of investments.

G. Excess Contributions

Amounts payable to participants totaled \$0 and \$17,882 for contributions in excess of amounts allowed by the IRS are recorded as a liability and are included in benefits paid to participants for the years ended December 31, 2017 and 2016, respectively. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

H. Subsequent Events

The Company has evaluated subsequent events for potential recognition and disclosure through August 27, 2018, the date of financial statements were issued.

NOTES TO FINANCIAL STATEMENTS
December 13, 2017

NOTE 3: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include –

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 13, 2017 and December 31, 2016.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
December 13, 2017

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 13, 2017 and December 31, 2016:

<u>Assets at Fair Value as of December 13, 2017</u>

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for tax periods in progress.
