Charlotte Radiology, P.A. 401(k) Profit Sharing Plan
Charlotte, North Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Charlotte Radiology, P.A. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* on the financial statements paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 1 DESCRIPTION OF PLAN

The following description of Charlotte Radiology, P.A. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective December 1, 1970. The Plan has been amended throughout the years to comply with tax legislation. The Plan was most recently restated effective April 1, 2015 and was most recently amended effective January 1, 2018. Charlotte Radiology, P.A. has formed a new company, US Radiology Specialists, Inc., and US Radiology Specialists, Inc. has adopted the Plan as the Plan sponsor effective January 1, 2018. Charlotte Radiology, P.A. continues participation in the Plan as a participating employer.

The Plan excludes leased employees, nonresident aliens, and employees covered by a collective bargaining agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for the oversight of the Plan. The Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

Eligibility

Employees of the Company are eligible for the profit sharing contribution if they meet the eligibility requirements of one year of service in which 1,000 hours of service was credited and are employed on the last day of the Plan year.

Employees of the Company are eligible to participate in the deferral component of the Plan if they meet the eligibility requirements of one year of service in which 1,000 hours of service was credited. Employees enter the Plan on the first day of the Plan year quarter following the date they satisfy the eligibility requirements.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a profit sharing contribution to the Plan. For the years ended December 31, 2017 and 2016, the Company profit contribution was approximately \$7.2 million and \$6.8 million, respectively.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. Effective April 1, 2015, if a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent and will authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2017 and 2016 totaled approximately \$283,000 and \$322,000, respectively. Forfeitures of approximately \$283,000 and \$322,000 were used to reduce Company profit sharing contribution receivable for the years ended December 31, 2017 and 2016, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain investment related expenses are included in net investment income presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through August 6, 2018, the date the financial statements were available to be issued.

CHARLOTTE RADIOLOGY, P.A. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of the investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, trustee of the Plan.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Money Market, Mutual Funds, and Exchange Traded Funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mortgage-Backed Securities: Valued based on expected future principal and interest payments discounted at prevailing interest rates for similar investments.

Certificates of Deposit: Investments in certificates of deposit are valued based on fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Bonds – Government and Corporate: Investments in bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote is available.

Corporate Stock: Investments in corporate stock are valued at the closing price reported on the active market on which the individual securities are traded.

Insurance Contracts: Investment in the insurance contracts are valued at fair value by the insurance company based on value of the underlying investments consisting of mutual funds and fixed funds.

Limited Partnerships: Investments in limited partnerships are valued at fair value based on net asset value of the partnership.

CHARLOTTE RADIOLOGY, P.A. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Matrix Trust Company (Matrix). Matrix is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

4. TOTAL DIRECT COMPENSATION		9,059.94

Indirect Compensation

Mutual Fund Revenue

If a participant invests in one or more mutual funds, the following information applies to those investments. TD Ameritrade receives fees for marketing and distribution, recordkeeping, subaccounting, sub-transfer agency, and/or shareholder servicing services with respect to mutual funds in which the plan invests. These fees may be paid by the fund, by the fund's distributor, transfer agent, administrator, or investment advisor (Fund Affiliate), by a third-party fund service provider, or by a combination of them, pursuant to TD Ameritrade, Inc.'s and/or TD Ameritrade Clearing, Inc.'s agreement with the particular fund, Fund Affiliate, and/or by a third-party fund service provider.

The amount of these fees may vary among mutual fund groups, and some mutual funds and Fund Affiliates do not make some or any of these payments available. The maximum amount of marketing and distribution fees that maybe paid to TD Ameritrade depends on the class of shares held by the plan but will not exceed the annual rate of 1.00% of the value of the plan's shares. Typically, shares held by a plan are subject to distribution and/or shareholder servicing fees that will not exceed the annual rate of 0.25% to 0.40%. Fees paid to TD Ameritrade for TD Ameritrade, Inc. and TD Ameritrade Clearing, Inc.'s subaccounting, sub-transfer agency, or similar recordkeeping services may be based on the number of plan accounts (and range from \$3.00 to \$19.00 per account) or on the assets in the plan accounts (and range from an annual rate of 0.10% to 0.45%), depending on the agreement with the particular fund or Fund Affiliate. Funds may also be subject to a monthly minimum service fee payable to TD Ameritrade, Inc. of \$300.

To the extent that fees for marketing and distribution, recordkeeping, subaccounting, sub-transfer agency, and/or shareholder servicing services are paid out of fund assets, they are included in the fund's annual expense ratio and are indirectly borne by the fund's shareholders. For more information regarding such payments made by a particular mutual fund or its Fund Affiliate and details on the particular services to which the payments relate, please go to the fund's website and review its prospectus and statement of additional information or request a copy of these documents from the fund.

In addition to fees paid from fund assets, TD Ameritrade may receive fees for these services from Fund Affiliates and/or third-party fund service providers. These fees may be paid out of the resources of the Fund Affiliate. This compensation may be at different annual rates up to a generally maximum annual rate of 0.15% on plan assets invested in the fund.

Fees paid by a mutual fund, Fund Affiliate, and/or third-party fund service provider are paid through TD Ameritrade Clearing, Inc., who collects these fees on behalf of TD Ameritrade, Inc.

Payment for Order-Flow. TD Ameritrade receives payments for directing equities and options order flow to market centers. This payment is used to offset costs of doing business and ultimately helps to reduce the overall cost to our clients. TD Ameritrade receives an average of \$0.00009 per share for equities, and an average of \$.47 per option contract (each prior to offset from charges paid for removal of market liquidity). For more information, including the firm's SEC Rule 606 regulatory reports regarding order execution, please go to:

<https://www.tdameritrade.com/tools-and-platforms/trader-offering/order-execution.page> and <https://www.tdameritrade.com/disclosure.page>

Bank Deposit Compensation. Under its agreement with TD Bank and TD Bank USA, TD Ameritrade, Inc. and TD Ameritrade Clearing receives from TD Bank USA a fee for services in connection with the IDA and Savings described above under "Indirect Compensation - Bank Deposit Compensation".

Sweep Vehicle Fees. If a plan participant invests in a fund within TD Asset Management USA Funds, Inc. (TDAM), an affiliated money market fund family, or if a plan fiduciary has requested and utilizes a TDAM fund as a sweep vehicle, the following information is applicable. Pursuant to certain agreements by and among TDAM, its distributor, SEI Investments Distribution Co., TD Ameritrade Clearing and TD Ameritrade, Inc., fee payments of up to an aggregate of approximately 80 bps are paid by TDAM or its distributor to TD Ameritrade, Inc. and TD Ameritrade Clearing for sweep, subdistribution, shareholder services, subtransfer agency, recordkeeping, and administrative services. TDAM is managed by TDAM USA, Inc., an affiliate of TD Ameritrade, Inc. and TD Ameritrade Clearing. The amount paid to TD Ameritrade, Inc. and TD Ameritrade Clearing includes 12b-1 fees, absent the voluntary waivers of such fees that may be in place, and is calculated on net assets of TDAM distributed through TD Ameritrade, Inc. and TD Ameritrade Clearing. TD Ameritrade, Inc. receives and retains the shareholder servicing fees. TD Ameritrade Clearing receives and retains the subtransfer agency fees. TD Ameritrade Clearing receives the 12b-1 fees, to the extent they have not been waived as noted above, and remits them to TD Ameritrade, Inc.

Proceeds of Corrective Transactions. TD Ameritrade receives investment instructions from participants or fiduciaries, such as an investment advisor, of the plan. Although rare, occasional errors in the instructions themselves or the processing of instructions may occur. The causes of such errors may include, but are not necessarily limited to, entry of an erroneous trade ("buy" vs. "sell," or vice versa), dollar amount, or number of shares, incorrect identification of the security, duplication of orders (i.e., instruction entered more than once), or untimely transmittal of instructions. For example, in the case of a sell order that is corrected to a price lower than the original intended transaction, or a purchase order corrected at a higher price, the corrective transaction may result in a loss. If, on the other hand, the sell order is corrected to a price higher than the original intended transaction, or the purchase order corrected at a lower price, the corrective transaction may result in a gain.

When an error is discovered, action is taken to correct the transaction in a manner intended to avoid or minimize harm or disruption to the plan. This generally includes processing corrective transactions through a "trade error account" maintained by TD Ameritrade, apart from the plan's account, for TD Ameritrade individually (in-house account) or on behalf of an investment advisor. In addition, when requested by a plan representative, TD Ameritrade may communicate with the broker-dealer and attempt to cancel a trade through similar corrective transactions.

If TD Ameritrade is at fault for the error and the corrective transaction involves a loss, TD Ameritrade reimburses the plan to the extent necessary to process the transaction based on the price that would have been realized by the plan had the transaction been processed as instructed. If the corrective transaction results in a gain, the amount of the gain may be retained in the TD Ameritrade trade correction account to be applied to future losses resulting from TD Ameritrade errors. Consistent with positions expressed by the U.S. Department of Labor, any such gains may be treated as indirect compensation to TD Ameritrade for brokerage and related services. The amount of any such compensation attributable to the plan cannot be predicted in advance, but generally is not expected to be material over time. Additional information about TD Ameritrade's error correction practices is available on request.

Matrix Trust's Role in Assisting Plan Sponsors in Completing Schedule C

Plan sponsors are responsible for completing the annual Form 5500 filing and are tasked with identifying and reviewing the reportable Schedule C compensation paid to plan service providers. The information in this communication is being provided to help in the completion of Schedule C for the Form 5500 filing for the 2017 plan year (which would be filed during 2018).

It is important for TPAs and plan sponsors to understand that Matrix Trust Company ("**Matrix Trust**") can only provide information related to its compensation as a service provider. Matrix Trust can provide activity related to payments made to other service providers only to the extent that the compensation flows through either the trust or a fund service fee account. Investment product disclosures, annual reports and prospectuses (as applicable) should be reviewed for other components of reportable compensation under Schedule C.

Where compensation can be classified as Eligible Indirect Compensation (EIC), Matrix Trust has provided the appropriate disclosures in this document rather than a set dollar amount for each plan, as permitted under guidance issued by the U.S. Department of Labor.

Reporting Requirements

Plan sponsors of retirement plans with over 100 participants must identify persons who indirectly or directly received \$5,000 in compensation during the plan year for services rendered to the plan on Schedule C of Form 5500.

Direct Compensation

Direct compensation paid to Matrix Trust by your plan is reported on your account statement or other reports provided by Matrix Trust, for example, a check register. These reports enable you to determine payments made directly from plan assets.

Indirect Compensation

Matrix Trust or an affiliate may have received indirect compensation from sources other than your plan during the past calendar year. Matrix Trust is providing a description of the formula used to calculate or determine indirect compensation so that you can report this compensation as "Eligible Indirect Compensation" paid to Matrix Trust or an affiliate on Schedule C of the Form 5500 for its 2017 plan year, if compensation paid meets the reporting thresholds.

Indirect Compensation may include:

- Fees and expense reimbursement payments from mutual funds, collective investment funds, insurance company pooled separate accounts, and other separately managed accounts in which the fees charged against the fund or account are reflected in the value of the plan's investment (such as sub-transfer agent fees, shareholder servicing fees, and 12b-1 fees);
- Finder's Fees;
- Float earnings;
- Brokerage Commissions

Please see the "Fund Service Fee Collection" section for additional information.

"Float" Earnings

Non-interest bearing general or omnibus accounts are maintained at M&T Bank and JPMorgan Chase Bank, N.A., in order to facilitate transactions of retirement plans. Matrix Trust may receive earnings for the period that the funds are held in these accounts. The earnings credited on these amounts are known as "float". The rate at which Matrix Trust earns float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame. This compensation varies, but a reasonable estimate based on a blend of rates is from 1.20% to 1.40%.

Float earnings are eligible indirect compensation for Schedule C of Form 5500 purposes and indirect compensation under ERISA Section 408(b)(2). Information with respect to the determination of float earnings is incorporated on page 4 of this document.

Fund Service Fee Services

Depending on your plan's investments during the year, Matrix Trust or MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC ("**MSCS Financial**"), an affiliate of Matrix Trust, may facilitate the collection of revenue sharing or other administrative or service payments available from mutual funds or collective investment funds, to the extent any such fees are applicable (the "**Fees**"). The actual dollar amount of the Fees depends upon each fund's revenue sharing or commission recapture program. The amount of the Fees is typically based upon the aggregate net asset value of the funds held by your plan. The amount of available revenue sharing is subject to change at the discretion of the mutual fund company or collective investment fund sponsor.

If applicable, the amount of the Fees will be noted on your plans related fund service fee account statements. In addition, payments to parties other than MSCS Financial or Matrix Trust from the related fund service fee account statement may be reportable as direct or indirect compensation paid to those parties.

Additional Potential Indirect Compensation Related to Certain Brokerage Accounts

Where you and/or your authorized representative(s) have a pre-existing TD Ameritrade Brokerage Account and/or directed Matrix Trust to establish a TD Ameritrade Brokerage Account, after April 11, 2015, TD Ameritrade pays to Matrix Trust indirect compensation for certain services rendered by Matrix Trust, including account reconciliation services, account set-up and maintenance, related money movement of cash between the plan core accounts and brokerage firm for contribution and disbursement activity and the performance of related administrative tasks. For these services, Matrix Trust receives quarterly, in arrears, an amount equal to 1.5 basis points of the value of plan assets in TD Ameritrade brokerage account(s) during such quarter, based on the average of the plan assets held in the brokerage account(s) on the last business day of each month in the applicable quarter.

Completing Schedule C

You will need the following information to complete Schedule C:

Matrix Trust Company 717 17th Street, Suite 1300 Denver, CO 80202 Employer Identification Number: 75-3182674	MSCS Financial Services Division of Broadridge Business Process Outsourcing, LLC 717 17 th Street, Suite 1300 Denver, CO 80202 Employer Identification Number: 33-1151291
--	---

For **Direct Compensation**, you will be required to provide the Matrix Trust address or Employer Identification Number.

For Indirect Compensation, Matrix Trust provided you with a formula so that you can report this arrangement as **Eligible Indirect Compensation**, and you will be required to enter the MSCS Financial and Matrix Trust names and Employer Identification Numbers or addresses.

If you have any questions regarding this information, please contact your Matrix Trust Relationship Manager.

MATRIX TRUST
FLOAT DISCLOSURE FOR EMPLOYEE BENEFIT PLANS

I. ADDITIONAL COMPENSATION ATTRIBUTABLE TO FLOAT

Matrix Trust Company (“**Matrix Trust**”) may derive compensation from the use of cash held on behalf of client plans pending investment, distribution or other processing. This compensation is referred to as “float.” The disclosures contained in the following paragraphs have been prepared in accordance with U.S. Department of Labor guidance contained in Field Assistance Bulletin 2002-3 concerning service provider float disclosure obligations to employee benefit plan customers.

In connection with Matrix Trust’s provision of services to plan customers, Matrix Trust maintains various banking arrangements to facilitate movements of cash as necessary to process plan customer transactions, including arrangements with one or more banks. Under these arrangements, cash may be held in general or “omnibus” bank accounts established by or at the direction of Matrix Trust, pending investment, trade settlement, or the presentment of distribution checks for payment. These accounts generate float earnings for Matrix Trust. The proportionate share of those earnings attributable to the funds of a particular plan constitutes compensation that is paid by the plan and retained by Matrix Trust in connection with Matrix Trust’s services and is in addition to any other fees or compensation payable under the service arrangement.

As of the date of this disclosure, M&T Bank, provides all of the banking arrangements described above with the exception of certain disbursement account arrangements provided by JPMorgan Chase Bank, N.A. M&T Bank and JPMorgan Chase Bank, N.A. are unaffiliated institutions to Matrix Trust.

The paragraphs below describe the specific circumstances under which float will be earned and retained, the time frames applicable to float earnings periods, and a general description of the rate of float earnings.

II. CIRCUMSTANCES AND TIME FRAMES DURING WHICH FLOAT MAY BE EARNED

1. Contributions

Plans direct cash contributions to Matrix Trust through a demand deposit account Matrix Trust maintains for that purpose. Matrix Trust credits the amount of a plan’s cash contribution to the plan’s Matrix Trust account (“Client Account”) on the business day it is received. If the Client Account uses a cash sweep, the cash contribution is swept from the demand deposit account and invested on the plan’s behalf on the next business day. Matrix Trust earns float on the cash contribution between the business day of deposit and the next business day. A “business day” is a day on which the New York Stock Exchange is open for business.

If a Client Account does not use a cash sweep, Matrix Trust earns float on the cash contribution from the business day of deposit until Matrix Trust receives investment instructions from the plan and the investment transaction settles. Upon Matrix Trust’s receipt of investment instructions in good order, settlement of mutual fund trades generally occurs within one business day and settlement of individual securities trades (i.e. stocks and bonds) generally occurs within three business days.

2. Purchases of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to purchase a security for a Client Account, Matrix Trust places the purchase trade order that same business day if the instructions are received prior to Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the purchase trade order is placed on the next business day.

When Matrix Trust settles a purchase trade order for a Client Account, Client Account assets required to pay for the purchase are transferred to a demand deposit account maintained by Matrix Trust on the trade settlement date. When a purchase trade order is cancelled or rejected, the funds previously set aside to pay for the purchase are re-credited to the Client Account and either invested through the cash sweep, if applicable, or retained in the deposit account pending other investment instructions, as described above.

3. Sales of Securities for the Client Account

When Matrix Trust receives instructions, in good order and in accordance with prescribed procedures, to sell a security for a Client Account, Matrix Trust places the sale trade order that same business day if the instructions are received prior to

Matrix Trust trading cut-off times. If instructions are received after the Matrix Trust trading cut-off times, the sale trade order will be placed on the next business day.

When Matrix Trust places or settles a sale trade for a Client Account, the Client Account receives the sales proceeds on the trade settlement date. If the Client Account does not use a sweep, Matrix Trust will earn float from the date Matrix Trust receives the sale settlement proceeds until Matrix Trust receives instructions to reinvest the sale proceeds as described above.

4. Payments from Client Accounts

Matrix Trust may earn float when it issues checks on behalf of plans including checks for (i) distributions to participants and/or beneficiaries, (ii) participant loan distributions, or (iii) fees paid to plan service providers. Matrix Trust do not earn float when payments or distributions are made by direct deposit (ACH) or by a federal funds wire transfer.

Matrix Trust will mail a distribution check to a plan participant or beneficiary on the payable date (the date printed on the check). On the same day, Matrix Trust debits the Client Account in the amount of the check. Matrix Trust will earn float on the amount of the check from the date the check is issued until the date the check is presented and paid.

Where Matrix Trust has been directed to establish periodic or recurring distribution checks, such payments are typically mailed to plan participants and beneficiaries prior to the payable date (for example, periodic payments are mailed six business days prior to the payable date). Matrix Trust debits the Client Account in the amount of the checks on the payable date. Matrix is able to mail the checks before assets are withdrawn from the Client Account and sold because periodic distributions are of a predictable amount (generally a set dollar amount each payment cycle). Matrix Trust will only earn float on the amount of the check from the date the check is payable until the date check is presented and paid.

On a periodic basis, Matrix Trust will notify clients of outstanding periodic and lump sum distribution checks that Matrix Trust has issued. If an originally-issued check is reported lost or missing, Matrix Trust will re-issue the check upon receipt of direction from the client and/or other authorized party to instruct on the account. If the participant or beneficiary does not negotiate the check within a reasonable time, Matrix Trust reserves the right to re-credit (redeposit) the payment to the Client Account and to invest these funds at the direction of a Client Account fiduciary, or to disburse the funds as directed or otherwise in accordance with applicable law.

III. RATE ON FLOAT EARNINGS

The rate at which Matrix Trust earn float over the time periods described above is generally comparable to the effective Federal Funds Rate as reported in the Wall Street Journal over the applicable time frame. This compensation varies, but a reasonable estimate based on a blend of rates is from 1.20% to 1.40%.
