NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of International Imaging Materials, Inc. Retirement and Investment Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by International Imaging Materials, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility:

Except for certain limited classifications, employees are eligible to participate in the Plan upon hire. Prior to July 12, 2017, eligible employees had to attain at least sixty days of eligible service prior to participating in the Plan. Participants are eligible to receive employer matching contributions once they have completed one year of eligible service, as defined.

Contributions:

Each year participants may contribute to the Plan any whole percentage of their eligible compensation, as defined. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation and their account balance is invested in designated funds using an aged-based allocation until changed by the participant. Participants who are fifty years and older may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Company makes matching contributions equal to 100% of the first 6% of eligible compensation that a participant contributes to the Plan for those participants that have at least one year of eligible service. The Company may also make additional discretionary contributions for participants that have at least one year of eligible service. No additional discretionary contributions were made for the period ended December 31, 2017.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant and Company contributions, an allocation of Plan earnings, reduced for benefits paid, and charged for loan origination and recordkeeping fees, if applicable, and an allocation of other administrative expenses. Allocation of Plan earnings and other administrative expenses are based on participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's contributions and earnings thereon vest ratably over five years of service or immediately in the event of a participant's death or total and permanent disability while employed by the Company.

Forfeitures:

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $7,170 and $14,107, respectively. Forfeitures of nonvested Company contributions are used to pay administrative expenses of the Plan or to reduce the Company's contributions. During 2017, $15,755 of forfeited amounts were used to reduce Company contributions.

ERISA expense account:

The Plan utilizes an ERISA expense account to receive reimbursement of certain Plan expenses that are paid through revenue sharing arrangements with certain Plan investment funds. These reimbursements are included in other income on the statement of changes in net assets available for benefits. Amounts reimbursed are included in the ERISA expense account until they are used to pay for Plan administrative expenses or allocated to participants. During 2017, the Plan received approximately $41,000 of these reimbursements which were used to pay administrative expenses. The balance of the ERISA expense account was $2,380 and $3,282 at December 31, 2017 and 2016, respectively.

Payment of benefits:

A participant receives a lump-sum amount equal to the vested value of his or her account upon normal retirement age of sixty-five, or upon death, disability, or termination of employment. Early withdrawals are permitted in the event of hardship.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Notes receivable from participants:

Participants may borrow from their account a minimum of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account balance. A participant may not have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account. Loans bear interest at the prime rate plus 1% and are payable over a maximum term of five years. Principal and interest is paid ratably through payroll deductions.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution processing fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays for certain recordkeeping and investment advisory fees. Other investment expenses related to fund management are included as an offset of net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment valuation and income recognition:

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the current and former custodians and trustees: Great-West Life & Annuity Insurance Company of New York (Great-West Insurance), Prudential Retirement Insurance and Annuity Company (Prudential Insurance), Great-West Trust Company, LLC (Great-West Trust) and Prudential Bank and Trust, F.S.B. (Prudential Bank). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Group annuity contracts:

The Plan's investment commencing July 12, 2017 in the group annuity contract with Great-West Insurance, named the Guaranteed Interest Fund, and prior to July 12, 2017 a group annuity contract with Prudential Insurance, named the Prudential Guaranteed Income Fund, are traditional fully benefit-responsive investment contracts and, therefore, are reported at contract value.

Great-West Insurance and Prudential Insurance maintain/maintained the contributions in a general account fund. Great-West Insurance and Prudential Insurance is/was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value reflects contributions, credits for interest, charges for participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. Great-West Insurance determines the crediting interest rate quarterly and, contractually, may not be less than 0%. Prudential Insurance determined the crediting interest rate semi-annually which, contractually, could not be less than 1.5%. The issuers determined the crediting interest rate by considering many factors, including economic and market conditions, the general interest rate environment and the expected and actual return on the portfolio within the general account.

Generally there are no events that limit the ability of the Plan to transact at contract value with Great-West Insurance.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are recorded as distributions.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions required to be distributed by the Plan as of December 31, 2017 and 2016.

Benefits:

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrative Committee to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through August 28, 2018, which is the date the financial statements were available to be issued.

Note 3. Information Certified

The Administrative Committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents the assets of the Plan that have been certified at December 31, 2017 and 2016:

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority level to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Variable annuity: Unit values are calculated daily by Great-West Insurance according to the methods described in the annuity contract.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units of the pooled separate account (PSA). The NAV is determined by dividing the net assets, at fair value, of the PSA by the number of units outstanding on the day of valuation. PSA's are comprised primarily of shares of registered investment companies held through sub-accounts of a separate account of Prudential Insurance. The Plan has concluded that the NAV, as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by Prudential Insurance, is used as a practical expedient to estimate fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value at December 31, 2017 and 2016. The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value				$ 40,524,389

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	**Fair value at December 31, 2017**	Fair value at December 31, 2016	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	**$ 1,083,180**	$ 25,261,368	Daily	None

There were no unfunded commitments related to the pooled separate accounts at December 31, 2017 and 2016. Prudential Insurance may delay PSA disbursements for up to 30 days if the PSA has negative cash flow as defined in the investment contract.

NOTES TO FINANCIAL STATEMENTS

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Great-West Trust on July 12, 2017. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status dated March 31, 2014. The prototype plan opinion letter has been relied upon by this Plan. Prior to July 12, 2017, the Plan was established pursuant to an individually designed plan. The IRS had determined and informed the Company by a letter dated September 8, 2016, that the individually designed plan was qualified and the trust established under the Plan was tax-exempt under the appropriate sections of the Code. The Plan has been amended since receiving the determination letters, however, the Administrative Committee believes that the Plan is designed and has been operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Administrative Committee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Administrative Committee believes it is no longer subject to income tax examinations for tax years prior to 2013.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Certain Plan investments are managed by Great-West Insurance, Prudential Insurance, and affiliates of Prudential Insurance. Great-West Insurance and Prudential Insurance are custodians as defined by the Plan and, therefore, transactions within these funds qualify as party-in-interest transactions. Fees incurred by the Plan for fund management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment from the Plan and qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

Note 7. Party-In-Interest Transactions (Continued)

During the year ended December 31, 2017, the Plan paid service providers consisting of the following: Great-West Insurance and Prudential Insurance for administrative services; Nixon Peabody for legal services; Dopkins & Company, LLP for audit services, and UBS Financial Services for investment advisory services. Transactions with these service providers qualify as party-in-interest transactions and amounted to $53,341 for the year ended December 31, 2017.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
