Notes to Financial Statements
December 31, 2017 and 2016

1. Description of the Plan & Summary of Significant Accounting Policies

The following description of Satisloh North America, Inc. Employee Savings & Retirement Plan and Trust, provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan. The Plan is sponsored by Satisloh North America, Inc., ("Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Sponsor is the plan administrator. Fidelity Management Trust Company (Fidelity) holds the Plan assets, makes distributions and is responsible for the Plan's recordkeeping.

Eligibility

Employees of the Sponsor are eligible to participate in the Plan when all of the following requirements are met:

(a) Completed three months of service
(b) Attained the age of 21

Eligible employees may enter the Plan on the first day of the Plan Year quarter coinciding with or immediately following the attainment of these requirements.

Contributions

Participants may elect to make voluntary tax-deferred or after-tax contributions up to 100% of their annual wages, subject to limitations imposed by the Internal Revenue Code (IRC). Participant contributions made with tax-deferred dollars under Section 401(k) of the IRC are excluded from the participants' current wages for federal income tax purposes.

The Sponsor makes safe harbor matching and may make a discretionary profit sharing contribution. Participants of the Plan receive a matching contribution equal to 100% of their deferral up to 5% of their compensation. Sponsor matching contributions were $488,687 and $474,753 in 2017 and 2016, respectively. There were no discretionary profit sharing contributions made in 2017 or 2016. Sponsor contributions are presented as Employer contributions on the statement of changes in net assets available for benefits.

Funding

Participant contributions and Sponsor matching contributions are remitted to the Plan as soon as practical after the participant contributions have been withheld from the participant's wages. The Sponsor's discretionary profit sharing contributions, if any, are remitted to the Plan annually.

Investment Options

Participants direct how their own and Sponsor contributions are invested between several investment fund choices that cover a range of fund objectives, risks and returns. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Participants may receive a note from their account balance not to exceed the lesser of $50,000 or one-half of the participant's vested account balance. Interest rates and repayment schedules are determined by the Plan Sponsor and were between 4.25% and 5.25% at December 31, 2017. Principal and interest are paid through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's matching and allocated profit sharing contributions, and allocations of Plan earnings thereon. Allocations of the Sponsor's discretionary profit sharing contributions are based on participant earnings, as defined in the Plan. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, Sponsor safe harbor matching contributions and actual earnings thereon. Vesting in the Sponsor's discretionary profit sharing contributions, plus actual earnings thereon, is based on the number of years of continuous service according to the following schedule:

Years of Service	Percent Vested
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeitures

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. Forfeitures of nonvested amounts are allocated as additional discretionary safe harbor matching contributions, additional discretionary nonelective contributions, or to offset plan expenses. Forfeitures were not used to offset plan expenses in 2017 or 2016. There were $7,244 and $7,089 of unallocated forfeitures at December 31, 2017 and 2016, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant of a designated beneficiary may elect to receive either a lump-sum payment equal to the value of the participant's account, receive the benefits in installments, or purchase an annuity contract. For termination of services due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Upon reaching age 59 ½, participants qualify to receive an in-service distribution from their vested account balance.

Benefits are recorded when paid.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Plan and may include audit fees, transaction fees paid to a third party administrator, and investment broker advice fees.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks of loss such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks and interest bearing cash that are valued on the basis of readily determinable market prices.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses and unrealized appreciation and depreciation of plan assets are reported in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

Management of the Plan has evaluated subsequent events through the date the financial statements were available to be distributed, August 15, 2018 for possible inclusion as a disclosure in the notes to the financial statements. The Plan has no subsequent events that require disclosure in the notes to the financial statements.

2. Information Certified by Outside Party

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's independent public accountants, Reilly, Penner & Benton LLP, did not perform any auditing procedures generally accepted in the United States of America with respect to the Plan's investments, income accruals, realized and unrealized gains and losses, or other investment income certified by Fidelity as of December 31, 2017 and 2016.

3. Income Tax Status

Effective October 1, 2013, the Plan adopted a non-standardized form of prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

3. Income Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investments

The following summarizes the classification of investments at December 31, 2017 by classification and method of valuation in accordance with the requirements of U.S. GAAP:

		Fair Value Measurement at Reporting Date Using		
Description	**Totals**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 13,920,911	$ 13,920,911	$ ---	$ ---

Self-directed brokerage accounts	75,387	75,387	---	---
Total	$ 14,708,131	$ 13,996,298	$ 711,833	$ ---

The following summarizes the classification of investments at December 31, 2016 by classification and method of valuation in accordance with the requirements of U.S. GAAP:

		Fair Value Measurement at Reporting Date Using		
Description	**Totals**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 11,296,226	$ 11,296,226	$ ---	$ ---
Interest bearing cash	670,046	---	670,046	---
Self-directed brokerage accounts	52,360	52,360	---	---
Total	$ 12,018,632	$ 11,348,586	$ 670,046	$ ---

5. Termination of Plan

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions, regardless of their years of service.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions involving participant loans are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.

Notes to Financial Statements
December 31, 2017 and 2016

1. Description of the Plan & Summary of Significant Accounting Policies

The following description of Satisloh North America, Inc. Employee Savings & Retirement Plan and Trust, provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan. The Plan is sponsored by Satisloh North America, Inc., ("Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Sponsor is the plan administrator. Fidelity Management Trust Company (Fidelity) holds the Plan assets, makes distributions and is responsible for the Plan's recordkeeping.

Eligibility

Employees of the Sponsor are eligible to participate in the Plan when all of the following requirements are met:

(a) Completed three months of service
(b) Attained the age of 21

Eligible employees may enter the Plan on the first day of the Plan Year quarter coinciding with or immediately following the attainment of these requirements.

Contributions

Participants may elect to make voluntary tax-deferred or after-tax contributions up to 100% of their annual wages, subject to limitations imposed by the Internal Revenue Code (IRC). Participant contributions made with tax-deferred dollars under Section 401(k) of the IRC are excluded from the participants' current wages for federal income tax purposes.

The Sponsor makes safe harbor matching and may make a discretionary profit sharing contribution. Participants of the Plan receive a matching contribution equal to 100% of their deferral up to 5% of their compensation. Sponsor matching contributions were $488,687 and $474,753 in 2017 and 2016, respectively. There were no discretionary profit sharing contributions made in 2017 or 2016. Sponsor contributions are presented as Employer contributions on the statement of changes in net assets available for benefits.

Funding

Participant contributions and Sponsor matching contributions are remitted to the Plan as soon as practical after the participant contributions have been withheld from the participant's wages. The Sponsor's discretionary profit sharing contributions, if any, are remitted to the Plan annually.

Investment Options

Participants direct how their own and Sponsor contributions are invested between several investment fund choices that cover a range of fund objectives, risks and returns. By designating these investment alternatives for participants, allowing frequent fund transfers and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Participants may receive a note from their account balance not to exceed the lesser of $50,000 or one-half of the participant's vested account balance. Interest rates and repayment schedules are determined by the Plan Sponsor and were between 4.25% and 5.25% at December 31, 2017. Principal and interest are paid through payroll deductions.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Sponsor's matching and allocated profit sharing contributions, and allocations of Plan earnings thereon. Allocations of the Sponsor's discretionary profit sharing contributions are based on participant earnings, as defined in the Plan. The benefit to which a participant is entitled is the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, Sponsor safe harbor matching contributions and actual earnings thereon. Vesting in the Sponsor's discretionary profit sharing contributions, plus actual earnings thereon, is based on the number of years of continuous service according to the following schedule:

Years of Service	Percent Vested
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeitures

Forfeitures are portions of participant account balances that participants surrender by terminating employment prior to becoming fully vested. Forfeitures of nonvested amounts are allocated as additional discretionary safe harbor matching contributions, additional discretionary nonelective contributions, or to offset plan expenses. Forfeitures were not used to offset plan expenses in 2017 or 2016. There were $7,244 and $7,089 of unallocated forfeitures at December 31, 2017 and 2016, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant of a designated beneficiary may elect to receive either a lump-sum payment equal to the value of the participant's account, receive the benefits in installments, or purchase an annuity contract. For termination of services due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Upon reaching age 59 ½, participants qualify to receive an in-service distribution from their vested account balance.

Benefits are recorded when paid.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Plan and may include audit fees, transaction fees paid to a third party administrator, and investment broker advice fees.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks of loss such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

1. Description of the Plan & Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of common stocks and interest bearing cash that are valued on the basis of readily determinable market prices.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses and unrealized appreciation and depreciation of plan assets are reported in the statement of changes in net assets available for benefits as net appreciation in fair value of investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

Management of the Plan has evaluated subsequent events through the date the financial statements were available to be distributed, August 15, 2018 for possible inclusion as a disclosure in the notes to the financial statements. The Plan has no subsequent events that require disclosure in the notes to the financial statements.

2. Information Certified by Outside Party

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's independent public accountants, Reilly, Penner & Benton LLP, did not perform any auditing procedures generally accepted in the United States of America with respect to the Plan's investments, income accruals, realized and unrealized gains and losses, or other investment income certified by Fidelity as of December 31, 2017 and 2016.

3. Income Tax Status

Effective October 1, 2013, the Plan adopted a non-standardized form of prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

3. Income Tax Status (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Investments

The following summarizes the classification of investments at December 31, 2017 by classification and method of valuation in accordance with the requirements of U.S. GAAP:

		Fair Value Measurement at Reporting Date Using		
Description	**Totals**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 13,920,911	$ 13,920,911	$ ---	$ ---
Interest bearing cash	711,833	---	711,833	---
Self-directed brokerage accounts	75,387	75,387	---	---
Total	$ 14,708,131	$ 13,996,298	$ 711,833	$ ---

The following summarizes the classification of investments at December 31, 2016 by classification and method of valuation in accordance with the requirements of U.S. GAAP:

		Fair Value Measurement at Reporting Date Using		
Description	**Totals**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 11,296,226	$ 11,296,226	$ ---	$ ---
Interest bearing cash	670,046	---	670,046	---
Self-directed brokerage accounts	52,360	52,360	---	---
Total	$ 12,018,632	$ 11,348,586	$ 670,046	$ ---

5. Termination of Plan

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA at any time. In the event of Plan termination, participants would become 100% vested in their employer contributions, regardless of their years of service.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions involving participant loans are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.
