NOTE 1 DESCRIPTION OF PLAN

The following description of the NASA Federal Credit Union 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established January 1, 1996, by NASA Federal Credit Union (the Employer). The Plan was most recently amended effective January 1, 2017. The Plan excludes employees covered under a collective bargaining agreement, leased employees, student interns, employees of any member of a controlled and/or affiliated service group employer who does not affirmatively adopt this Plan, and employees of CU Title Insurance Agency, LLC not associated with the Plan sponsor (as determined by the Plan sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Executive Committee is responsible for the oversight of the Plan. The Executive Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the NASA Federal Credit Union Board of Directors.

Eligibility

Eligible employees may participate in the deferral and safe harbor match portion of the Plan upon attaining age 18. Eligible employees may begin participation as soon as administratively possible. In addition, those employees who are not considered highly compensated employees, may receive a discretionary Employer contribution.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage of his or her compensation contributed as pretax 401(k) contributions to the Plan. Prior to January 1, 2017, participants were auto-enrolled into the Plan at 3% of their compensation unless they affirmatively elect another percentage or opted out of Plan participation. Effective January 1, 2017, the Plan was amended to increase the auto-enrollment percentage from 3% to 5%. The 5% auto-enrollment percentage applies only to employees hired and eligible for the Plan on or after January 1, 2017, unless they affirmatively elect another percentage or opt out. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer will make safe harbor matching contributions to the Plan equal to 100% of employee deferrals up to 5% of eligible employee compensation. In addition, the Employer may make discretionary contributions at its option. Discretionary contributions were made in the amount of \$2,839 for both of the years ended December 31, 2017 and 2016.

Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans or conduit IRAs. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching and discretionary contribution, and an allocation of Plan earnings or losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account. See Administrative Expenses.

Vesting

Participants are fully vested to the extent of his or her account balances in 401(k) deferrals and employer safe harbor matching contributions. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age (age 65), death, disability, or termination of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution. The Plan allows for in-service distributions once a participant reaches age 59½, as well as hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeited non-vested accounts are first used to reduce Employer contributions and then to reduce administrative expenses. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$20 and \$0, respectively. There were \$0 and \$3,805 of forfeitures used to reduce Employer contributions for the years ended December 31, 2017 and 2016, respectively. There were no forfeitures used to reduce administrative expenses for the years ended December 31, 2017 and 2016.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit responsive contract valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Executive Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are charged directly to the participant's account when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments. The Plan established an ERISA spending account on December 1, 2015. As of December 31, 2017 and 2016, the ERISA spending account totaled \$0. The Plan received ERISA spending account revenue during the years ended December 31, 2017 and 2016, totaling \$112,481 and \$96,487, respectively. During the years ended December 31, 2017 and 2016, \$112,481 and \$96,487 was used to pay plan expenses, respectively. The net of this activity was \$0 for both 2017 and 2016, and thus has not been reflected on the statements of changes in net assets available for benefits.

DECEMBER 31, 2017 AND 2016**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassification

Certain amounts in the prior period have been reclassified to conform to the current year's presentation. These reclassifications have no effect on previous reported net assets.

Subsequent Events

The Plan has evaluated subsequent events through August 8, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

State Street Bank and Trust Company and Transamerica Financial Life Insurance Company Inc., the trustee and insurance company of the Plan, respectively, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, net appreciation in fair value of investments, interest and dividend and interest income on notes receivable from participants in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**NASA FEDERAL CREDIT UNION
401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued at the NAV of units of the collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2017			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 24,812,279	\$ -	\$ -
Collective Fund	-	3,128,283	-
Total Investments at Fair Value	\$ 24,812,279	\$ 3,128,283	\$ -

2016			
	Level 1	Level 2	Level 3
Mutual Funds	\$ 18,856,340	\$ -	\$ -
Collective Fund	-	3,265,590	-

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in his or her accounts.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014, received from the IRS on the prototype plan indicating that the prototype plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by State Street Bank and Trust, the trustee, and Transamerica Financial Life Insurance Company Inc., the insurance company. These investment transactions qualify as party-in-interest transactions. For the years ended December 31, 2017 and 2016, fees incurred by the Plan for investment management and advisory services were paid directly and therefore separately stated. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
