INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Administrative Committee of the
Mark Young Construction, Inc. 401(k) Profit Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mark Young Construction, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Standard Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2017 financial statements. Accordingly, we do not express an opinion on the 2017 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by Bauerle and Company, P.C., who merged with Wipfli LLP as of February 1, 2018. As permitted by 296 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed Bauerle and Company, P.C. not to perform, and they did not perform, any auditing procedures with respect to the information certified by Standard Insurance Company, the custodian of the Plan. Their report dated July 11, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

A Description of Plan.

The following description of Mark Young Construction, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1 General. The Plan is a defined contribution plan covering substantially all full-time employees of Mark Young Construction, Inc. (the "Company"), who have completed three months of service. An employee must be employed on the last day of the Plan year in order to be eligible to receive the Company's discretionary matching contribution. An employee must have worked at least 500 hours during the year in order to be eligible to receive the Company's discretionary profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the Plan administrator and trustee of the Plan, and is responsible for oversight of the Plan. The Plan's investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the trustee. Standard Insurance Company and other third party administrators provide custodial, investment advisory, and recordkeeping services to the Plan pursuant to the terms of service provider agreements.

2 Contributions. Each year, participants may contribute up to the amount allowed by law of annual compensation as defined in the Plan, on a pretax and/or after-tax basis. Deferral contributions and after-tax Roth contributions shall not exceed certain limits set forth by the Internal Revenue Service ("IRS") ($18,000 in 2017 and 2016). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to $6,000 in 2017 and 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may make matching contributions equal to a percentage of each participant's contributions. The Company may also make non-matching profit sharing contributions. For the years ended December 31, 2017 and 2016, the Company made a discretionary matching contribution equal to 50% of the participant's salary deferrals that do not exceed 6% of compensation. Contributions are subject to certain limitations.

3 Participant Accounts. Each participant's account is credited with the participant's contribution, Company's contributions, allocations of Plan earnings (losses), and charged with an allocation of certain administrative fees that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4 **Vesting.** Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portions of their accounts, plus actual earnings thereon, is based on years of continuous service. A year of service is credited for which 1,000 hours or more are worked in a Plan year. A participant is 100% vested after six years of credited service.

5 **Investment Options.** Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan offers various mutual funds held in pooled separate accounts and a fixed account under a guaranteed investment contract as investment options for participants. Participants may change their investment options at any time.

6 **Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The terms of the notes require repayment periods up to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

7 **Payment of Benefits.** Upon termination of service for any reason, a participant with an account balance in excess of $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a specified period. If the account balance is less than $5,000, the only option is a lump-sum payment.

8 **Hardship Withdrawals.** Hardship withdrawals are available if the participant meets certain criteria.

9 **Forfeited Accounts.** At December 31, 2017 and 2016, the balance of the forfeited accounts was $-0-, for both years. These accounts are used to reduce future employer contributions. During the year ended December 31, 2017, the Company's matching contributions were reduced by $11,150 from forfeited non-vested accounts.

B Summary of Accounting Policies.

1 Basis of Accounting. The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2 Use of Estimates. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3 Investment Valuation and Income Recognition. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

4 Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit loss has been recorded at December 31, 2017 and 2016. Delinquent loans may be reclassified as benefits paid to participants based upon the terms of the Plan documents.

5 Payment of Benefits. Benefits are recorded when paid.

6 Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

7 Subsequent Events. The Plan has evaluated subsequent events through July 24, 2018, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

C Investments and Information Prepared and Certified by the Asset Custodian (Unaudited).

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian of the Plan has certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, and investment information included in the notes to the financial statements.
- Notes receivable from participants and related interest income.
- Dividends, interest, and net appreciation in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
- The schedule of assets held at end of year included as supplemental information.

This information has not been audited by the Plan's independent auditors.

D Fair Value Measurements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements.

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 Input must be observed for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements.

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts: Valued, as a practical expedient, at the net asset value ("NAV") of units of separate accounts held by the Plan at year-end. The NAV of these accounts is based on the market value of the underlying investments. The NAV is not a publicly-quoted price in an active market.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value – Pooled Separate Accounts (a)				5,447,082
Investments at Fair Value				$ 5,447,082

Assets at Fair Value as of December 31, 2016

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Total Assets in the Fair Value Hierarchy	$ -	$ -	$ -	$ -
Investments Measured at Net Asset Value – Pooled Separate Accounts (a)				4,248,286
Investments at Fair Value				$ 4,248,286

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

E Investment Contract with Insurance Company.

The Plan offers a fully benefit-responsive investment contract with Standard Insurance Company (Standard). Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contributions to the guaranteed investment contract become part of Standard's general account. The contract is credited with interest in accordance with the interest crediting rate established and periodically adjusted by the issuer. The contract is charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is a traditional guaranteed investment contract and is presented in the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula determined by the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) termination of the contract, (2) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (3) Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with participants is not probable.

The insurance company may terminate the contract with thirty days written notice to the contract owner for reasonable cause, which includes failure by the contract owner to meet contract requirements.

F Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

G Related Party and Party-In-Interest Transactions.

Plan investments include a fully benefit-responsive investment contract managed by Standard. StanCorp Financial Group and LPL Financial LLC provide investment advisory services to the Plan and Standard serves as asset custodian and recordkeeper, therefore, transactions with these institutions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to the recordkeeper of $2,744 for the year ended December 31, 2017, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

H Tax Status.

The Plan utilizes a prototype plan, which obtained a favorable determination letter from the IRS dated March 31, 2014, stating that the prototype plan is qualified under the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

I Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
