A. Description of the Plan

The accompanying financial statements include the net assets of the Rangers Baseball 401(k) Savings and Retirement Plan (the "Plan"). The following description of the Plan provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions. The Plan's corporate offices are located in Arlington, Texas.

General

The Plan was formed on September 1, 2010, restated effective January 1, 2015, and is a defined contribution plan covering all eligible employees of Rangers Baseball LLC (the "Company"). The Plan was created as a result of a change in ownership in the Company. Assets attributable to employees under previous ownership were voluntarily rolled over into the current Plan as of September 1, 2010. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 (the "Code"), as amended. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Employees of the Company are automatically enrolled in the Plan upon their date of hire or upon attaining age 21, if later.

Contributions

Participants may contribute up to 100% of their pre-tax or Roth compensation, as defined by the Plan. Participant contributions are subject to the annual deferral limit of Section 401(k) of the Code ($18,000 for 2017 and 2016) plus certain catch-up provisions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company cancelled discretionary employer matching contributions effective January 1, 2011, therefore, there were no matching contributions made during 2017 or 2016. The Company has no intentions to reinstate matching contributions in the near future.

The Company may also make discretionary profit-sharing contributions to the Plan. There were no discretionary profit-sharing contributions for the years ending December 31, 2017 or 2016.

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited or debited with the participant's contribution and withdrawals, as applicable, and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nine mutual funds and a money market fund as investment options for participants.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants become 100% vested in Company's profit-sharing contributions after five years of continuous service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of the vested account balance or (b) $50,000 reduced by the highest outstanding loan balance during the twelve month period prior to the date of the new loan. Loan transactions are funded on a prorated basis from the participant's existing accounts and investment funds. Loan terms range from one to five years, unless such loans are used for the purchase of a primary residence, in which the term is up to 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate quoted in the Wall Street Journal on the day the loan is requested, plus 1%. As of December 31, 2017, interest rates range from 4.25% to 5.50% and as of December 31 2016 interest rates range from 4.25% to 4.50%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Payment of Benefits

Upon death of a participant prior to normal retirement date, all amounts credited to the participant's account shall become fully vested. The value of the deceased participant's account shall be distributed to the participant's beneficiary in a lump-sum distribution. Participants, who have a full and permanent disability condition prior to retirement date and, by reasons of the disability, cease employment with the Company, become fully vested in the Plan. Upon a participant's disability, the Trustee shall distribute all amounts credited to the participant's account as though the participant had retired. The Plan allows for distributions upon a participant's separation of employment from the Company. Certain in-service withdrawals are also allowed under the Plan.

A. Description of the Plan – continued

Payment of Benefits – continued

In the event of financial hardship, as defined in the plan description, or where a participant has attained the age of 59 1/2, a participant may elect, while still in the employment of the Company, to withdraw all or part of their vested balance. A participant may receive a hardship withdrawal only after obtaining the maximum number of loans to which they are entitled. Cases of financial hardship are reviewed and approved by the plan administrator in accordance with the applicable provisions of ERISA. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for burial or funeral expenses for the participant's parent, spouse, children or dependents; (4) for the payment of post-secondary tuition expenses; (5) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; or, (6) for certain expenses to repair damage to the participant's principal residence. A participant may elect at any time to withdraw amounts that were contributed to the Plan as a rollover contribution, subject to certain limitations in the plan description.

Forfeitures

Forfeitures from a participant's nonvested account will be used to pay plan expenses or reduce Company matching and profit sharing contributions in the Plan year in which the forfeitures are determined to occur. As of December 31, 2017 there were no forfeited non-vested amounts and as of December 31, 2016, forfeited non-vested amounts totaled $654. Approximately $1,000 and $13,000 were used to fund administrative expenses incurred by the Plan during the years ended December 31, 2017 and 2016, respectively.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

B. Summary of Significant Accounting Policies – continued

Contributions and Contributions Receivable

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses and Administration

Company and participant contributions are held by Charles Schwab Bank as Trustee and managed by Milliman, Inc. as plan administrator, both of which were appointed by the Company. The Trustee invests cash received in accordance with participant's directions, credits interest and dividend income, and makes distributions to participants. Certain administrative fees are paid by the Company. Management and asset fees are paid by the participants.

Subsequent Events

Subsequent events have been evaluated through August 29, 2018, which was the date the financial statements were available to be issued.

C. Fair Value Measurements (Unaudited)

Auditing Standards Codification 820 ("ASC 820"), "Fair Value Measurements" provides a framework for measuring all financial assets and liabilities disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 — Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 — Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions.

The Company uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

C. Fair Value Measurements (Unaudited) – continued

Valuation Techniques

Money market fund. The investment seeks the highest current income consistent with stability of capital and liquidity. The money market fund invests in high-quality short-term money market investments issued by U.S. and foreign issuers, such as commercial paper, certificates deposit and time deposits, variable and floating-rate debt securities, bank notes and bankers' acceptances, repurchase agreements and obligations issued by the U.S. government, agencies or instrumentalities. It seeks to maintain a stable $1 share price. The investment is valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Mutual funds. These investments are public investment vehicles using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2017 and 2016:

	2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 1,069,421	$ -	$ -	$ 1,069,421
Mutual funds	18,999,877	-	-	18,999,877
Total investments at fair value	$20,069,298	$ -	$ -	$20,069,298

	2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 1,212,385	$ -	$ -	$ 1,212,385
Mutual funds	15,416,908	-	-	15,416,908
Total investments at fair value	$16,629,293	$ -	$ -	$16,629,293

D. Information Certified by the Plan's Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2017 and 2016, the total investment income for the years ended December 31, 2017 and 2016, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Income Tax Status

The Plan obtained its latest determination letter dated November 9, 2016, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Charles Schwab Bank. Charles Schwab Bank acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

A. Description of the Plan

The accompanying financial statements include the net assets of the Rangers Baseball 401(k) Savings and Retirement Plan (the "Plan"). The following description of the Plan provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions. The Plan's corporate offices are located in Arlington, Texas.

General

The Plan was formed on September 1, 2010, restated effective January 1, 2015, and is a defined contribution plan covering all eligible employees of Rangers Baseball LLC (the "Company"). The Plan was created as a result of a change in ownership in the Company. Assets attributable to employees under previous ownership were voluntarily rolled over into the current Plan as of September 1, 2010. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 (the "Code"), as amended. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Employees of the Company are automatically enrolled in the Plan upon their date of hire or upon attaining age 21, if later.

Contributions

Participants may contribute up to 100% of their pre-tax or Roth compensation, as defined by the Plan. Participant contributions are subject to the annual deferral limit of Section 401(k) of the Code ($18,000 for 2017 and 2016) plus certain catch-up provisions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company cancelled discretionary employer matching contributions effective January 1, 2011, therefore, there were no matching contributions made during 2017 or 2016. The Company has no intentions to reinstate matching contributions in the near future.

The Company may also make discretionary profit-sharing contributions to the Plan. There were no discretionary profit-sharing contributions for the years ending December 31, 2017 or 2016.

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited or debited with the participant's contribution and withdrawals, as applicable, and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nine mutual funds and a money market fund as investment options for participants.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Participants become 100% vested in Company's profit-sharing contributions after five years of continuous service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of the vested account balance or (b) $50,000 reduced by the highest outstanding loan balance during the twelve month period prior to the date of the new loan. Loan transactions are funded on a prorated basis from the participant's existing accounts and investment funds. Loan terms range from one to five years, unless such loans are used for the purchase of a primary residence, in which the term is up to 15 years. The loans are secured by the balance in the participant's account and bear interest at the prime rate quoted in the Wall Street Journal on the day the loan is requested, plus 1%. As of December 31, 2017, interest rates range from 4.25% to 5.50% and as of December 31 2016 interest rates range from 4.25% to 4.50%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Payment of Benefits

Upon death of a participant prior to normal retirement date, all amounts credited to the participant's account shall become fully vested. The value of the deceased participant's account shall be distributed to the participant's beneficiary in a lump-sum distribution. Participants, who have a full and permanent disability condition prior to retirement date and, by reasons of the disability, cease employment with the Company, become fully vested in the Plan. Upon a participant's disability, the Trustee shall distribute all amounts credited to the participant's account as though the participant had retired. The Plan allows for distributions upon a participant's separation of employment from the Company. Certain in-service withdrawals are also allowed under the Plan.

A. Description of the Plan – continued

Payment of Benefits – continued

In the event of financial hardship, as defined in the plan description, or where a participant has attained the age of 59 1/2, a participant may elect, while still in the employment of the Company, to withdraw all or part of their vested balance. A participant may receive a hardship withdrawal only after obtaining the maximum number of loans to which they are entitled. Cases of financial hardship are reviewed and approved by the plan administrator in accordance with the applicable provisions of ERISA. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for burial or funeral expenses for the participant's parent, spouse, children or dependents; (4) for the payment of post-secondary tuition expenses; (5) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; or, (6) for certain expenses to repair damage to the participant's principal residence. A participant may elect at any time to withdraw amounts that were contributed to the Plan as a rollover contribution, subject to certain limitations in the plan description.

Forfeitures

Forfeitures from a participant's nonvested account will be used to pay plan expenses or reduce Company matching and profit sharing contributions in the Plan year in which the forfeitures are determined to occur. As of December 31, 2017 there were no forfeited non-vested amounts and as of December 31, 2016, forfeited non-vested amounts totaled $654. Approximately $1,000 and $13,000 were used to fund administrative expenses incurred by the Plan during the years ended December 31, 2017 and 2016, respectively.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

B. Summary of Significant Accounting Policies – continued

Contributions and Contributions Receivable

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year-end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses and Administration

Company and participant contributions are held by Charles Schwab Bank as Trustee and managed by Milliman, Inc. as plan administrator, both of which were appointed by the Company. The Trustee invests cash received in accordance with participant's directions, credits interest and dividend income, and makes distributions to participants. Certain administrative fees are paid by the Company. Management and asset fees are paid by the participants.

Subsequent Events

Subsequent events have been evaluated through August 29, 2018, which was the date the financial statements were available to be issued.

C. Fair Value Measurements (Unaudited)

Auditing Standards Codification 820 ("ASC 820"), "Fair Value Measurements" provides a framework for measuring all financial assets and liabilities disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 — Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 — Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions.

The Company uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

C. Fair Value Measurements (Unaudited) – continued

Valuation Techniques

Money market fund. The investment seeks the highest current income consistent with stability of capital and liquidity. The money market fund invests in high-quality short-term money market investments issued by U.S. and foreign issuers, such as commercial paper, certificates deposit and time deposits, variable and floating-rate debt securities, bank notes and bankers' acceptances, repurchase agreements and obligations issued by the U.S. government, agencies or instrumentalities. It seeks to maintain a stable $1 share price. The investment is valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Mutual funds. These investments are public investment vehicles using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2017 and 2016:

	2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 1,069,421	$ -	$ -	$ 1,069,421
Mutual funds	18,999,877	-	-	18,999,877
Total investments at fair value	$20,069,298	$ -	$ -	$20,069,298

	2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 1,212,385	$ -	$ -	$ 1,212,385
Mutual funds	15,416,908	-	-	15,416,908
Total investments at fair value	$16,629,293	$ -	$ -	$16,629,293

D. Information Certified by the Plan's Trustee

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2017 and 2016, the total investment income for the years ended December 31, 2017 and 2016, and all information included in the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

E. Income Tax Status

The Plan obtained its latest determination letter dated November 9, 2016, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Charles Schwab Bank. Charles Schwab Bank acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.
