Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The JKB Management, Inc. Retirement Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2016 Financial Statements

Our responsibility is to express an opinion on the 2016 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2016 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2016 Financial Statements

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing the information with the related information included in the 2016 financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian, as of and for the year ended December 31, 2016, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2016 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2016 Financial Statements paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements.

Plan Administrator
The JKB Management, Inc. Retirement Plan and Trust

Report on Form and Content in Compliance with DOL Rules and Regulations for the 2016 Financial Statements

The form and content of the information included in the 2016 financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Other Matter – Report on 2015 Financial Statement

Plan management is responsible for the accompanying statement of net assets available for benefits of the Plan as of December 31, 2015 in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with *Statements of Standards for Accounting and Review Services* promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review this financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

Correction of Error

As described in Note 9 to the financial statements, an error resulting in the overstatement of net assets available for benefits as of December 31, 2016, and for the year then ended, was discovered by Plan management subsequent to the issuance of the December 31, 2016, financial statements. Accordingly, net assets available for benefits have been restated in these financial statements to reflect the Plan Sponsor electing to merge this Plan into the ROA 401(k) Plan, a multiple employer plan, effective January 1, 2017. As a result, all assets of the Plan were transferred out on December 31, 2016. Our opinion was not modified with respect to this matter.

Notes to Financial Statements

December 31, 2016

1. Description of the Plan

The following description of The JKB Management, Inc. Retirement Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to eligible employees of JKB Management, Inc. (the “Plan Sponsor”). Participation in the Plan is strictly voluntary, and employees can elect to participate after attaining age 21 and completing one year of eligible service. Newly eligible participants are automatically enrolled in the Plan with a deferral election of 3% of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to John Hancock Life Insurance Company (U.S.A.) (“John Hancock”), the custodian, and Trinity Pension Consultants, Inc., the third-party administrator.

The Plan Sponsor elected to merge this Plan with the ROA 401(k) Plan, a multiple employer plan, effective January 1, 2017. As a result, all assets of the Plan were transferred out on December 31, 2016.

Contributions

Participating employees may defer 401(k) contributions up to 100% of their pre-tax annual compensation, as defined in the Plan, subject to the Internal Revenue Service (“IRS”) limitations. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). There were no participant rollovers to the Plan during 2016. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants can change the investment options previously elected at any time.

The Plan Sponsor may make discretionary matching contributions to the Plan. For 2016, the Plan Sponsor elected to make discretionary matching contributions equal to 10% of the employee’s deferral. The Plan Sponsor may also make discretionary employer, qualified nonelective and qualified matching contributions to the Plan. During 2016, the Plan Sponsor did not make any such discretionary contributions.

Participant contributions to the Plan are made through periodic payroll deductions. Both the participant contributions and the Plan Sponsor discretionary matching contributions are remitted to John Hancock, after each payroll. Discretionary employer, qualified nonelective and qualified matching contributions, if any, are remitted at such times as determined by the Plan Sponsor. Receivables from the Plan Sponsor for contributions are unsecured.

The JKB Management, Inc. Retirement Plan and Trust

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary matching, employer, qualified nonelective and qualified matching contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, discretionary matching, employer, qualified nonelective and qualified matching contributions plus actual earnings on these contributions.

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$5,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

2. Significant Accounting Policies

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis, as are annual returns filed under applicable provisions of ERISA and the Internal Revenue Code ("IRC").

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The JKB Management, Inc. Retirement Plan and Trust

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by John Hancock. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses paid by the Plan sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

In preparation of the accompanying financial statements, subsequent events that have occurred since the statement of net assets available for benefits date have been evaluated through August 28, 2018, the date the financial statements were available for issuance.

Subsequent to December 31, 2016, through August 15, 2018, benefit payments totaling approximately \$282,000 have been distributed from the Plan.

The JKB Management, Inc. Retirement Plan and Trust

Notes to Financial Statements (continued)

3. Certified Information (Unaudited)

John Hancock holds the Plan's investment assets and executes transactions therein. Financial information relating to those investment assets is included in the accompanying financial statements based on information supplied to the Plan administrator and certified as complete and accurate by John Hancock. That information, which has not been audited by independent auditors, is summarized below.

The fair value of investments is \$-0- and \$1,079,305 as of December 31, 2016 and 2015, respectively. Net appreciation in investments totaled \$77,195 in 2016.

Fees paid by the Plan to parties-in-interest totaled \$3,110 in 2016.

The Plan has one investment representing greater than 20% of net assets available for benefits as of December 31, 2015.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The JKB Management, Inc. Retirement Plan and Trust

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value, which have not changed during 2016 or 2015:

Pooled Separate Accounts: Valued daily using publicly available quoted market prices of the underlying investments held by the pooled separate account at year-end.

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ —	\$1,079,305	\$ —	\$1,079,305

5. Related Party Transactions and Party-in-Interest Transactions

Plan investments are in accounts of John Hancock Life Insurance Company (U.S.A.), the custodian, and therefore, these transactions qualify as party-in-interest transactions. Related party transactions include contributions from the Plan Sponsor.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Income Tax Status

The Plan adopted a volume submitter plan which had received an advisory letter dated March 31, 2014, from the IRS which stated the plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

The JKB Management, Inc. Retirement Plan and Trust

Notes to Financial Statements (continued)

9. Correction of Error / Transfer to Multiple Employer Plan

Subsequent to the issuance of the Plan's financial statements as of and for the year ended December 31, 2016, Plan management identified an error in the effective date of the transfer of the Plan's assets to the ROA 401(k) Plan, a multiple employer plan. The transfer was effective January 1, 2017, and all assets of the Plan totaling \$1,076,934 were transferred out on December 31, 2016. The error resulted in an overstatement of net assets available for benefits as of December 31, 2016. The accompanying statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, have been restated to correct this error.
