NOTE 1 – DESCRIPTION OF PLAN

The following description of the Mervis Industries, Inc. Profit Sharing & 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit sharing plan that covers substantially all employees of Mervis Industries, Inc. and Illini Castings, LLC (the "Company" and the "Sponsor") who are 18 years of age and have provided at least four months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The administrative committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Employees participating in the Plan may contribute up to the lesser of 90% of their eligible compensation or the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified plans. Eligible participants may make catch-up contributions to the Plan. Each year, the Company may elect to make safe harbor contributions equal to 3% of each participant's eligible compensation. The safe harbor contributions for the year ended December 31, 2017 were $324,342. Additionally, each year the Company has the option of making a discretionary profit sharing contribution. There was no discretionary profit sharing contribution for the year ended December 31, 2017. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and their portion of Company contributions into the various investment options offered by the Plan. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants. Participants may change their investment options at any time.

Vesting: Participants are immediately vested in their voluntary contributions and employer safe-harbor contributions plus actual earnings thereon. Benefits of employer discretionary contributions are fully vested after five years of service.

Benefits: A participant is entitled to 100% of his or her account balance due to retirement, death, disability or other reasons. Upon termination of service, participants may elect to receive an amount equal to the value of his or her account as a lump sum distribution (in the form of cash or a rollover), part lump sum and part installments, or in equal payments based upon their life expectancy. Upon the death of a participant, any applicable benefits are payable to the participant's beneficiary.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to 50% of their vested account balance with a maximum of $50,000. Loan transactions are treated as transfers from (to) the investment fund to (from) the loan fund. Loan terms range from 1 – 5 years. The loans are secured by the balance in the participant's account and bear interest ranging from 3.25% to 5.25%. Principal and interest is paid ratably through payroll deductions.

(Continued)

NOTE 1 – **DESCRIPTION OF PLAN** (Continued)

Forfeitures: During 2017, no forfeitures of terminated participants' nonvested accounts were used to pay administrative expenses. At December 31, 2017 and 2016, there were $5,338 and $2,958 of forfeitures available to pay administrative expenses and then reduce future employer contributions.

Benefits Allocable to Withdrawn Participants: At December 31, 2017 and 2016, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Risks and Uncertainties: The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date. The units of pooled separate accounts are stated at net asset value (NAV) as determined by the issuer of the account based on the value of the underlying investments. Individual participant accounts invested in pooled separate accounts are maintained on a unit value basis. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Plan Expenses: Certain expenses for the administration of the Plan are paid by the Company and are not reflected in these financial statements. Fees related to the administration of investments and notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Other investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risk: Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

NOTE 3 – **INVESTMENTS - UNAUDITED INFORMATION**

At December 31, 2017 and 2016, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, held the Plan's investment assets. Substantially all information pertaining to investments included in the financial statements has been certified by them as complete and accurate in accordance with Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. This information has not been audited by independent accountants.

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2017 was certified by the trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and gives the lowest priority to unobservable inputs (level 3). The three levels of input within the fair value hierarchy are defined as follows:

Level l: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs form multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective trust fund: Common collective trusts that are composed of securities and are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Practical transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below as of December 31:

* In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – INVESTMENTS MEASURED USING THE NET ASSET VALUE (NAV) PER SHARE PRACTICAL EXPEDIENT

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

	Fair Value Estimated Using Net Asset Value per Share At December 31, 2017			
	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions
Common/collective trusts	$ 159,354	None	Daily	None

	Fair Value Estimated Using Net Asset Value per Share At December 31, 2016			
	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions
Common/collective trusts	$ 49,732	None	Daily	None

NOTE 6 – PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity, trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to Fidelity Investments Institutional for $29,926 for record keeping services, which were not covered by revenue sharing for the year ended December 31, 2017. The Plan also paid $25,325 in direct fees to Mesirow Financial for advisory fees. The Plan Sponsor pays directly any other fees related to the Plan's operations.

An employee of the Company serves as the plan administrator of the Plan and members of the administrative committee are currently participants in the Plan.

(Continued)

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – TAX STATUS

The Plan adopted the Fidelity Volume Submitter Profit Sharing Plan with CODA, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014. Although the Plan has been amended since receiving the opinion letter, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.
