NOTE 1. PLAN DESCRIPTION

The following description of the Bunim-Murray Productions 401(k) Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees who are employed by Bunim-Murray Productions, LLC (the "Company" and the "Plan Sponsor") and have completed 1,000 hours within a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). The Plan also includes an automatic enrollment provision that eligible employees are automatically enrolled at a deferral rate of four percent of eligible compensation. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

For the year ended December 31, 2017, the Company made corrective contributions of $1,185 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company corrective contributions as well as allocations of Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their entire account balance.

Forfeitures

Forfeitures arise from correction of employee contributions and may be used to pay Plan administrative expenses. During the year ended December 31, 2017, forfeitures of $10,845 were used to pay Plan administrative expenses. As of December 31, 2017, forfeitures of $3,179 are available for future use.

Payment of Benefits

When eligible, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, as defined in the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Transamerica Life Insurance Company (the "Custodian" or "Transamerica").

Recent Accounting Pronouncement

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. ASU 2015-07 is effective for plan years beginning after December 15, 2016 and requires retrospective application. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the net asset value per share practical expedient from the fair value hierarchy level classification as of December 31, 2017 and 2016.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Benefits Payable to Participants

Benefits are recorded when paid.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction, approximately 48 percent of the Plan's net assets are invested in the American Funds Balanced Retirement Option Fund.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses (Continued)

According to the Expense Plan Account ("EPA") agreement between the Company and Transamerica, Transamerica is required to make monthly contributions to the EPA that ranged from 0.05 percent to 0.50 percent of the total assets under the contract. The funds in the EPA may be used to pay Plan administrative expenses during the year. During the year ended December 31, 2017, Transamerica contributed $39,770 to the EPA and paid $33,603 in Plan administrative expenses. As of December 31, 2017, the balance in the EPA is $11,334.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

Pooled Separate Accounts – Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The PSAs do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

All of the Plan's investments measured at fair value are measured at NAV as a practical expedient and the following table sets forth the Plan's investments at fair value as of December 31:

	2017	2016
PSAs	$ 8,959,897	$ 6,350,149
Total investments at fair value	$ 8,959,897	$ 6,350,149

NOTE 3. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and contract value, as shown in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.

b. Net appreciation of investments and interest income on investments as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.

c. Investments and the fully benefit-responsive investment contract as of December 31, 2017 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a traditional investment contract with Transamerica that meets the fully benefit-responsive investment contract criteria. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Because the Transamerica Stable Value Advantage Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Transamerica or otherwise. The crediting interest rate is based on a formula agreed upon with Transamerica but may not be less than zero. Such interest rates are reset on a semi-annual basis.

Certain events limit the ability of the Plan to transact at contract value with Transamerica, such as a significant decline in the credit worthiness of Transamerica. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6. TAX STATUS

The Company adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

The Custodian of the Plan holds and manages investments. Transactions with the Custodian qualify as party-in-interest transactions for which exemptions exist. Transamerica received direct fees of $5,742 for administration and transaction fees paid through the Plan and received indirect compensation. The third party administrator received direct and indirect compensation of $825 and $3,977 respectively. In addition, the Company utilizes an investment advisor that received direct compensation of $37,881.

NOTE 8. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 10, 2018, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective January 1, 2018, auto enrollment increased from four percent to six percent of eligible compensation.
