### **1. Description of the Plan**

The following description of the Cook-DuPage Transportation Company, Inc. ("Company") Profit Sharing and 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### ***General***

On July 1, 2017, 100% of the Company's common stock was sold to National Express LLC. As of the date of issuance of the financial statements, no decision has been made to merge the Plan with the National Express LLC plan.

The Plan is a defined contribution plan covering all employees of the Company, who have one year of service with the Company and are age 21 or older. Employees meeting these criteria may enter the Plan on the first day of each quarter provided they were entitled to compensation for at least 1,000 hours of employment during their first employment year. If an employee does not meet the 1,000 hour requirement during their initial year of employment, they will be eligible to participate in the Plan on the next enrollment date following the completion of 1,000 hours of service in a Plan year. The Plan is subject to the provisions of Employee Retirement and Income Security Act of 1974 ("ERISA").

#### ***Contributions***

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). The Plan provides for discretionary Company matching contributions based on the amount of compensation that a participant contributes to the Plan. For the year ended December 31, 2017, the Company matched 100% of the lesser of 1% of gross compensation or one-third of the participant's 401(k) deferral. For any Plan year, the Company may also elect to make an additional discretionary non-elective contribution to the Plan. Participants must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year in order to receive any discretionary non-elective contribution. However, if a participant terminates employment due to death, disability or attainment of their normal retirement age as defined in the Plan, they are eligible to receive the discretionary non-elective contribution regardless of employment status or hours worked during the Plan year. The Company did not elect to make any such additional discretionary non-elective contributions to the Plan for the year ended December 31, 2017. Contributions are subject to Internal Revenue Code ("IRC") limitations. Participants direct the investment of their contribution and Company contributions into various investment options offered by the Plan.

#### ***Participants' Accounts***

Each participant's account is credited with the participant's contributions, discretionary Company matching contributions, and allocations of (a) any Company discretionary non-elective contributions and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Notes to Financial Statements**

### ***Vesting***

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100% vested after six years of credited service.

### ***Notes Receivable from Participants***

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may have only one outstanding loan at any given time. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Interest rates on current outstanding loans range from 4.25% to 5.5% at both December 31, 2017 and 2016. Principal and interest are paid ratably through payroll deductions.

### ***Payment of Benefits***

On termination of service due to death, disability, retirement, attainment of 59½, or separation from employment, a participant may elect to receive vested benefits in the form of a lump-sum amount, installment payments or ad hoc distributions as defined by the Plan. If the account balance exceeds \$1,000, a terminated participant may elect to postpone the distribution of the account balance to a later date subject to limitations by law related to the attainment of age 70½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

### ***Forfeited Accounts***

As of December 31, 2017 and 2016, forfeitures are immaterial to the Plan and are generally used to reduce future Company contributions, but can also be allocated as additional Company contributions or used to pay administrative expenses of the Plan.

### ***Subsequent Events***

The Plan has evaluated subsequent events through August 13, 2018, the date the financial statements were available to be issued.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

# **Cook-DuPage Transportation Company, Inc. Profit Sharing and 401(k) Savings Plan**

## **Notes to Financial Statements**

---

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### ***Payment of Benefits***

Benefits are recorded when paid.

### ***Administrative Expenses***

Certain expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

## **3. Fair Value Measurements**

Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

# Cook-DuPage Transportation Company, Inc. Profit Sharing and 401(k) Savings Plan

## Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability,
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Registered Investment Companies:* Valued at the daily closing prices as reported by the fund. Registered investment companies held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

|                                   | Investments at Fair Value<br>as of December 31, 2017 |             |             |           | Total            |

### 4. Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2017 and 2016, and for the year ended December 31, 2017. Accordingly, the Plan's custodian, Reliance Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- a. Investments and notes receivable from participants, as shown in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- b. Investment income and interest income on notes receivable from participants, as shown in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- c. Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information provided by the custodian, to the related information included in the financial statements and supplemental schedule.

### 5. Related-Party and Party-In-Interest Transactions

Plan investments are managed by Reliance Trust Company, the custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

### 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

### **7. Tax Status**

The Plan adopted a volume submitter plan from HPL&S, Inc., which received an opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014 stating that the volume submitter plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the letter, the Plan Administrator believes that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

### **8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
