KD CONSTRUCTION OF FLORIDA, INC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the KD Construction of Florida, Inc. ("KD") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of KD who have at least one year of service to KD and have attained the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed on January 1, 2007. In January 2017, the plan was amended to exclude truck allowances and bonuses from compensation for purposes of computing plan contributions.

Plan Administration - The Board of Directors of KD administers the Plan. The Plan's trustees are officers of KD. The investment manager and custodian, which direct the custody and management of the Plan's assets, is Voya Retirement Insurance and Annuity Company ("Voya"). Voya held custody of the Plan's investment assets as of December 31, 2017. During the year ended December 31, 2017 the Plan's investment assets were transferred from the prior custodian, Ohio National Life Insurance Company to Voya, and as such Ohio National Life Insurance Company held custody of the Plan's investment assets as of December 31, 2016.

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, and is subject to limitations defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions (rollovers) from other qualified plans. For employees who contribute to the plan, the Company is required to make a safe harbor matching contribution equal to 100% of the first 3% of compensation plus 50% of the next 2% of compensation. The Company may, at its sole discretion, make a Profit Sharing Contribution.

Participants' Accounts - Each participant's account is credited with participant's contribution, the employer's matching contribution and Plan earnings. In addition, participant accounts are credited with an allocation of employer profit sharing contributions (if any) and forfeitures of terminated participants' non-vested accounts. Allocations are based upon an eligible participant's relative compensation.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based upon years of continuous service. A participant becomes 100% vested after six (6) years of credited service.

Administrative Expenses - The Plan administrator has elected to pay most administrative costs associated with Plan operations and compliance.

Payments of Benefits - Upon retirement, disability, or termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account

Investment Options - The Plan is intended to satisfy the requirements under Section 404(c) of ERISA and, therefore, provides that participants may choose to direct their contributions and/or all or part of their account balances among any of the Plan's various investment alternatives.

NOTE 1 - DESCRIPTION OF THE PLAN *(continued)*

Forfeited Accounts - For the year ended December 31, 2017 the forfeited non-vested account balances was $992 . Forfeitures, if they occur, will be used to reduce future employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value which are derived from quoted market prices, if available, of a national securities exchange on the last business day of the year. Investment options that do not have readily available market quotations (if any) are valued according to quotations from the custodian. Purchases and sales of securities are recorded on a trade-date basis.

The Company bases its fair value of investments on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fair Value Measurements Topic of the FASB Accounting Standards Codification (formerly SFAS 157) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to measurements involving significant unobservable inputs. It is the Company's policy to maximize the use of observable inputs.

Fair value measurements for assets with limited or no observable market data may not be realized in an actual sale or immediate settlement of the asset or liability. The three levels of the fair value hierarchy are as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the assets or liability, in either active or inactive markets.

Level 3 inputs are unobservable inputs for the asset or liability. These values are determined primarily using predictive estimates on the values and underlying assumptions market participants would utilize in pricing the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair-value measurement.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES *(continued)*

Payment of Benefits – Benefits (if any) are recorded when paid.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Assets Available for Benefits.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian (Voya) certified that the data included in the accompanying financial statements and supplemental schedule is complete and accurate. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

As of December 31, 2017, the Plan's investments were held by Voya in various funds. A summary of the Plan's investments is provided below:

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN *(continued)*

Voya and Ohio National also certified to the completeness and accuracy of $153,436 of net appreciation in fair value of investments, which includes earnings related to the aforementioned investments for the year ended December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits except for benefit-responsive contracts, which are reported at contract value and are believed to be an appropriate determination of fair value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of December 31, 2017

	Fair Value	Level 1	Level 2	Level 3
Insurance company general funds	$ 992	$ -	$ 992	$ -

Total Investments, at Fair Value	$ 698,683		$ 698,674	$ 9	$ -

** *All investments held with Voya are certified as complete and accurate.*

NOTE 5 – FAIR VALUE MEASUREMENTS *(continued)*

Level 1 inputs – Mutual Funds: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

Level 2 inputs – General Accounts: The value of its underlying assets of the insurance company, such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value of the pooled separate accounts.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company ("Voya"). Voya is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. However, they are not considered prohibited transactions in accordance with appropriate ERISA exceptions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has held the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The Plan has adopted the Standardized Profit Sharing Participation Agreement Master Plan, utilized by the investment custodian, Voya, which is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving its last IRS determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plans financial statements.

NOTE 10 – SUBSEQUENT EVENTS

The Company evaluated subsequent events through August 21, 2018, 2018, the date these financial statements were available to be issued, for both conditions existing and not existing as of August 21, 2018, and concluded there were no subsequent events to recognize or disclose.
