To the Plan Administrator of the
Gray Metal Products, Inc. 401(k) Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Gray Metal Products, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transaction. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2016 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Gray Metal Products, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established to provide retirement benefits for the employees of Gray Metal Products, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor and the administrator of the Plan. ADP Retirement Services (ADP) is the Plan's third-party administrator and provides recordkeeping services to the Plan. Reliance Trust Company (Reliance) is the trustee of the Plan's assets.

Eligibility

Individuals become eligible to participate in the Plan after attainment of age 21.

Contributions

Participants may contribute any amount of their pre-tax compensation to the Plan, subject to a 1% minimum and 88% maximum, limited to the maximum annual limitations by the Internal Revenue Code (IRC). The Company makes matching contributions on behalf of the Plan's participants. The Company matches 25% of employee contributions up to a maximum of 5% of their eligible compensation. The Plan also has provisions, whereby the Company, at its discretion, has the option to make non-elective contributions to the accounts of all eligible participants. Such allocations are made in proportion to the eligible participants' earnings compared to all of the eligible earnings of the other employees who also share in the contribution. The Company made no discretionary contributions during the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) actual earnings/losses thereon. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, earnings and any rollover contributions. Participants become vested in their Company's matching and other contributions based upon years of vesting services, as defined in the Plan, as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures of non-vested accounts are used to pay any administrative expenses of the Plan or to reduce the Company's matching and discretionary contributions. Forfeitures used to reduce employer matching contributions totaled $1,149 and $998 in 2017 and 2016, respectively. Forfeitures available to reduce future employer matching contributions and administrative expenses totaled $10 at both December 31, 2017 and 2016.

Administrative Expenses

The majority of the Plan's administrative expenses are paid by the Company.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal, plus two (2) percentage points. Expenses associated with initiating and maintaining notes receivable are paid by the individual participants.

Hardship Withdrawals

Hardship withdrawals are permitted from the Plan from the participant's pre-tax elective deferral account.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants receive a distribution of their vested account balances. Participants can elect a lump sum payment or installment payments.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, all participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their values could occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information was certified as accurate and complete by Reliance as of and for the years ended December 31, 2017 and 2016, respectively:

	2017	2016
Investments, at fair value	$ 1,814,421	$ 1,544,781
Notes receivable from participants	$ 128,185	$ 116,679
Investment income	$ 171,575	$ 82,053
Interest on notes receivable from participants	$ 6,192	$ 5,502
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,507,728	$ -	$ -	$ 1,507,728
Common collective trusts, measured at net asset value				306,693
				$1,814,421

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,262,317	$ -	$ -	$1,262,317
Common collective trusts, measured at net asset value				282,464
				$1,544,781

In 2016, the Plan adopted the Accounting Standards Update (ASU) 2015-07, which removed the requirements to categorize NAV investments within the fair value hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds: Valued at fair value based on quoted market prices in active markets.

Common collective trusts: Valued at net asset value based on the underlying assets of the trusts' investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan is invested in common collective trusts that calculate net asset value on a daily basis. Units are issued and redeemed as of the end of each day at the daily net asset value. The trusts' primary investment objectives are to seek income while preserving principal and provide daily liquidity at contract value for participant withdrawals and transfers.

Redemptions are generally restricted to processing on a valuation date at the daily net asset value per unit computed on that date. Trust units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the trusts. The funds do not have any unfunded commitments.

5. RECONCILIATION TO FORM 5500

Net assets available for benefits agree between the financial statements and Form 5500 as of December 31, 2017 and 2016, respectively.

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500 at December 31:

	2017	2016
Change in net assets available for benefits, per the financial statements	$ 281,208	$ 125,013
Change in adjustment from NAV to Form 5500 fair value for stable value CCT	-	(1,063)
Change in net assets available for benefits, per Form 5500	$ 281,208	$ 123,950

6. TAX STATUS

The Plan is designed from a prototype plan offered by ADP. The Internal Revenue Service has determined and informed ADP, by letter dated March 31, 2008, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 23, 2018, which is the date the financial statements were available to be issued.

1. DESCRIPTION OF PLAN

The following description of the Gray Metal Products, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established to provide retirement benefits for the employees of Gray Metal Products, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor and the administrator of the Plan. ADP Retirement Services (ADP) is the Plan's third-party administrator and provides recordkeeping services to the Plan. Reliance Trust Company (Reliance) is the trustee of the Plan's assets.

Eligibility

Individuals become eligible to participate in the Plan after attainment of age 21.

Contributions

Participants may contribute any amount of their pre-tax compensation to the Plan, subject to a 1% minimum and 88% maximum, limited to the maximum annual limitations by the Internal Revenue Code (IRC). The Company makes matching contributions on behalf of the Plan's participants. The Company matches 25% of employee contributions up to a maximum of 5% of their eligible compensation. The Plan also has provisions, whereby the Company, at its discretion, has the option to make non-elective contributions to the accounts of all eligible participants. Such allocations are made in proportion to the eligible participants' earnings compared to all of the eligible earnings of the other employees who also share in the contribution. The Company made no discretionary contributions during the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) actual earnings/losses thereon. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, earnings and any rollover contributions. Participants become vested in their Company's matching and other contributions based upon years of vesting services, as defined in the Plan, as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures of non-vested accounts are used to pay any administrative expenses of the Plan or to reduce the Company's matching and discretionary contributions. Forfeitures used to reduce employer matching contributions totaled $1,149 and $998 in 2017 and 2016, respectively. Forfeitures available to reduce future employer matching contributions and administrative expenses totaled $10 at both December 31, 2017 and 2016.

Administrative Expenses

The majority of the Plan's administrative expenses are paid by the Company.

Notes Receivable from Participants

Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal, plus two (2) percentage points. Expenses associated with initiating and maintaining notes receivable are paid by the individual participants.

Hardship Withdrawals

Hardship withdrawals are permitted from the Plan from the participant's pre-tax elective deferral account.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants receive a distribution of their vested account balances. Participants can elect a lump sum payment or installment payments.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, all participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their values could occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information was certified as accurate and complete by Reliance as of and for the years ended December 31, 2017 and 2016, respectively:

	2017	2016
Investments, at fair value	$ 1,814,421	$ 1,544,781
Notes receivable from participants	$ 128,185	$ 116,679
Investment income	$ 171,575	$ 82,053
Interest on notes receivable from participants	$ 6,192	$ 5,502
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,507,728	$ -	$ -	$ 1,507,728
Common collective trusts, measured at net asset value				306,693
				$1,814,421

4. FAIR VALUE MEASUREMENTS (Continued)

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$1,262,317	$ -	$ -	$1,262,317
Common collective trusts, measured at net asset value				282,464
				$1,544,781

In 2016, the Plan adopted the Accounting Standards Update (ASU) 2015-07, which removed the requirements to categorize NAV investments within the fair value hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds: Valued at fair value based on quoted market prices in active markets.

Common collective trusts: Valued at net asset value based on the underlying assets of the trusts' investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan is invested in common collective trusts that calculate net asset value on a daily basis. Units are issued and redeemed as of the end of each day at the daily net asset value. The trusts' primary investment objectives are to seek income while preserving principal and provide daily liquidity at contract value for participant withdrawals and transfers.

Redemptions are generally restricted to processing on a valuation date at the daily net asset value per unit computed on that date. Trust units may be redeemed on a daily basis to meet benefit payments and other participant-initiated withdrawals permitted by retirement plans invested in the trusts. The funds do not have any unfunded commitments.

5. RECONCILIATION TO FORM 5500

Net assets available for benefits agree between the financial statements and Form 5500 as of December 31, 2017 and 2016, respectively.

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500 at December 31:

	2017	2016
Change in net assets available for benefits, per the financial statements	$ 281,208	$ 125,013
Change in adjustment from NAV to Form 5500 fair value for stable value CCT	-	(1,063)
Change in net assets available for benefits, per Form 5500	$ 281,208	$ 123,950

6. TAX STATUS

The Plan is designed from a prototype plan offered by ADP. The Internal Revenue Service has determined and informed ADP, by letter dated March 31, 2008, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 23, 2018, which is the date the financial statements were available to be issued.
