The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Generally, an employee is eligible to participate in the Plan, for purposes of making voluntary salary deferral contributions, upon attaining age 18 and completing 30 days of service. The Plan excludes interns and temporary employees until they achieve 1,000 hours of service. Plan entry dates are January 1, April 1, July 1 or October 1 following the date eligibility requirements are met. An employee is eligible to participate in matching and profit sharing contributions, at the quarterly entry dates, upon completion of one year of service. A year of service is defined as the first twelve consecutive months of employment in which the employee has been credited with 1,000 or more hours of service.

Participant Contributions

Participants may contribute any portion of their annual compensation into a pre-tax deferral account and/or an after-tax Roth account, subject to the limits allowable under the IRC. Participants may also contribute amounts representing rollover distributions from other qualified plans.

Company Contributions

The Company provided a discretionary matching contribution of 25% of the first 12% of salary contributed for all non-highly compensated employees. Highly compensated employees are provided a discretionary matching contribution of 25% of the first 8% of salary contributed to the Plan. The Company may also provide a discretionary profit sharing contribution; however, no such contribution was made or declared for the period presented.

Note A Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and allocations of (a) the Company's profit sharing contributions and (b) Plan earnings. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. As permitted under the Plan, participants are able to invest their account balance in the investment alternatives offered by the Plan in the portions they select. Plan participants may also choose to invest in publicly traded funds through a self-directed brokerage account also held by Charles Schwab. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. Loans may not be made for less than $1,000 and may not exceed the lessor of $50,000 reduced by the highest outstanding loan balance in the previous 12 months or 50% of a participant's vested balance. Loan transactions are treated as a transfer from (to) the investment fund to (from) the loan fund. Loan repayment periods may not exceed five years. However, loans that are used to purchase a participant's personal residence may be repaid over a period not to exceed ten years. The interest rate for loans is a reasonable rate of interest to be determined based on current interest rates.

Vesting and Forfeitures

Participants are 100% vested in their salary reduction and rollover accounts plus actual earnings thereon. Vesting in the Company matching contributions, is achieved as follows:

Completed Years of Qualified Service	Vesting Percentage
Less than 1	0%
1 or more	33%
2 or more	66%
3 or more	100%

A year of qualified service, for vesting purposes, starts with a participants' hire date and consists of a consecutive twelve month period in each Plan year in which 1,000 or more hours of service are completed. Non-vested balances of employees who terminate prior to becoming fully vested are forfeited and utilized by the Company to reduce matching contributions. Non-vested forfeited account balances at December 31, 2017 and 2016 were $662 and $1,776, respectively. Forfeitures of $1,776 were used by the Company during 2017 to pay matching contributions.

Note A Description of the Plan (continued)

Distributions

Distribution from a participant's account is generally made upon termination of employment, death, disability or retirement. Participants or their beneficiary may receive payment in the form of a lump-sum distribution, rollover to IRA accounts, or rollover to another qualified plan. Generally, distributions made during a participant's employment are limited to hardship distributions, attainment of age 59½ or an in-service distribution of a rollover account at any time. If a participant's account at termination is $1,000 or less, the Company may distribute the account balance in one lump sum without prior approval of the participant.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the company are excluded from these financial statements. Fees related to the administration of loans and self-directed brokerage accounts are deducted from participant accounts and are included in administrative expenses. All other administrative expenses are paid directly by the Company.

Certain investment management fees and other charges paid to the trustee are offset against fund performance in the net appreciation section of the statement of changes in net assets available for benefits and are not, therefore, separately reflected as investment expenses. The Plan utilizes a reimbursement spending account to collect third party investment management fees from investment earnings. If the revenue received, net of fee payments, exceeds a threshold, the excess is refunded to the Plan and allocated to participants on an annual basis. Fees totaling $46,783 were paid from this account in 2017.

Plan Termination Provision

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participant accounts become fully vested and nonforfeitable.

Note B Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are reported on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value which is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note E for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The realized gain or loss on investments is included with unrealized appreciation or depreciation in the current value of investments.

Note B Summary of Significant Accounting Policies (continued)

Reclassifications

Certain accounts from the prior year may have been reclassified to conform to the current year presentation.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan payments and the loan is deemed to be in default, the participant loan balance is reduced and a distribution is recorded.

Date of Management's Review

Subsequent events were evaluated by management through July 23, 2018, which is the date the financial statements were available to be issued.

Note C Certified Investment Information

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2017 and 2016 and net appreciation (depreciation) in fair value of investments, interest and dividend income and investment expenses for the year ended December 31, 2017, were obtained or derived from information provided to the Plan administrator and certified as complete and accurate by the trustee, Charles Schwab Bank.

Note D Income Tax Status

The Internal Revenue Service has determined and informed the Company in a letter dated June 19, 2014, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan continues to be qualified, and the related Trust continues to be tax-exempt, as of the date of these financial statements. The Plan may be subject to routine audits by taxing jurisdictions generally for a period of three years from filing its Form 5500.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note E Fair Value Measurements

FASB ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include a) quoted prices in active markets for similar assets b) quoted prices in inactive markets for similar assets c) inputs other than quoted prices that are observable for the asset or d) inputs that are derived primarily from observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value.

Note E Fair Value Measurements (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock (held in self-directed brokerage accounts): Valued at the closing price reported in the active market in which the individual securities are traded.

Common collective trusts: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchase and sales) may occur daily.

Stable value collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. Since the NAV is a readily determinable value, it is included in the fair value hierarchy table.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2017:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 38,898,335	$ -	$ -	$ 38,898,335

Investments at fair value	$ 40,136,157	$ 6,730,755	$ -	$ 46,866,912

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2016:

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 30,404,759	$ -	$ -	$ 30,404,759

Investments at fair value	$ 31,626,674	$ 7,115,658	$ -	$ 38,742,332

Note F Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments and notes receivable from participants are managed by Charles Schwab; therefore, these transactions are considered to be exempt party-in-interest transactions. Administrative expenses paid by the Plan to Charles Schwab qualify as party-in-interest transactions.

Note G Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note H Pending Retroactive Plan Amendment

The Company applied for IRS approval of a retroactive plan amendment to formalize the Company's practice of excluding non-cash taxable compensation, including group term life and domestic partner insurance premiums, from compensation to be considered for plan contribution purposes. The Company has not received a response from the IRS as of the date the financial statements were available to be issued.
