Notes to Financial Statement
December 31, 2017 and 2016

Note 1 - Description of Plan

The following description of the Vista Products Retirement Salary Savings Plan ("The Plan") provides only general information. Participants should refer to The Plan agreement for a more complete description of The Plan's provisions.

General

The Plan is a defined contribution retirement plan as described by Internal Revenue Code Section 401. The Plan covers all employees of Vista Products, Inc. ("The Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 15% of pre-tax annual compensation, as defined in The Plan. The Company contributes 50% of the first 4% of base compensation that a participant contributes to The Plan. Participants may also contribute, at the discretion of the administrator, "rollover" contributions from other qualified plans. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) The Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. Forfeited balances of terminated participant's non-vested accounts are used to pay administrative costs of The Plan.

Vesting

Participants are immediately 100% vested in their contributions plus earnings thereon. Vesting in The Company's matching portion of their contributions is based on the number of years of service as follows:

0-1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6+ years	100%

Notes to Financial Statements
December 31, 2017 and 2016

Investment Options

Upon enrollment in The Plan, a participant may direct employee contributions in any of twenty-one investment funds as permitted by the Administrator. These investment funds are invested in varying degrees, in stocks, bonds and mutual fund shares. Participants may change their investment options at specific dates as determined by the Administrator.

Payment of Benefit

On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or a life annuity the total payments of which will equal the value of the participant's vested interest in his or her account.

Plan Termination

Although it has not expressed any intent to do so, The Company has the right to terminate The Plan at any time. Upon termination all affected participant's individual accounts become 100% vested and non-forfeitable and The Company shall direct the trustees to make distributions of the assets as provided in The Plan.

Unallocated Assets

As of December 31, 2017 and 2016 The Plan had unallocated assets of \$6,029 and \$6,152 respectively. These funds are made up of forfeitures and in-transit funds and are maintained in a variable group annuity account.

Administrative Expenses

During 2017 and 2016 the plan had administrative costs in the amount of \$3,615 and \$3,786 respectively. The employer absorbs significant administration costs of the plan including the balance of administrator fees not paid by forfeited amounts, insurance and audit fees.

Note 2 - Summary of Accounting Policies

The financial statements of The Plan are prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Accordingly, revenues are recorded when received and expenses when paid.

Cash and cash equivalents are valued at cost which is fair value. All other assets are valued at quoted market prices.

Net appreciation (depreciation) in fair market value of investments for The Plan's years ended December 31, 2017 and 2016 are as follows:

	December 31, 2017	December 31, 2016
Mutual funds	\$ 457,727	\$ 154,190

The above figure includes investments bought, held and sold during the periods indicated.

Notes to Financial Statements
December 31, 2017 and 2016

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost which approximates fair value.

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis.

Subsequent events were evaluated through June 7, 2018, which is the date the financial statements were available to be issued.

Note 3 - Income Tax Status

The Internal Revenue Service has determined and informed The Company by letter dated August 17, 1995 that The Plan and related Trust are designed in accordance with the applicable sections of the Internal Revenue Code.

The Plan has not been altered since the receipt of its favorable determination notice and the administrators believe that The Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 5 - Credit Risk

Statement of Financial Accounting Standards requires the disclosure of concentrations of credit risk, regardless of the degree of risk, even if remote. Financial instruments which subject The Plan to concentrations of credit risk consist principally of mutual fund investments. As mentioned in Note 4, the underlying assets of these mutual funds vary widely. Although these funds primarily invest in only high quality debt, equity, and government securities, they are inherently subject to the fluctuations of the investing markets. The Plan administrator does not attempt to assess the risk factors and relies upon all participants to read the investment literature provided prior to choosing their investments.

Note 6 - Participant Loans

Participants may borrow up to an amount equal to the lesser of one-half of their vested benefits in the plan or \$50,000. The Plan charges a reasonable rate of interest (currently 1.43% - 2.23%) and payments are made over a reasonable amount of time via payroll deductions. Other restrictions and stipulations apply as stated in The Plan documents. The outstanding loan balances as of December 31, 2017 and December 31, 2016 were \$44,534 and \$39,444 respectively.
