## **1. DESCRIPTION OF THE PLAN:**

The following description of the Skyline Chili, Inc. Profit Sharing and 401(k) Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan covering substantially all employees of Skyline Chili, Inc. (the "Company" or "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees who have attained the age of 19 and completed 90 days of service of not less than 246 hours are eligible to participate in the Plan. The Board of Directors is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

### **Contributions**

Each year, participants may contribute up to the maximum annual dollar limit permitted by law of annual pre-tax compensation, as defined by the Plan. In addition, the Plan allows Roth contributions using the same criteria. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will contribute a discretionary matching contribution amount equal to 100 percent of the first 3 percent, and 50 percent of the next 2 percent of base compensation that a participant contributed to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors.

### **Participant accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Vesting**

Participants are immediately vested in their contributions and discretionary matching company contributions that are deemed safe harbor contributions plus actual earnings and losses thereon. A participant is 100 percent vested after three years of credited service with respect to discretionary company contributions. Regardless of service, a participant's entire account balance becomes fully vested upon attaining normal retirement age, or termination of employment due to death or permanent disability.

### **Notes receivable from participants**

Participants may borrow from their accounts up to the lesser of \$50,000 (reduced by the highest outstanding loan balance in their account during the prior twelve month period) or 50 percent of their vested account balance. The loan term is not to exceed five years unless the loan is for the purchase of a principal residence, in which case the term may be longer. The loans are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest are paid ratably through payroll deductions.

**Payment of benefits**

On termination of service for death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the vested value of his or her account or installments over a period of time. Benefits are payable to designated beneficiaries in the event of a participant's death. Upon termination of employment for other reasons, participants may elect to rollover the vested balance to another qualified plan or take a lump sum. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance via financial hardship withdrawal, if certain requirements are satisfied.

**Forfeited accounts**

At December 31, 2017 and 2016 forfeited accounts totaled \$1,151 and \$393, respectively. Forfeited balances of terminated participants' non-vested accounts will be used to reduce future plan expenses and/or any future Company contributions.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:****Basis of accounting**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Investment valuation and income recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

**Payment of benefits**

Benefits are recorded when paid.

**Administrative expenses**

Certain professional and accounting fees incurred in connection with the operation of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Administrative expenses include

investment advisory fees; other investment related expenses are included in net appreciation in fair value of investments.

#### **Subsequent events**

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

### **3. INFORMATION CERTIFIED BY TRUSTEE:**

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

### **4. FAIR VALUE MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Mutual and money market funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts:* Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

**Investments Measured Using the Net Asset Value per Share Practical Expedient**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

#### **5. PLAN TERMINATION:**

Although it has expressed no intention to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts to the extent they are not already fully vested.

#### **6. TAX STATUS:**

The Plan adopted a prototype plan document sponsored by the trustee. The prototype plan document provider has obtained an opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code. While the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is currently being operated in accordance with the Internal Revenue Code. The Company has elected not to apply for its own determination letter covering the Plan.

#### **7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:**

Certain Plan investments are common/collective trust funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

#### **8. RISKS AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
