Administration of the Plan

Uniparts Olsen Inc. is the plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's offerings, and monitors investment performance.

Eligibility

All employees of the Company are eligible to participate, except for those covered by a collective bargaining agreement or non-resident aliens as described in IRC Section 410. Eligible employees of the Company are able to participate in the Plan once they have completed one year of service and are at least eighteen years of age. Entry into the Plan occurs on the first day of the calendar quarter coinciding with or following the date an employee satisfies the eligibility requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, their respective share of income earned and net appreciation of the Plan investments. The participant's account is reduced by withdrawals, depreciation on investments, fees and any forfeitures. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Contributions

Participants can contribute a portion of their compensation up to the Internal Revenue Service ("IRS") maximum allowance of \$18,000 in 2017. Certain participants (age 50 or older) can also make catch-up contributions up to \$6,000 per year, increasing the maximum allowance to \$24,000 for 2017. The Company has the option to make discretionary matching contributions each year. For 2017, the Company contributed 50 percent of the participant's elected deferrals up to six percent of an employee's eligible compensation.

Investment Options

Upon enrollment in the Plan, participants direct their contributions and employer contributions to any of the investment options offered by the Plan. Participants may change their investment elections among these various investment options at any time.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Distributions are permitted from the Plan upon the participant's retirement at or after attaining retirement age, hardship, death, total disability, or termination of employment prior to retirement age. A participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as a lump sum distribution as soon as administratively feasible. Installment payments are allowed if a participant is subject to lifetime required minimum distributions. Also, upon retirement, disability, or separation from service, participants may elect to continue their account until the participant attains age 70 1/2.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portions of their accounts, plus actual earnings thereon, occurs at the rate of 20 percent for each year of service after the first year. A participant is 100 percent vested after six years of credited service. Vesting of 100 percent of a participant's employer contributions and earnings thereon also occurs upon death or disability of the participant or attainment of age 65 (normal retirement).

Unvested employer contributions shall be forfeited after a five year break in service, or upon the distribution of the entire vested portion of a former participant's account if earlier. Forfeitures can be used to reduce employer contributions or pay Plan administrative expenses. At December 31, 2017 and 2016, balances in the forfeiture account amounted to approximately \$1,600 and \$4,500, respectively. During 2017, approximately \$4,400 of forfeitures were used to reduce employer contributions.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Only one loan may be outstanding at a time. Loan transactions are classified as notes receivable from participants and segregated from plan investments. The notes receivable bear interest at 4.5 to 5.25 percent. Principal and interest are paid ratably through payroll deductions. The maximum repayment period is five years with the exception of loans to purchase a home, which have a repayment period of up to ten years.

Administrative Expenses

Except for certain fees related to the administration of notes receivable and recordkeeping, the direct costs of administering the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan Termination

The Company has the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, each participant shall become fully vested in employer matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2017

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded on the accrual basis. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions, and the notes are collateralized by the participants' account balances. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. A note receivable is considered to be in default after any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Refer to Note 3 - Fair Value Measurements for related disclosures.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

There were no significant amounts of investment income due to the Plan at either December 31, 2017 or 2016. In addition, certain investment related fees have been offset with net investment income and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits to participants are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2017

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used by the Plan maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, by class of asset:

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end as reported on the active market on which the fund is traded and are therefore valued as level 1 within the fair value hierarchy.

Money market fund: Valued at the closing price as reported on the active market on which the fund is traded as of the last trading day of the Plan year. As such, the fund is valued as level 1 within the fair value hierarchy.

Common/collective trusts: The Plan is invested in a stable value fund and a capital preservation fund in which the underlying investments are primarily guaranteed investment contracts and synthetic investment contracts. These investments are valued at the NAV of the underlying investments as adjusted for the trust's related liabilities and administrative expenses charged. There are no redemption restrictions or unfunded commitments of the Plan related to either fund.

Notes to Financial Statements
December 31, 2017

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Personal Trust Company ("Fidelity") and Matrix Trust Company ("Matrix"), the Trustees of the Plan, have certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

As a result of the aforementioned election, no auditing procedures were performed by the independent public accountants with respect to information certified as complete and accurate, except for comparing such information with the related information included in the financial statements. Based on information provided by Fidelity and Matrix, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2017.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's Government Money Market fund investment is managed by Fidelity. Fidelity is a Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain participants have borrowed from their account balances which are presented as notes receivable from participants. As participants are considered parties-in-interest, such loan transactions qualify as exempt party-in-interest transactions.

6. TAX STATUS

The Plan adopted a volume submitter profit sharing 401(k) plan which obtained its latest advisory letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has since been amended, however the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the internal revenue code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. In addition, there have been no tax-related interest or penalties for periods presented in these financial statements.

7. SUBSEQUENT EVENTS

The Company has evaluated subsequent events occurring after December 31, 2017 through August 31, 2018, the date the financial statements were available to be issued. Based on this evaluation, the Company has determined that there are no subsequent events that require recognition or disclosure in these financial statements.

1. DESCRIPTION OF THE PLAN

General

The following description of the Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

The Plan is a defined contribution plan, established July 1, 1998 in accordance with the provisions of Internal Revenue Code Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Fidelity Personal Trust Company holds the Plan's investments for Uniparts Olsen Inc. and Matrix Trust Company holds the Plan's investments for the participating employer, Uniparts USA, the Parent company of Uniparts Olsen Inc. Hereafter, Uniparts Olsen Inc. and Uniparts USA are known collectively as "the Company".

Administration of the Plan

Uniparts Olsen Inc. is the plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's offerings, and monitors investment performance.

Eligibility

All employees of the Company are eligible to participate, except for those covered by a collective bargaining agreement or non-resident aliens as described in IRC Section 410. Eligible employees of the Company are able to participate in the Plan once they have completed one year of service and are at least eighteen years of age. Entry into the Plan occurs on the first day of the calendar quarter coinciding with or following the date an employee satisfies the eligibility requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, their respective share of income earned and net appreciation of the Plan investments. The participant's account is reduced by withdrawals, depreciation on investments, fees and any forfeitures. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Contributions

Participants can contribute a portion of their compensation up to the Internal Revenue Service ("IRS") maximum allowance of \$18,000 in 2017. Certain participants (age 50 or older) can also make catch-up contributions up to \$6,000 per year, increasing the maximum allowance to \$24,000 for 2017. The Company has the option to make discretionary matching contributions each year. For 2017, the Company contributed 50 percent of the participant's elected deferrals up to six percent of an employee's eligible compensation.

Investment Options

Upon enrollment in the Plan, participants direct their contributions and employer contributions to any of the investment options offered by the Plan. Participants may change their investment elections among these various investment options at any time.

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust
Notes to Financial Statements

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Distributions are permitted from the Plan upon the participant's retirement at or after attaining retirement age, hardship, death, total disability, or termination of employment prior to retirement age. A participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as a lump sum distribution as soon as administratively feasible. Installment payments are allowed if a participant is subject to lifetime required minimum distributions. Also, upon retirement, disability, or separation from service, participants may elect to continue their account until the participant attains age 70 1/2.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portions of their accounts, plus actual earnings thereon, occurs at the rate of 20 percent for each year of service after the first year. A participant is 100 percent vested after six years of credited service. Vesting of 100 percent of a participant's employer contributions and earnings thereon also occurs upon death or disability of the participant or attainment of age 65 (normal retirement).

Unvested employer contributions shall be forfeited after a five year break in service, or upon the distribution of the entire vested portion of a former participant's account if earlier. Forfeitures can be used to reduce employer contributions or pay Plan administrative expenses. At December 31, 2017 and 2016, balances in the forfeiture account amounted to approximately \$1,600 and \$4,500, respectively. During 2017, approximately \$4,400 of forfeitures were used to reduce employer contributions.

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Only one loan may be outstanding at a time. Loan transactions are classified as notes receivable from participants and segregated from plan investments. The notes receivable bear interest at 4.5 to 5.25 percent. Principal and interest are paid ratably through payroll deductions. The maximum repayment period is five years with the exception of loans to purchase a home, which have a repayment period of up to ten years.

Administrative Expenses

Except for certain fees related to the administration of notes receivable and recordkeeping, the direct costs of administering the Plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Plan Termination

The Company has the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan should terminate, each participant shall become fully vested in employer matching contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Plan uses the accrual basis of accounting for the presentation of financial statements.

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2017

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded on the accrual basis. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions, and the notes are collateralized by the participants' account balances. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. A note receivable is considered to be in default after any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Refer to Note 3 - Fair Value Measurements for related disclosures.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

There were no significant amounts of investment income due to the Plan at either December 31, 2017 or 2016. In addition, certain investment related fees have been offset with net investment income and are not readily determinable.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits to participants are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2017

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used by the Plan maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, by class of asset:

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end as reported on the active market on which the fund is traded and are therefore valued as level 1 within the fair value hierarchy.

Money market fund: Valued at the closing price as reported on the active market on which the fund is traded as of the last trading day of the Plan year. As such, the fund is valued as level 1 within the fair value hierarchy.

Common/collective trusts: The Plan is invested in a stable value fund and a capital preservation fund in which the underlying investments are primarily guaranteed investment contracts and synthetic investment contracts. These investments are valued at the NAV of the underlying investments as adjusted for the trust's related liabilities and administrative expenses charged. There are no redemption restrictions or unfunded commitments of the Plan related to either fund.

Uniparts Olsen Inc. 401(k)/Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2017

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Personal Trust Company ("Fidelity") and Matrix Trust Company ("Matrix"), the Trustees of the Plan, have certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

As a result of the aforementioned election, no auditing procedures were performed by the independent public accountants with respect to information certified as complete and accurate, except for comparing such information with the related information included in the financial statements. Based on information provided by Fidelity and Matrix, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the year ended December 31, 2017.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's Government Money Market fund investment is managed by Fidelity. Fidelity is a Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain participants have borrowed from their account balances which are presented as notes receivable from participants. As participants are considered parties-in-interest, such loan transactions qualify as exempt party-in-interest transactions.

6. TAX STATUS

The Plan adopted a volume submitter profit sharing 401(k) plan which obtained its latest advisory letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code. The Plan has since been amended, however the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the internal revenue code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. In addition, there have been no tax-related interest or penalties for periods presented in these financial statements.

7. SUBSEQUENT EVENTS

The Company has evaluated subsequent events occurring after December 31, 2017 through August 31, 2018, the date the financial statements were available to be issued. Based on this evaluation, the Company has determined that there are no subsequent events that require recognition or disclosure in these financial statements.
