XPO CNW RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
December 31, 2017 and 2016

1. Description of Plan

The following description of the XPO CNW Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the XPO CNW Employee Benefits Plan Description or the Plan document for more complete information. The term “XPO CNW” or “Company” refers to the entity formerly known as Con-way Inc. and its subsidiaries.

General

The XPO CNW sponsored Plan is a defined contribution plan with profit-sharing and salary deferral features and is subject to the provisions of ERISA, as amended. The Plan is intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan also provides medical benefits for retired participants, as described below.

Effective October 27, 2016, all of the stock of XPO Logistics Truckload, Inc., formerly known as Con-way Truckload Inc., was indirectly purchased by TForce TL Holdings USA, Inc. As such, XPO Logistics Truckload, Inc. is no longer an affiliate of the Company.

Overall responsibility for overseeing the Plan rests with the XPO CNW Inc. Administrative Committee (the "Committee"), which is appointed by the Chief Executive Officer of XPO Logistics, Inc. The Plan’s trustee, T. Rowe Price (the "Trustee"), is responsible for the control of the Plan’s assets, which are held in individual participant investment accounts (collectively known as the "Trust").

XPO CNW has designated a portion of the employee stock ownership plan feature of the Plan to be a money purchase pension plan and added medical benefits for retired participants, as described in Note 4, "Retiree Health Savings Account." Effective September 30, 2017, the assets held and related obligation for the Retiree Health Savings Account of $43,726,918 were transferred to the XPO CNW Pension Plan.

The Plan allows for transfers to the XPO CNW Personal Savings Plan (“PSP”) if a participant in the Plan became eligible to participate in the PSP.

Eligibility

Effective January 1, 2010, XPO CNW amended the Plan to limit participation to those employees participating as of December 31, 2009. Effective January 1, 2012, the Plan was amended to exclude participation of XPO CNW employees residing in Puerto Rico.

Contributions

Participants may contribute up to 50% of their eligible compensation subject to certain limitations.

XPO CNW makes a non-discretionary basic contribution (“Basic Contribution”) to eligible employees equal to 3% of eligible compensation. XPO CNW, at its discretion, may make an additional 1 - 2% Basic Contribution of eligible compensation to eligible employees based on years of employment. Additionally, the Company implemented a discretionary transition contribution (“Transition Contribution”) for select participants when the pension plan was frozen in 2006. The Transition Contribution can range from 1 -

3% of eligible compensation based on the employee's age and years of service on December 31, 2006. The Plan also provides for a discretionary employer matching contribution ("Matching Contribution") equal to 50% of the first 6% of eligible compensation that participants contribute to the Plan and discretionary employer supplementary contributions ("Supplementary Contribution") paid in proportion to eligible compensation. During 2017 and 2016, XPO CNW made the additional discretionary Basic Contribution and Transition Contribution to the Plan. XPO CNW elected not to make a Matching Contribution or Supplementary Contribution during 2017 or 2016.

The minimum funding requirements of the money purchase portion of the Plan have been met.

Participant Accounts
The Plan allows participants to select any one or more of the investment funds established under the Plan in which contributions can be invested.

A separate account is maintained for each participant of the Plan. Allocations of XPO CNW's contributions are based upon a percentage of participant contributions or compensation, as described above. Allocations of net Plan earnings are based upon participant account balances, as defined. Participants are only entitled to the vested benefits.

Vesting
Participants are fully vested at all times in the portion of their accounts attributable to their elective deferrals, rollover contributions, Basic Contributions and Transition Contributions. XPO CNW's Matching Contributions vest after two years of service with XPO CNW. If the employee is terminated prior to two years of service, the Matching Contributions are forfeited. Forfeited balances are used to reduce future XPO CNW contributions. As of December 31, 2017 and 2016, forfeitures totaling approximately $6,000 and $8,000, respectively, were available to reduce future contributions. During 2017 and 2016, forfeitures totaling approximately $27,000 and $32,000, respectively, were used to reduce employer contributions.

Notes Receivable from Participants
The Plan has a loan provision allowing participants access to funds. Loans can be no less than $1,000 and cannot exceed the lesser of $50,000 or 50% of a participant's vested account balance (subject to administrative adjustment to ensure compliance with the 50% limit). Loans can be made for a term not to exceed 4-1/2 years and bear interest at a rate as determined by the Plan Administrator based on commercial lending rates for comparable loans at the time the loan is granted. Loans outstanding as of December 31, 2017 bear interest ranging from 4.25% to 5.50% and mature through 2022. Principal and interest are paid ratably through payroll deductions.

Payments and Benefits
Participants can receive a total distribution from their accounts upon death or termination of employment. Disabled participants can receive a partial distribution of their accounts, provided they qualify for benefits under XPO CNW's long-term disability coverage. Other types of withdrawals are permitted by the Plan in limited situations. Participants can elect to have their accounts distributed in a single lump sum or in a series of substantially equal annual installments, as defined by the Plan. Distributions will be made in cash.

Plan Termination
Although XPO CNW has no current intention to terminate the Plan, it may do so at any time by resolution of the Board of Directors. In the event that the Plan is terminated, all balances will become 100% vested and the net assets of the Plan shall be distributed to participants in the amount credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties
The Plan offers various investments that are generally exposed to various risks, such as interest rate, credit and overall market-volatility risks. Investments are reported at fair value. Due to the risk associated with certain investment securities, it is reasonably possible that the value of investment securities will change and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition
Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements," for a discussion of fair value measurements.

The annual change in market value, including realized gains and losses, is reported in net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade-date basis.

Administrative Expenses
During a portion of 2016, administrative expenses of the Plan were paid by XPO CNW and by Plan participants. Participant payments of administrative expenses were collected in administrative fees through a reduction in certain funds' net asset value ("NAV") and paid directly to the Trustee. Certain funds also charge investment management fees in accordance with each fund's prospectus, through a reduction in the funds' NAV. During 2016, XPO CNW changed the fee structure with the Trustee, whereby certain recordkeeping and loan fees are being paid directly from the Trust. During 2017 and 2016, direct fees paid by the Plan were approximately $842,000 and $606,000, respectively.

Payment of Benefits
Benefits paid to participants are recorded upon distribution.

Estimates
XPO CNW makes estimates and assumptions when preparing the financial statements in conformity with GAAP. These estimates and assumptions affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are carried at amortized cost plus accrued interest.

New Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This standard eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at the NAV per share (or its equivalent) using the practical expedient in FASB's fair value measurement guidance. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Management adopted this ASU during the year ended December 31, 2017 and have modified the disclosures in the notes to the financial statements accordingly.

3. Fair Value Measurements
Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds - valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trusts - The Plan's interest in the common collective trust is valued at the NAV of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

The following table summarizes the valuation of Plan assets within the fair-value hierarchy:

	Investments at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Mutual funds	$ 537,643,410	$ -	$ -	$ 537,643,410
Total	$ 537,643,410	$ -	$ -	537,643,410
Investments at NAV:				
Common collective trusts				1,438,637,931
Total Investments				$ 1,976,281,341

	Investments at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Mutual funds	$ 448,502,246	$ -	$ -	$ 448,502,246
Total	$ 448,502,246	$ -	$ -	448,502,246
Investments at NAV:				
Common collective trusts				1,260,443,807
Total Investments				$ 1,708,946,053

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value as of December 31:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2017	**2016**		
Common collective trusts	$ 1,438,637,931	$ 1,260,443,807	Daily	1-2 days

The common collective trusts include investments that are operated by a trust company that manages a pooled group of trust accounts. Common collective trusts combine the assets of various institutional investors to create a larger, well-diversified portfolio. Each investor owns a participating interest that is calculated in units and represents a portion of the holdings of the fund.

The investments in common collective trusts can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. There are no unfunded commitments related to the common collective trusts as of December 31, 2017.

4. Retiree Health Savings Account

The Plan included a medical benefit that funds a portion of the postretirement obligation for retirees and their beneficiaries in accordance with Section 401(h) of the Code. Effective September 30, 2017, the Retiree Health Savings Account was transferred to the XPO CNW Pension Plan. Prior to the transfer, a separate account was established and maintained in the Plan for the net assets related to the medical benefit (the "401(h) Account"). In accordance with Code Section 401(h), the Plan's investments in the 401(h) Account could not be used for, or diverted to, any purpose other than providing health benefits for retirees and their beneficiaries. Plan participants did not contribute to the 401(h) Account and did not direct the investment choices. Employer contributions to the 401(h) Account were determined annually at the discretion of XPO CNW and were subject to certain limitations as defined by the Code.

Upon reaching age 45, completing five or more years of service and completing 1,000 or more paid hours of service in the Plan year, each noncontractual employee was eligible for a retiree medical allocation with respect to that Plan year. Retiree medical allocations for each 401(h) Plan participant were equal, except for allocations to participants retiring in the current plan year, for whom the allocation was a pro-rata portion of the amount allocated to other participants based on the number of quarters employed in the year of retirement. Benefits to individual participants were limited to the total accumulated retiree medical allocation, plus interest credited quarterly and based on the five-year Treasury Constant Maturity rate as published by the Federal Reserve Board. In order to access their benefit balance during retirement, a participant must be at least age 55 with at least 10 years of service at retirement, or be at least age 65 at retirement. Any remaining unclaimed benefit was forfeited to the Plan upon a participant's death or termination of employment prior to retirement eligibility.

The fair value of the Plan assets held in the 401(h) Account as of December 31, 2017 and 2016 was $0 and $42,893,304, respectively. There were no contributions made to the 401(h) Account for the years ended December 31, 2017 and 2016. Prior to its transfer to the XPO CNW Pension Plan, the 401(h) Account consisted of an investment in the Baird Core Plus Bond Fund Class Institutional Shares, which was classified as Level 1 within the fair value hierarchy.

5. Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed XPO CNW by a letter dated August 20, 2003 that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, XPO CNW believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, XPO CNW believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date. In 2009, the Plan applied for a new determination letter in accordance with the IRS requirements. During 2014, the IRS performed a field exam of the Plan and met with the Plan's management and its outside legal counsel to discuss the Plan's application process and status of the determination letter. Currently management is waiting to receive further instructions from the IRS.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the Trustee as of December 31, 2017 and 2016 and for the years then ended as complete and accurate:

- Investments, at fair value
- Net assets held in 401(h) Account
- Notes receivable from participants
- Investment income
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

7. Related-Party Transactions

Certain Plan investments are common collective trusts managed by the Trustee. Therefore, these investments and investment transactions qualify as party-in-interest transactions.

Additionally, the Plan sponsor, XPO CNW, is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain expenses of the Plan.

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31:
