Notes to the Financial Statements
December 31, 2017 and 2016

1. Description of Plan

The following description of the XPO CNW 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the XPO CNW Employee Benefits Plan Description or the Plan document for more complete information. The term "XPO CNW" or "Company" refers to the entity formerly known as Con-way Inc. and its subsidiaries.

General

The XPO CNW sponsored Plan was a defined contribution plan with profit-sharing and salary deferral features that was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code").

Effective October 27, 2016, all of the stock of XPO Logistics Truckload, Inc., formerly known as Con-way Truckload Inc., was indirectly purchased by TForce TL Holdings USA, Inc. ("TForce"). As a result, employee and employer contributions to the Plan ceased. Effective December 31, 2017, the assets of the Plan were merged into the XPO Logistics, Inc. 401(k) Plan (the "Merger").

Overall responsibility for overseeing the Plan resided with the XPO CNW Inc. Administrative Committee (the "Committee"), which was appointed by the Chief Executive Officer of XPO Logistics, Inc. The Plan's trustee, T. Rowe Price (the "Trustee"), was responsible for the control of the Plan's assets, which were held in individual participant investment accounts (collectively known as the "Trust").

Eligibility

The Plan was closed to new participants effective October 27, 2016 with the sale to TForce. Prior to that date, eligibility was restricted to employees of Con-way Truckload, Inc., a subsidiary of the Company, so long as they were not considered a Qualified Employee under the Con-way Retirement Savings Plan and they otherwise met the Plan's definition of a Qualified Employee. Employees were eligible to participate in the Plan if they were not covered by a collective bargaining agreement, were not a leased employee, were not a nonresident alien or were not a resident of Puerto Rico. There were no age requirements for eligibility. One year of service was required for participation. A part-time employee must have completed one year of service during which the employee worked 1,000 hours.

Contributions

Prior to the sale to TForce, participants could contribute up to 50% of their eligible compensation subject to certain limitations. XPO CNW, at its discretion, made matching contributions to the Plan. For the first nine months of 2016, XPO CNW made matching contributions equal to 50% of the first seven percent of eligible compensation that participants contributed to the Plan. Due to the purchase of XPO Logistics Truckload, Inc. by TForce, there was no matching contribution made for 2017 and the fourth quarter of 2016.

Participant Accounts

The Plan allowed participants to select any one or more of the investment funds established under the Plan in which contributions could be invested.

A separate account was maintained for each participant of the Plan. Allocations of net Plan earnings were based upon participant account balances. The benefits to which participants were entitled were the benefits that could be provided from participants' vested accounts.

Vesting

Participants were fully vested at all times in all elective deferrals and rollover contributions made to the Plan plus net earnings thereon. Matching Contributions vested as follows:

Less than two years	—%
Two years	20
Three years	40
Four years	60
Five years	80
Six or more years	100

Forfeited balances were used to reduce future XPO CNW contributions or were redistributed to Plan participants. As of December 31, 2017 and 2016, forfeitures totaling approximately \$0 and \$15,000, respectively, were available to reduce future contributions. During 2017, forfeitures totaling approximately \$30,000 were transferred out of the Plan as a result of the Plan being merged. During 2016, forfeitures totaling approximately \$116,000 were used to reduce employer contributions.

Notes Receivable from Participants

The Plan had a loan provision allowing participants access to funds. Loans could be no less than \$1,000 and could not exceed the lesser of \$50,000 or 50% of a participant's vested account balance (subject to administrative adjustment to ensure compliance with the 50% limit). Loans could be made for a term not to exceed 4-1/2 years. Principal and interest were paid ratably through payroll deductions.

Payments and Benefits

Participants could receive a total distribution from their accounts upon death or termination of employment. Disabled participants could receive a partial distribution of their accounts, provided they qualified for benefits under XPO CNW's long-term disability coverage. Other types of withdrawals were permitted by the Plan in limited situations. Participants could elect to have their accounts distributed in a single lump sum or in a series of substantially equal annual installments, as defined by the Plan. Distributions were made in cash.

2. Summary of Significant Accounting Policies**Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties

Prior to the Plan Merger, the Plan offered various investments that are generally exposed to various risks, such as interest rate, credit and overall market-volatility risks. Investments were reported at fair value. Due to the risk associated with certain investment securities, it is reasonably possible that the value of investment securities will change and that such changes could materially affect amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments were reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements," for a discussion of fair value measurements.

The annual change in market value, including realized gains and losses, was reported in net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Purchases and sales of securities were recorded on the trade-date basis.

Administrative Expenses

During a portion of 2016, administrative expenses of the Plan were paid by XPO CNW and by Plan participants. Participant payments of administrative expenses were collected in administrative fees through a reduction in certain funds' net asset value ("NAV") and paid directly to the Trustee. Certain funds also charge investment management fees in accordance with each fund's prospectus, through a reduction in the funds' NAV. During 2016, XPO CNW changed the fee structure with the Trustee, whereby certain recordkeeping and loan fees were paid directly from the Trust. During 2017 and 2016, direct fees paid by the Plan were approximately \$15,000 and \$34,000, respectively.

Payment of Benefits

Benefits paid to participants were recorded upon distribution.

Estimates

XPO CNW makes estimates and assumptions when preparing the financial statements in conformity with GAAP. These estimates and assumptions affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants were carried at amortized cost plus accrued interest.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This standard eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at the NAV per share (or its equivalent) using the practical expedient in FASB's fair value measurement guidance. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Management adopted this ASU during the year ended December 31, 2017 and have modified the disclosures in the notes to the financial statements accordingly.

3. Fair Value Measurements

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds - valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trusts - The Plan’s interest in the common collective trust is valued at the NAV of the common collective trust’s underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions could occur daily.

There were no assets remaining in the Plan as of December 31, 2017.

The following table summarizes the valuation of Plan assets within the fair-value hierarchy:

Investments at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 5,614,744	\$ -	\$ -	\$ 5,614,744
Total	<u>\$ 5,614,744</u>	<u>\$ -</u>	<u>\$ -</u>	<u>5,614,744</u>
Investments at NAV:				
Common collective trusts				24,276,763
Total Investments				<u>\$ 29,891,507</u>

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value as of December 31:

	Fair Value	Redemption	Redemption
	2016	Frequency	Notice
			Period
Common collective trusts	\$ 24,276,763	Daily	1-2 days

The common collective trusts include investments that are operated by a trust company that manages a pooled group of trust accounts. Common collective trusts combine the assets of various institutional investors to create a larger, well-diversified portfolio. Each investor owns a participating interest that is calculated in units and represents a portion of the holdings of the fund.

The investments in common collective trusts can generally be redeemed without restriction; however, in certain cases, redemption or purchase may be limited to prevent excess and/or short-term trading. There are no unfunded commitments related to the common collective trusts as of December 31, 2017.

4. Income Tax Status

The Internal Revenue Service ("IRS") determined and informed XPO CNW by a letter dated October 3, 2001, that the Plan and related trust were designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the determination letter. However, XPO CNW believes that the Plan was designed and was operated in compliance with the applicable requirements of the Code. Therefore, XPO CNW believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Assuming it meets certain initial and ongoing requirements, the Plan was generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

5. Related-Party Transactions

Certain Plan investments were common collective trusts managed by the Trustee. Therefore, these investments and investment transactions qualified as party-in-interest transactions.

Additionally, the Plan sponsor, XPO CNW, is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain expenses of the Plan.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements was provided and certified by the Trustee as of December 31, 2017 and 2016 and for the years then ended as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest on notes receivable from participants

7. Subsequent Events

The Plan has evaluated subsequent events through August 31, 2018, the date the financial statements were available for issuance.
