RIVERHILLS HEALTHCARE, INC.
PROFIT SHARING / SAVINGS RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Riverhills Healthcare, Inc. Profit Sharing / Savings Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Riverhills Healthcare, Inc. (the Company) who have six months of consecutive service, which includes having worked at least 500 hours, and are age twenty-one or older. Employees will have the opportunity to become a participant on the first "entry date", January 1, April 1, July 1, or October 1 of each year, once that employee satisfies the requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document. Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Plan has elected the 401(k) safe harbor provisions. Pursuant to that election, the Company has chosen to match dollar for dollar employee deferrals up to 4% of the employee's compensation. Additionally, the Company may make a profit sharing contribution to the Plan. This amount will be determined by the Company's Board of Directors on an annual basis. To be eligible for the profit sharing contribution, an employee must be age twenty-one or older, have one year of service, which includes 1,000 hours worked, and must be employed by the Company on the last day of the Plan year. Profit sharing contributions will be allocated based on designated job classifications and all participants in a designated job classification will receive the same percentage of compensation as their profit sharing contribution. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Generally, notes are repayable through payroll deductions over periods up to 60 months. The notes are collateralized by the balance of the participant's account and bear interest at a reasonable rate.

Vesting

Participants are immediately vested in their 401(k) elective deferrals, rollover contributions and Company safe harbor matching contributions, plus actual earnings thereon. The Plan was amended effective January 1, 2015 in order to adopt a vesting schedule as it relates to employer discretionary contributions. This vesting schedule applies to employees hired on January 1, 2015 or after. For these employees, vesting will begin upon the completion of the first year of service and a participant will be 100% vested after five years of credited service. For employees hired prior to January 1, 2015, they are immediately vested in their employer discretionary contributions.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Forfeitures

Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, a participant will automatically receive their vested account balance in a single lump-sum payment if their vested account balance is \$1,000 or less and the participant has not elected a distribution method. If the participant's vested account balance is greater than \$1,000 but less than \$5,000 and they have not elected a distribution method, their vested balance will be paid in a direct rollover to an IRA chosen by the Plan administrator. Participants with a vested balance in excess of \$5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and others (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Payments of benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of either December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Net Assets Available for Plan Benefits

Net assets available for benefits at both December 31, 2017 and 2016 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a volume submitter profit sharing plan document that has been accepted under Section 401 of the Internal Revenue Service Code for use by employers for the benefit of their employees. This document received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving this letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events through August 13, 2018, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2017 or 2016.

Common Stocks – Valued at the closing price reported on the active market in which the individual securities are traded.

Corporate Obligations – Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual Funds – Valued at the quoted net asset value (NAV) of shares held by the Plan at year end as reported by the fund.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017 and 2016:

December 31, 2017	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total

For both the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 - LIMITED SCOPE AUDIT

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including certain investments held at both December 31, 2017 and 2016, and the net appreciation in fair value of investments, interest, and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Transamerica Life Insurance Company and Huntington National Bank, who both serve as custodians of the Plan. Investments held at both December 31, 2017 and 2016 and the related net appreciation in fair value of investments, interest, and dividends for the years then ended for which L. M. The total of the investment balance not covered by a limited scope certification was \$4,588,867 and \$4,123,955 at December 31, 2017 and 2016, respectively.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 - FORFEITURES

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Huntington National Bank, Transamerica Life Insurance Company, and L.M. Kohn & Company. These companies serve as the custodians of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
