NOTE 1 - Description of the Plan

The following description of the ProHealth Physicians, Inc. 401(k) Plan II (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan maintained by ProHealth Physicians, Inc. (the "Company"). All employees are eligible except for the following ineligible classes of employees: (a) leased employees; and (b) employees who commence employment in one of the following office pods: Middletown, Manchester, Meridian-Wallingford, New Britain-Southington, Waterbury, New London or Central Office locations; but not excluding employees in such locations with a compensation code that falls within the range of 10,001 to 12,000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligible employees are automatically enrolled in the Plan as soon as administratively feasible after their hire date at an employee pre-tax contribution deferral rate of 3% of their eligible pay, unless they opt out within a prescribed time limit or elect a different pre-tax and/or Roth contribution deferral rate. In general, the Plan provides an automatic employee pre-tax contribution rate increase each year until the participant's pre-tax and/or Roth contribution deferral rate reaches 10%. Participants are notified of the automatic rate increase in advance and have the opportunity to opt out of the automatic increase.

Effective January 1, 2017, the Company delegated its rights and responsibilities for plan administration, except for investment authority, to the UnitedHealth Group Employee Benefits Plans Administrative Committee. The UnitedHealth Group Employee Benefits Plans Investment Committee ("Investment Committee") determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 1, 2017, the plan adopted provisions to become a safe harbor plan.

Contributions

Each year, participants may contribute any percentage of their pre-tax annual compensation, as defined by the Plan and in accordance with the Internal Revenue Code (the "Code"). Elective contributions include pre-tax deferrals, Roth deferrals, and rollover contributions. Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code.

Effective January 1, 2017, the Plan was amended to include a safe harbor non-elective contribution. The Company will make a safe harbor non-elective contribution equal to 100% of the first 3% of eligible compensation (or such higher percentage as may be elected by the Company). Employees must be age 21 and be credited with one year of service to receive an allocation of the safe harbor non-elective contribution.

NOTE 1 - Description of the Plan (cont.)

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, safe harbor non-elective contributions, if any, and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Classification

All investments are participant directed. The Plan is intended to comply with ERISA section 404(c). Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

Vesting

Participants are immediately vested in their salary reduction, rollover contributions, safe harbor non-elective contributions, and earnings thereon. Employer discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Years of Service	Vesting
Less than 2 years	0%
2 or more	100%

Notwithstanding the vesting schedule above, employer discretionary contributions, if any, will become fully vested (100%) upon the occurrence of any of the following events while the participant is employed by the Company: death, attainment of normal retirement age (age 65), disability, partial plan termination with respect to the participant, complete termination of the Plan or complete discontinuance of employer contributions.

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited nonvested accounts totaled $11,093 and $3,642, respectively. During the year ended December 31, 2017, $14,132 was used from forfeiture accounts to reduce future employer contributions and to pay certain administrative expenses. At the discretion of the Company, forfeitures can be allocated to participants.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, age 59 ½, or termination of employment, as defined in the Plan document. The total vested portion of a participant’s account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan document.

There are no amounts owed to participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2017 and 2016.

NOTE 1 - Description of the Plan (cont.)

Notes Receivable From Participants

Participants may borrow from their account balance up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or for a reasonable period in excess of 5 years when the loan proceeds are used for the purchase of a primary residence. These loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates at the date of inception of the loan as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Participants generally may have up to three outstanding loans at one time.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and the trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through August 29, 2018, the date the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2017 and 2016. Accordingly, Charles Schwab Bank (the "Trustee") of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

NOTE 4 - Fair Value of Financial Instruments (cont.)

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

C*ommon/collective trusts:* Valued at the net asset value ("NAV") of units of bank collective trusts. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment advisor reserves the right to temporarily delay the withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: The self-directed brokerage account allows participants the opportunity to invest in a wide array of individual securities including stocks, corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities and U.S. government agency bonds, certificates of deposit, unit investment trusts, foreign securities, exchange-traded funds, and mutual funds. The investments are primarily valued using the methodology described above for mutual funds, the closing price reported on active markets on which securities are traded, or using pricing models maximizing the use of observable inputs for similar securities.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

	December 31, 2017			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 41,460,637	$ 41,460,637	$ -	$ -
Self-directed brokerage accounts	2,757,816	2,566,076	191,740	-
Total assets in the fair value hierarchy	44,218,453	$ 44,026,713	$ 191,740	$ -
Instruments measured at net asset value [1]	24,729,705			
Total Investments at fair value	$ 68,948,158			

	December 31, 2016			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 35,855,474	$ 35,855,474	$ -	$ -
Self-directed brokerage accounts	2,405,291	2,206,621	198,670	-
Total assets in the fair value hierarchy	38,260,765	$ 38,062,095	$ 198,670	$ -
Instruments measured at net asset value [1]	21,402,513			
Total Investments at fair value	$ 59,663,278			

[1] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share, as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 4 - Fair Value of Financial Instruments (cont.)

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share as a practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value [1]	Unfunded Commitment	Redemption Frequency (if currently eligible) [2]	Redemption Notice Period
December 31, 2017				
Stable value fund [3]	$ 7,565,137	$ -	Immediate	None
Common collective trust [4]	17,164,568	-	Immediate	30 days
	$ 24,729,705	$ -		

Investment	Fair Value [1]	Unfunded Commitment	Redemption Frequency (if currently eligible) [2]	Redemption Notice Period
December 31, 2016				
Stable value fund [3]	$ 7,091,833	$ -	Immediate	None
Common collective trust [4]	14,310,680	-	Immediate	30 days
	$ 21,402,513	$ -		

(1) The fair value of investments is based on the fair values of the underlying investments in the funds.

(2) Certain events may cause funds held in the common/collective trust and stable value collective trust to be deferred, including, but not limited to, the following:

i. Closing or disruption of the financial markets or exchanges in which a transaction is unable to be settled prudently.

ii. An emergency situation in which the disposition of assets would be seriously prejudicial to Plan participants.

iii. Breakdown in the means of communication normally employed to determine fair market value of an investment.

iv. Investments cannot be effected at normal rates of exchange.

None of these events occurred in 2017 or 2016.

(3) Participants invested in this fund are prohibited from directing investments into a competing fund without first investing in a non-competing fund for at least 90 days. Competing funds includes the self-directed brokerage accounts.

(4) There are no participant redemption restrictions. However, in the event of a complete withdrawal from all common collective trusts, notice of the withdrawal must be received by the Trustee no later than 30 days prior to the withdrawal.

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 – Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts. The assets available after the payment of any Plan expenses shall be distributed to the participants in accordance with the value of their accounts as of the date of termination.

NOTE 8 - Tax Status

The Internal Revenue Service (IRS) had determined and informed the Company by letter dated March 15, 2017 that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2017 and 2016, the Plan had investments of $20,741,152 and $18,843,633 respectively, concentrated in one mutual fund and one common/collective trust in 2017 and in 2016.
