# **First Assembly/Christian Life 401(k) Plan**

## **Notes to Financial Statements**

---

### **Note 1: Description of Plan**

The following description of the First Assembly/Christian Life 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering all full-time employees of City First Church who are 21 years of age or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### **Contributions**

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan also permits Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Organization may make a discretionary matching contribution and/or a discretionary non-elective contribution at the discretion of the Organization's board of directors. Contributions are subject to certain limitations.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contribution, (b) plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings/losses thereon. Vesting in the Organization's discretionary contributions portion of their accounts plus actual earnings/losses thereon is based on years of continuous service. Participants become fully vested after six years of credited service. Participants' accounts are fully vested upon the participants attaining normal retirement age, death or total and permanent disability.

## Notes to Financial Statements

---

### **Note 1: Description of Plan (Continued)**

#### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originated as determined by the plan administrator. The interest rate on existing loans is 4.25-4.50%. Principal and interest is paid ratably through payroll deductions.

#### **Payment of Benefits**

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments equal to the value of the participant's vested interest in his or her account or an annuity. Participants may also withdraw all or part of their vested account, resulting from rollover contributions, at any time. Hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

#### **Forfeitures**

Plan forfeitures arise as a result of participants who terminate service with the Organization before becoming 100% vested in the Organization's contributions. These forfeitures may be reallocated to participants in the same manner as the Organization's contributions or may be used to pay administrative expenses in accordance with the plan document. At December 31, 2017 and 2016, unallocated forfeitures from nonvested accounts totaled \$6 and \$76, respectively. Forfeitures in the amount of \$2,264 and \$6,567 were used to pay administrative fees for the years ended December 31, 2017 and 2016, respectively.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

#### **Use of Estimates**

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

## Notes to Financial Statements

---

### **Note 2: Summary of Significant Accounting Policies** (Continued)

#### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment advisory and management fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

#### **Subsequent Events**

Subsequent events have been evaluated through July 13, 2018, which is the date the financial statements were available to be issued.

### **Note 3: Fair Value Measurements**

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# First Assembly/Christian Life 401(k) Plan

## Notes to Financial Statements

---

### Note 3: Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

|                                       | Assets at Fair Value as of December 31, 2017 |         |         |            |
|---------------------------------------|----------------------------------------------|---------|---------|------------|
|                                       | Level 1                                      | Level 2 | Level 3 | Total      |

### Note 4: Information Prepared and Certified by Custodian

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2017 and 2016, was obtained or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan.

### Note 5: Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

### Note 6: Tax Status

The Plan adopted a prototype plan with an IRS determination letter dated March 31, 2014, which states the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

# **First Assembly/Christian Life 401(k) Plan**

## **Notes to Financial Statements**

---

### **Note 7: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 8: Party-In-Interest Transactions**

Certain plan investments and transactions related to notes receivable from participants are managed by Mid Atlantic Trust Company, the Plan custodian. These transactions qualify as party-in-interest transactions. These transactions are not considered prohibited under ERISA.

### **Note 9: Prohibited Transactions**

Under DOL Reg. 2510.3-102(b), the Organization is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Organization's general assets. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2017, totaling \$9,590, were remitted outside the requirement. These transactions constitute a prohibited transaction as defined by ERISA.

# First Assembly/Christian Life 401(k) Plan

## Notes to Financial Statements

---

### Note 1: Description of Plan

The following description of the First Assembly/Christian Life 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan covering all full-time employees of City First Church who are 21 years of age or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan also permits Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Organization may make a discretionary matching contribution and/or a discretionary non-elective contribution at the discretion of the Organization's board of directors. Contributions are subject to certain limitations.

#### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contribution, (b) plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings/losses thereon. Vesting in the Organization's discretionary contributions portion of their accounts plus actual earnings/losses thereon is based on years of continuous service. Participants become fully vested after six years of credited service. Participants' accounts are fully vested upon the participants attaining normal retirement age, death or total and permanent disability.

## Notes to Financial Statements

### **Note 1: Description of Plan (Continued)**

#### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originated as determined by the plan administrator. The interest rate on existing loans is 4.25-4.50%. Principal and interest is paid ratably through payroll deductions.

#### **Payment of Benefits**

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments equal to the value of the participant's vested interest in his or her account or an annuity. Participants may also withdraw all or part of their vested account, resulting from rollover contributions, at any time. Hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

#### **Forfeitures**

Plan forfeitures arise as a result of participants who terminate service with the Organization before becoming 100% vested in the Organization's contributions. These forfeitures may be reallocated to participants in the same manner as the Organization's contributions or may be used to pay administrative expenses in accordance with the plan document. At December 31, 2017 and 2016, unallocated forfeitures from nonvested accounts totaled \$6 and \$76, respectively. Forfeitures in the amount of \$2,264 and \$6,567 were used to pay administrative fees for the years ended December 31, 2017 and 2016, respectively.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

#### **Use of Estimates**

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

## Notes to Financial Statements

---

### **Note 2: Summary of Significant Accounting Policies** (Continued)

#### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment advisory and management fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

#### **Subsequent Events**

Subsequent events have been evaluated through July 13, 2018, which is the date the financial statements were available to be issued.

### **Note 3: Fair Value Measurements**

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# First Assembly/Christian Life 401(k) Plan

## Notes to Financial Statements

---

### Note 3: Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

|                                       | Assets at Fair Value as of December 31, 2017 |         |         |            |

### Note 4: Information Prepared and Certified by Custodian

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2017 and 2016, was obtained or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan.

### Note 5: Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

### Note 6: Tax Status

The Plan adopted a prototype plan with an IRS determination letter dated March 31, 2014, which states the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **Notes to Financial Statements**

---

### **Note 7: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 8: Party-In-Interest Transactions**

Certain plan investments and transactions related to notes receivable from participants are managed by Mid Atlantic Trust Company, the Plan custodian. These transactions qualify as party-in-interest transactions. These transactions are not considered prohibited under ERISA.

### **Note 9: Prohibited Transactions**

Under DOL Reg. 2510.3-102(b), the Organization is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Organization's general assets. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2017, totaling \$9,590, were remitted outside the requirement. These transactions constitute a prohibited transaction as defined by ERISA.

# **First Assembly/Christian Life 401(k) Plan**

## **Notes to Financial Statements**

---

### **Note 1: Description of Plan**

The following description of the First Assembly/Christian Life 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering all full-time employees of City First Church who are 21 years of age or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### **Contributions**

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan, up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan also permits Roth elective deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Organization may make a discretionary matching contribution and/or a discretionary non-elective contribution at the discretion of the Organization's board of directors. Contributions are subject to certain limitations.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contribution, (b) plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings/losses thereon. Vesting in the Organization's discretionary contributions portion of their accounts plus actual earnings/losses thereon is based on years of continuous service. Participants become fully vested after six years of credited service. Participants' accounts are fully vested upon the participants attaining normal retirement age, death or total and permanent disability.

## Notes to Financial Statements

---

### **Note 1: Description of Plan (Continued)**

#### **Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originated as determined by the plan administrator. The interest rate on existing loans is 4.25-4.50%. Principal and interest is paid ratably through payroll deductions.

#### **Payment of Benefits**

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments equal to the value of the participant's vested interest in his or her account or an annuity. Participants may also withdraw all or part of their vested account, resulting from rollover contributions, at any time. Hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

#### **Forfeitures**

Plan forfeitures arise as a result of participants who terminate service with the Organization before becoming 100% vested in the Organization's contributions. These forfeitures may be reallocated to participants in the same manner as the Organization's contributions or may be used to pay administrative expenses in accordance with the plan document. At December 31, 2017 and 2016, unallocated forfeitures from nonvested accounts totaled \$6 and \$76, respectively. Forfeitures in the amount of \$2,264 and \$6,567 were used to pay administrative fees for the years ended December 31, 2017 and 2016, respectively.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

#### **Use of Estimates**

The preparation of the accompanying financial statements in conformity with GAAP requires management to make estimates and assumptions that directly affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

### **Note 2: Summary of Significant Accounting Policies** (Continued)

#### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Investment advisory and management fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

#### **Subsequent Events**

Subsequent events have been evaluated through July 13, 2018, which is the date the financial statements were available to be issued.

### **Note 3: Fair Value Measurements**

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

# First Assembly/Christian Life 401(k) Plan

## Notes to Financial Statements

---

### Note 3: Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

|                                       | Assets at Fair Value as of December 31, 2017 |         |         |            |

### Note 4: Information Prepared and Certified by Custodian

Certain information related to the Plan's investments disclosed in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2017 and 2016, was obtained or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the Plan.

### Note 5: Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

### Note 6: Tax Status

The Plan adopted a prototype plan with an IRS determination letter dated March 31, 2014, which states the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **Notes to Financial Statements**

### **Note 7: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 8: Party-In-Interest Transactions**

Certain plan investments and transactions related to notes receivable from participants are managed by Mid Atlantic Trust Company, the Plan custodian. These transactions qualify as party-in-interest transactions. These transactions are not considered prohibited under ERISA.

### **Note 9: Prohibited Transactions**

Under DOL Reg. 2510.3-102(b), the Organization is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Organization's general assets. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2017, totaling \$9,590, were remitted outside the requirement. These transactions constitute a prohibited transaction as defined by ERISA.
