SMOKIN JOES RETIREMENT PLAN

Notes to Financial Statements
For the Years Ended December 31, 2017 and 2016

1. PLAN DESCRIPTION

The following is a brief description of the Smokin Joes Retirement Plan (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan, established on June 1, 1999, as permitted under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is sponsored by Joseph M. Anderson d/b/a Smokin Joes (the "Company"), and covers certain related entities. Full-time employees who are 21 years of age and have completed one year of service, as defined, are eligible to participate in the Plan.

Contributions – Participants may elect to make tax deferred contributions of their annual compensation, subject to limitations imposed by the IRC. Participants who attain the age of 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. The Company provides a discretionary matching contribution equal to 25% of each participant's elective deferral, up to the first 6% of the participant's eligible wages, as defined.

Additionally, the Company may make a discretionary profit sharing contribution in an amount determined at the end of the Plan year by management. The contribution is allocated to participants based upon their percentage of compensation to the total compensation of all participants. The Company did not make any discretionary profit sharing contributions during the years ended December 31, 2017 and 2016.

Participants direct all contributions into various investment options offered by the Plan. Participants may change their investment allocations on a daily basis.

Participant Accounts – Each participant's account is credited with his or her contributions, the Company's contributions, and actual earnings thereon. Each participant's account is reduced by the actual amount of benefits paid on his or her behalf, investment losses and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their contributions and earnings thereon at all times. Vesting in the Company's contributions is based on years of continuous service as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

1. PLAN DESCRIPTION (*Continued*)

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant will be paid in one lump sum in the form of a cash distribution, direct rollover distribution, or a combination of cash and direct roller distribution. Additionally, the Plan allows for hardship withdrawals, in certain circumstances, as defined.

Forfeited Accounts – Forfeited non-vested accounts totaled $6,033 and $5,926 at December 31, 2017 and 2016, respectively. These amounts will be used to first pay administrative expenses under the Plan and then to reduce future employer contributions to the Plan.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes both realized and unrealized gains and losses incurred during the years.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded at December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – Certain costs of administering the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Recent Accounting Standards Issued – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share ("NAV") practical expedient. It also eliminates certain disclosures for investments eligible to be measured at fair value using the NAV practical expedient. The guidance was effective for fiscal years beginning after December 15, 2016, with early adoption permitted, and required retrospective application.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II were effective for fiscal years beginning after December 15, 2015 and required retrospective presentation. Part III was effective for fiscal years beginning after December 15, 2015 and required prospective application.

Management elected to early adopt ASU 2015-07 during the year ended December 31, 2016; as a result, the notes to the financial statements reflect the collective trust fund (Note 3) at the NAV practical expedient in accordance with the standard. Additionally, the accompanying notes to financial statements have been adjusted to reflect the simplifications permitted by the adoption of Part II of ASU 2015-12.

Subsequent Events – The Plan has evaluated events and transactions that occurred between January 1, 2018 and September 4, 2018, which is the date these financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- *Level 1* – Inputs to the valuation methodology that consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* – Inputs to the valuation methodology that include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. FAIR VALUE MEASUREMENTS *(Continued)*

- *Level 3* – Inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- *Collective trust fund* – The Stable Income Fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value and is based on the contract values of the underlying fully benefit-responsive investments. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions may occur daily.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, 2017 and 2016, with the exception of the collective trust fund which is measured at fair value using the NAV practical expedient. The fair value for collective trust fund is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,419,482	$ -	$ -	$ 2,419,482
Investments measured at NAV:				
Collective trust fund	-	-	-	200,708
	$ 2,419,482	$ -	$ -	$ 2,620,190

3. FAIR VALUE MEASUREMENTS (*Continued*)

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,939,546	$ -	$ -	$ 1,939,546
Investments measured at NAV:				
Collective trust fund	-	-	-	190,911
	$ 1,939,546	$ -	$ -	$ 2,130,457

The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund - 2017	$ 200,708	N/A	Daily	N/A
Collective trust fund - 2016	190,911	N/A	Daily	N/A

4. SUMMARY OF CERTIFIED UNAUDITED INFORMATION

The following financial information relating to the Plan's assets at December 31, 2017 and 2016, as well as investment income and investment transactions for the years then ended, have been derived from information provided by Fidelity Management Trust Company ("Fidelity"), the trustee, and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent auditors.

Collective trust fund	200,708	190,911

Interest income on notes receivable from participants	$ 9,678	$ 12,837
Schedule of assets (held at end of year)	Refer to supplemental schedule (page 11)	

5. PARTY-IN-INTEREST TRANSACTIONS

Fidelity was the Plan's trustee for the years ended December 31, 2017 and 2016. Investments include mutual funds sponsored by Fidelity; therefore, these transactions qualify as party-in-interest transactions. Additionally, the Plan utilizes a number of service providers which also qualify as parties-in-interest. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. During the years ended December 31, 2017 and 2016, fees paid to Fidelity for the investment management services amounted to $10,660 and $10,457, respectively.

6. INCOME TAX STATUS

The Plan and the related trust were established under a prototype plan that received a favorable tax determination letter, dated March 31, 2014, from the Internal Revenue Service ("IRS") indicating that the features of the Plan, as then designed, were in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been provided for in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. RISKS AND UNCERTAINTIES

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
