The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Access & Integrated Practice Holdings, LLC (the Company) is the Plan sponsor, administrator and employer and has appointed Great-West Trust Company, LLC as the asset custodian of the Plan and Principal Trust Company as the trustee of the Plan. The asset custodian and trustee manage the investments of the Plan. The Plan's Investment Committee is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance. All employees who have completed at least three months of service with the Company, as defined in the Plan, and are age 21 or older are eligible to participate on the first day of the quarter after meeting eligibility requirements. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 99% of pretax annual compensation (salary reduction contributions), Roth contributions, as defined in the Plan. Participants may also contribute amounts representing catch-up contributions and distributions from other qualified plans (rollover contributions). Company matching amounts may be contributed at the option of the Company. Discretionary contributions were 25% of the first 6% contributed by the employee for the year ended December 31, 2017. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, catch-up contributions, Roth contributions, rollover contributions, and an allocation of the Company's contributions and plan earnings (net of administrative expenses). All eligible employees were automatically enrolled in the Plan with a 6% deferral rate, unless increased or decreased by the employee. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction, Roth contributions and rollover contributions plus earnings thereon. Participants who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Hired prior to January 1, 2016

Less than 2	0%
2	50%
3	100%

Hired after January 1, 2016

Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

For purposes of determining the extent to which a participant is vested, a year of service is a 12 consecutive month period in which the participant is credited with 1,000 hours of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest rates between 4.25% to 5.25% as of December 31, 2017 and 4.25% to 4.50% as of December 31, 2016, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. There were no loans in default as of both December 31, 2017 and 2016.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited non-vested accounts totaled $15,173 and $0, respectively. These accounts may be used to pay Plan expenses, reduce any nonelective contribution or reduce any matching contribution. During the year ended December 31, 2017, administrative expenses were reduced by $60 from forfeited non-vested accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, asset custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payments of Benefits

Benefits are recorded when paid.

NOTE 3 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 - Fair Value of Financial Instruments (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used as of December 31, 2017 and 2016:

Mutual funds: Mutual funds are classified as Level 1 as they are traded in an active market for which closing prices are readily available and are valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment contract: Valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (Note 2).

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at fair value as of December 31, 2017			
	Total	Level 1	Level 2	Level 3
Mutual Funds:	$ 838,842	$ 838,842	$ -	$ -
Total Assets in fair value hierarchy	838,842	$ 838,842	$ -	$ -
Investments measured at net asset value (a)	7,515,348			
Investments at fair value	$ 8,354,190			

	Assets at fair value as of December 31, 2016			
	Total	Level 1	Level 2	Level 3
Mutual Funds:	$ 7,997,176	$ 7,997,176	$ -	$ -
Investments at fair value	$ 7,997,176	$ 7,997,176	$ -	$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

For years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 3 - Fair Value of Financial Instruments (cont.)

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient for the year ended December 31, 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Investment Trust Funds	$ 7,515,348	N/A	Daily	30 days

NOTE 4 - Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expense.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE 4 - Fully Benefit-Responsive Investment Contract (cont.)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with Great-West Trust Company, LLC and Principal Trust Company, the asset custodian and trustee of the Plan. The asset custodian invests funds received from interest and dividend income and make distribution payments. The trustee invests funds received from contributions, investment sales, interest, and dividend income and make distribution payments and notes receivable to participants.

NOTE 6 - Related Party and Party-In-Interest

Certain of the Plan's investments are managed by the asset custodian and trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transaction qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their Company contributions.

NOTE 8 - Plan Tax Status

The Plan is a prototype defined contribution plan. The prototype sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, in which the IRS states that the prototype plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2017 and 2016, the Plan's net assets available for benefits were concentrated in four and two funds that totaled $7,410,091 and $2,313,591, respectively.

NOTE 10 - Information Certified by Asset Custodian and Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2017 and 2016. Accordingly, Great-West Trust Company, the asset custodian of the Plan, has certified the completeness and accuracy of the investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017. Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

NOTE 11 - Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 7, 2018, the date the financial statements were available to be issued.

Effective April 4, 2018 Kremer Eye Center was sold to Omni Ophthalmic Management Consultants, LLC. Kremer participants in the Access and Integrated Practice Holdings, LLC 401(k) Plan transferred $3.7 million to the Omni Ophthalmic Management Consultants 401(k) Profit Sharing Plan effective July 31, 2018.
