INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of
Riverhead Building Supply Corp. 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Riverhead Building Supply Corp. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2017 and 2016 and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2017 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Plan management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by MassMutual Life Insurance Company and Reliance Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial

statements. We have been informed by the Plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2017 and 2016, that the information provided to the Plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of or for the year ended December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Riverhead Building Supply Corp. 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan:**

The following description of the Riverhead Building Supply Corp. (the Sponsor) 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering non-union employees of the Sponsor who are age 21 or older and,

- if classified as "full time", have completed 90 days of employment, or
- if classified as "part time", have completed 1,000 hours of service in a year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was restated in compliance with the Pension Protection Act.

Contributions: Each year, participants may elect to have compensation deferred up to the maximum percentage allowable, not to exceed the statutory limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows for the election of after-tax contributions (Roth contributions). The Sponsor, at the option of the Sponsor's Board of Directors, may make a discretionary percentage match of 0% to 100% of the participant's elective deferrals and has the option to limit the amount of matching contribution to a specified percentage of compensation or a specified dollar amount.

Eligible employees who have not completed a salary deferral agreement will automatically have 3% withheld from their pay each payroll period, which will be contributed to the Plan as a salary deferral. Eligible employees may enter a salary deferral arrangement at any time to select an alternative deferral amount or elect not to defer under the Plan. On January 1st of the second full Plan year following the Plan year in which automatic contributions begin, the automatic deferral will increase by 1% of compensation. Thereafter, annual 1% increases will occur up to a maximum of 10% of compensation unless specified otherwise by the eligible employee.

Effective July 1, 2017, a Plan amendment provides that all participants that do not have a deferral percentage at least equal to the 3% automatic enrollment percentage will be re-enrolled at 3%. Participants deferring contributions in dollars and not percentages will not be impacted.

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan (continued):**

Contributions (continued):

Each year, the employer may, in its discretion, make a profit sharing contribution. The employer will determine the amount of the contribution to be made on behalf of each allocation group. Employees are placed in an allocation group "tier" based on the tier definitions in the Plan document.

The contribution is allocated evenly in proportion to Plan compensation within each group of employees. The compensation computation period is the Plan year. For the year ended December 31, 2017, the employer profit sharing contribution received by the Plan was $1,276,430.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution, if any, (b) Plan earnings, net of an allocation of administrative expenses and (c) participant-initiated charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsor's discretionary employer match contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. As per the Plan restatement effective January 1, 2016, the discretionary employer match contribution is subject to a six-year graded schedule for employees hired on or after January 1, 2016. For all employees hired prior to January 1, 2016, a three-year cliff vesting schedule will apply. Vesting in the Sponsor's profit sharing contribution and related earnings is based on years of service and is determined as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan (continued):**

Investment options: Participants direct the investment of their contribution and their share of the employer contribution into various investment options offered by the Plan. Available investment options include a Guaranteed Interest Fund, Mutual Funds and Pooled Separate Investment Accounts (through June 29, 2017). The principal of the Guaranteed Interest Fund is guaranteed, as long as the contract is in force. The principal of both the Pooled Separate Investment Account and the Mutual Funds is not guaranteed. Due to market volatility, these accounts are subject to market risk.

Participants may change their investment options daily. Transfers into certain investment options are prohibited if the participant made a purchase followed by a sale involving the same investment within the previous 60 days.

Some participants enter the Plan via automatic enrollment. Deferrals of participants that enter the Plan via automatic enrollment are non-participant directed. These are invested into the Target Date investment options according to their age in relation to the "normal retirement age." Non-participant directed amounts have been determined to be immaterial to the financial statements taken as a whole.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of:

1) $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the loan application is approved by the trustees over the outstanding balance of loans from the Plan on the date the loan application is approved, or

2) 50% of the present value of the non-forfeitable accrued benefit of the participant.

Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. The Plan does not permit loan payments to exceed five years, even for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at 1.00% above the prime rate. During the years ended December 31, 2017 and 2016, interest rates ranged from 4.25% to 5.50% and 4.25% to 4.75%, respectively. Principal and interest is paid ratably through weekly payroll deductions. The default of a loan is deemed a taxable distribution of the unpaid balance.

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan (continued):**

Payment of benefits: Upon termination of service, the participant may be entitled to a distribution from the Plan. The availability of a distribution will depend upon the amount of the participant's vested account balance:

1) *Vested account balance in excess of $5,000*: the separated participant may elect a lump-sum payment, a direct rollover or installment payments. The separated participant may also elect to remain in the Plan.

2) *Vested account balance of $5,000 or less*: the separated participant may elect to receive a lump-sum distribution or a direct rollover. If the total vested benefit is $1,000 or less upon employment termination, the entire vested benefit will automatically be distributed to the separated participant in a lump-sum.

For continuing employees not reaching age 59 1/2, a participant may only withdraw his or her elective deferrals in case of financial hardship, as set forth in the Plan.

Forfeited accounts: During the years ended December 31, 2017 and 2016, non-vested accounts were forfeited in the amounts of $27,071 and $10,723, respectively. Notwithstanding any other provision of the Plan to the contrary, any forfeitures not used to pay Plan expenses shall reduce the amount of any discretionary employer contribution. In 2017 and 2016, $26,535 and $13,367 in Plan expenses were paid from forfeited, non-vested accounts.

2. **Summary of significant accounting policies:**

Basis of accounting: The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a special purpose framework of accounting other than accounting principles generally accepted in the United States of America. This method differs from generally accepted accounting principles in that additions to the Plan (investment income and contributions) are recorded when received and deductions from the Plan (benefits and administrative expenses) are recorded when paid.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Both the

NOTES TO FINANCIAL STATEMENTS

2. **Summary of significant accounting policies (continued):**

Basis of accounting (continued):

Statements of Net Assets Available for Benefits (Modified Cash Basis) and the Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis) present the contract value of the fully benefit-responsive investment contracts.

Notes receivable from participants: Amounts participants borrow from their vested account balance are reported at their unpaid principal balances plus any accrued but unpaid interest.

Estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Funding policy: The Sponsor's policy is to remit the participants' contributions within the allowable time period prescribed by ERISA.

Concentrations of credit, interest rate and market risk: The Plan provides participants with various investment options, which include stocks, bonds, fixed income securities (including guaranteed investment contracts), money market instruments and other investment securities. Investment securities are exposed to various risks, such as credit, interest rate and market risks. Due to the level of risks associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits (Modified Cash Basis).

2. **Summary of significant accounting policies (continued):**

Expenses: Several of the investment fund options are subject to investment fees based upon a percentage of invested assets, as disclosed in each fund's prospectus. All such fees are charged directly against the fund's investment performance and, thus, are not separately disclosed in the accompanying financial statements. Participant notes receivable are assessed a separate fee for the administration of loan transactions. All other administrative expenses related to the Plan may be paid by either the Sponsor or the Plan.

Newly adopted accounting standards: In May 2015 Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820). Topic 820, permits a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment. There was diversity in practice related to how certain investments measured at net asset value with redemption dates in the future (including periodic redemption dates) were categorized within the fair value hierarchy. The objective of this update is to address that diversity in practice. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as a practical expedient. The amendments in this update are effective for non-public business entities for fiscal years beginning after December 15, 2016 and should be applied retrospectively to all periods presented.

The application of this new pronouncement resulted in changes to the presentation of the Plan's fair value disclosures for its investments in the pooled separate investment accounts. The retrospective approach requires that an investment for which fair value is measured using the net asset value, per share, practical expedient be removed from the fair value hierarchy in all periods presented in the Plan's financial statements.

In June 2015, FASB issued ASU 2015-10, Technical Corrections and Improvements. The amendments in this update cover a wide-range of topics in the codification. The reason for each amendment is provided before each amendment for clarity and ease of understanding. The biggest impact of this update on employee benefit plans relates to changes in the FASB's definition of "readily determinable fair value". The fair value of an equity security that is an investment in a mutual fund or in a structure similar to a mutual fund (limited partnership or venture capital entity) is readily determinable if the fair value per share (unit) is determined and published and is the basis for current transactions. Thus, if an investment has a readily determinable fair value, then the investment must be valued at the readily determinable

Newly adopted accounting standards (continued):

fair value and not net asset value as a practical expedient. The amendments in this update are effective for non-public business entities for fiscal years beginning after December 15, 2015.

The Plan's investment in mutual funds meet the FASB's definition of "readily determinable fair value" and, therefore, have been presented in the notes to financial statements accordingly.

Subsequent events: Subsequent events have been evaluated through August 22, 2018, which is the date the financial statements were available to be issued.

3. **Investment contract with insurance company:**

In 1993, the Plan entered into a fully benefit-responsive investment contract with MassMutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. As such, the guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits (Modified Cash Basis) at contract value. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with MassMutual. The Plan administrator believes the occurrence of such events is not probable.

MassMutual holds major credit ratings of AA+/A++/Aa2.

4. **Fair value measurements:**

The Plan follows the recommendations of generally accepted accounting principles, which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. **Fair value measurements (continued):**

Pooled separate accounts: Valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The aforementioned methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Investments at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual Funds	$26,479,390	$ -	$ -	$26,479,390
Total assets at fair value	$26,479,390	$ -	$ -	$26,479,390

Investments at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds	$170,361	$ -	$ -	$ 170,361
Total assets in the fair value hierarchy	$170,361	$ -	$ -	170,361
Pooled separate investment accounts				18,751,067
Total assets at fair value				$18,921,428

5. **Transactions with parties-in-interest:**

The Plan's funding vehicle, under which benefits are made in accordance with the Plan document, is a Group Annuity Contract with MassMutual. MassMutual is the Plan custodian. Therefore, these relationships qualify MassMutual as a party-in-interest. The investments with MassMutual represent 25.8% and 97.0% of net assets available for Plan benefits at December 31, 2017 and 2016, respectively.

With respect to the Plan's investments in mutual funds, the mutual fund companies are considered to be service providers to the Plan and, as such, are considered a party-in-interest. The investments in mutual funds represent 72.0% and 0.6% of net assets available for Plan benefits at December 31, 2017 and 2016, respectively.

The Plan contracts with UBS Financial Services, Inc. for investment advisory services. Therefore, this relationship also qualifies as a party-in-interest.

Administrative fees include fees for contract administration, audit services and investment advisory services. For the years ended December 31, 2017 and 2016, administration fees totaled $122,021 and $89,312, respectively.

6. **Plan termination:**

Although it has not expressed any intent to do so, the Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. **Tax status:**

The Plan is part of the MassMutual Volume Submitter Profit Sharing Plan with CODA, which has received an advisory letter dated March 31, 2014 from the Internal Revenue Service stating that the Plan is acceptable under Section 401 of the Internal Revenue Code (the Code) for use by employers for the benefit of their employees. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code.

Although the Plan has been restated since receiving this determination letter, Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been made in the financial statements.

7. **Tax status (continued):**

The Plan follows recommendations of accounting principles generally accepted in the United States of America, which require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. **Certifications by Plan custodians:**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2017 and 2016 and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by MassMutual and Reliance Trust Company, the custodians of the Plan. The contract value of the guaranteed investment contract was also certified by MassMutual.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
