1. Summary of Significant Accounting Policies

A summary of the major accounting policies followed by the Storm Water Solutions 401(k) Plan ("Plan") in the preparation of the accompanying financial statements is presented below:

On January 3, 2017 the assets from the Beyer Construction, LLC 401(k) Profit Sharing Plan was transferred into the plan which included the company participants Beyer Construction, LLC and Camino Services LLC.

In 2017 the company participants Corre Camino Services LLC and LID Solutions, LLC were added to the plan.

On September 15, 2017 the custodian of the assets of the plan was transferred from Charles Schwab Bank to John Hancock Life Insurance Company.

In September 2016 an amendment was adopted to change the name of the Plan from Storm Water Solutions, LP 401(k) Plan to Storm Water Solutions 401(k) Plan. Also, the amendment changed the plan sponsor from Storm Water Solutions, LP to Storm Water Solutions, LLC.

The Plan's investments are reported at fair value as determined by John Hancock Life Insurance Company for the year ended December 31, 2017 and Charles Schwab Bank for the year ended December 31, 2016, based on quoted market values of underlying assets. Purchases and sales of securities are recorded on a trade-date basis.

The financial statements of the Plan were prepared using generally accepted accounting principles for the years ended December 31, 2017 and 2016.

The Profit Sharing Plan is qualified under Section 401(a) of the Internal Revenue Code and is exempt from Federal Income Taxes under 501(a) of the Internal Revenue Code.

The Internal Revenue Service has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. For federal income tax purposes the tax returns essentially remain open for possible examination for a period of three years after the date on which those returns are filed.

1. Summary of Significant Accounting Policies (Continued)

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Investments

The Plan's investments are currently held by a retirement investment company and consist of cash and mutual funds. Mutual Fund accounts consist of stocks, bonds and fixed investments.

3. Plan Participants' Equity

The net assets available for Plan benefits are composed of the trust fund established by the Plan's Trustee for the benefit of the plan participants.

The net assets available for Plan benefits are composed of the following companies participants:

Storm Water Solutions LLC	Corre Camino Services LLC	Camino Services LLC
Beyer Construction, LLC	LID Solutions, LLC	

4. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the company who have one year of service, 1,000 hours of service during the plan year, are employed as of the last day of the plan year and are age nineteen or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

The fiduciaries of the Plan are the managing members of the plan sponsors/Companies. Among other duties, the fiduciaries are responsible for overseeing the Plan and evaluating plan management and service providers. John Hancock Life Insurance Company and Charles Schwab Bank are the custodians and trustees of the plan. The trustee's duties include receiving contributions, holding and investing the fund assets in accordance with the directions of the participants, making distributions as directed by the plan administrator, and transaction processing, including maintaining complete and accurate account records for all plan participants, allocating contributions and earnings, posting distributions and forfeiture information to participant accounts, and preparing participant statements and reports.

BOK Financial Asset Management, Inc. is the Plan's third party plan administrator.

Contributions

Participants may elect to contribute up to 25% of their annual wages as either traditional, pre-tax contributions and/or Roth contributions. These combined contributions are subject to annual IRS dollar limitations as set forth by Section 415 of the Internal Revenue Code and are adjusted on an annual basis for cost-of-living increases. For 2017 and 2016, the maximum contribution that can be made is $18,000 per year, with an additional $6,000 catch-up contribution for employees who are at least age 50 by the end of the year. Only an employee's salary deferral contributions can be allocated to the Roth account. In 2017 the companies were matching participant contributions at 100% up to 4% and in 2016 the company made a discretionary profit sharing contribution of 100% up to 3%.

Participants can also roll over amounts into the Plan from other qualified plans.

The Plan also allows for discretionary employer matching and/or profit sharing contributions that are determined and funded on an annual basis. For the years ended December 31, 2017 and 2016, the company match was $394,766 and $164,820.

At the option of the Companies' Board of Directors, the Companies may also make an annual discretionary profit sharing contribution which is not limited to its current or accumulated net profit. For the years ended December 31, 2017 and 2016, the discretionary profit sharing was $-0- and $148,615.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts as determined by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in amounts contributed from their salary deferrals and in the non-elective safe harbor match. Participants will always be vested if they are employed on or after their normal retirement age. The vesting percentage in the participant's account generated from discretionary profit sharing contributions is determined under the following schedule and is based on vesting years of service.

Years of Service	Percentage
0-2	0%
2-3	20%
3-4	40%
4-5	60%
5-6	80%
6 or more	100%

4. Description of Plan (Continued)

Forfeitures

The non-vested portion of a terminated participant's account balance remains in the Plan and is referred to as a forfeiture. Forfeitures may be used for several purposes such as payment of Plan expenses. Any forfeitures not used by the Plan can be used to reduce the Company's contributions to the plan. For the years ended December 31, 2017 and 2016, forfeitures used totaled $13,570 and $13,171, respectively. In 2017 and 2016, forfeitures used were applied towards trustee fees. Forfeited non-vested accounts that have not been applied totaled $-0- and $415 at December 31, 2017 and 2016.

Administrative Charges

All administrative expenses of the Plan, except amounts paid for certain investments, advisory services and bank charges, are paid by the Companies.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will be entitled to receive 100% of their account balance in either a lump sum amount or in annual installments over a specified period of time. On termination of service for reasons other than death, disability or retirement, a participant will be entitled to receive only the vested percentage of their account balance and the remainder of their account will be forfeited.

Loans

Participants are able to borrow up to the lesser of 50% of their vested balances or $50,000. All loans bear a reasonable interest rate based on current market rates and all loans have a definite repayment period not to exceed five years unless loan is used to acquire a principal residence. Loan repayments at a minimum are made on a weekly basis and must be paid by payroll deductions. As of December 31, 2017, interest rates on outstanding loans range from 4.25% to 5.25% with payback periods ranging from two to thirty years. As of December 31, 2016, interest rates on outstanding loans range from 4.25% to 4.5% with payback periods ranging from three to five years.

5. Participant Directed Investments

Investments held by the Plan represent participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investments. Participants should see the John Hancock Life Insurance Company website for the investment choices offered.

6. Certification Information

As permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information prepared and certified by a bank or insurance company, which is regulated, supervised and subject to periodic examination by a state or federal agency, need not be audited. The plan administrator has obtained certifications from John Hancock Life Insurance Company (custodian) for 2017 and Charles Schwab Bank (custodian) for 2016 that all information provided by them is complete and accurate. Information included in the accompanying financial statements and notes to financial statements as to investments, net appreciation (depreciation) in fair value of investments, interest income and all information in the Supplemental Schedule H, line 4i, Schedule of Assets (held at year end), is presented solely upon reliance on those certifications. The independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information in the financial statements, notes to financial statements, and supplemental schedule.

7. Party-in-Interest Transactions

For the years ended December 31, 2017 and 2016, plan investments are shares of mutual fund and pooled seperate accounts which are managed by John Hancock Life Insurance Company for 2017 and Charles Schwab Bank for 2016, an entity that is a party-in-interest with respect to the plan. These transactions are exempt and covered by the Prohibited Transaction Exemption provisions of ERISA and the Code.

The TPA receives fees for various administrative services provided during the year. Fees paid during the years ended December 31, 2017 and 2016 for these services totaled $42,205 and $17,388, respectively. These fees were based on customary and reasonable rates for such services.

The Companies provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Auditing fees paid by the Companies on behalf of the Plan were $6,928 and $8,478 for the years ended December 31, 2017 and 2016.

8. Risks and Uncertainties

The Plan may invest in various types of investment securities which are not insured by the federal government. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

9. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements Using:	
December 31, 2017	(Level 1)	Total
Mutual Funds	$ 8,789,918	$ 8,789,918
December 31, 2016	(Level 1)	Total
Mutual Funds	$ 4,349,169	$ 4,349,169

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are other than quoted prices that are observable; and Level 3 are unobservable inputs used for valuing the asset. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

10. Continuation of the Plan

The Companies plan to continue the Plan indefinitely, but has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

11. Subsequent Events

Subsequent events were evaluated through September 7, 2018, which is the date the financial statements were available to be issued.
