Note A - Description of the Plan

The following description of the KDW Automotive 401(k) Plan, (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan sponsored by KDW Automotive, Inc. (the "Company") for the benefit of its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   Effective December 1, 2015, the Plan was formed as a result of an acquisition by the Company. Assets of $1,162,894 were rolled into the Plan on January 29, 2016, and participant notes receivable totaling $109,325 were transferred in from a qualified plan of the acquired entity.

2. Eligibility: Employees of the Company become eligible to participate following the completion of 30 days of service and the attainment of age 18. Plan entry is the first day of each month.

3. Contributions: Participants may elect to make pre-tax or after-tax Roth contributions to the Plan up to the allowable limits established by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of a Plan year may elect to make additional catch-up contributions. Participants can also contribute amounts representing distributions from other qualified plans.

   The Company may make a discretionary matching contribution as determined by the Company's Board of Directors for all non-highly compensated participants. For the Plan years ended December 31, 2017 and 2016, the Company made a matching contribution equal to forty cents for every one dollar of participant pre-tax contributions made to the Plan, with a maximum matching contribution of $400. The matching contribution is deposited into the Plan in January of the year following the allocation date. During 2017, the Company made a qualified nonelective contribution ("QNEC") including lost earnings to the Plan approximating $32,000 to correct operational errors pertaining to the Plan's definition of compensation.

4. Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of credited service. Participants are 100% vested after five years of credited service.

6. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

7. Notes Receivable from Participants: Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at Prime Rate plus 1%. All notes have a definite repayment period, not to exceed five years, unless it is for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions. Participants are limited to two outstanding loans at a time.

Note A - Description of the Plan (Continued)

8. Benefits: Upon termination of employment, retirement, death or disability, a participant (or beneficiary) may elect to receive distributions from the Plan in an amount equal to the value of the participant's vested interest. Benefits may be paid in a single lump sum or in annual installments over a period of time. The Plan also permits hardship and in-service withdrawals subject to certain restrictions.

9. Forfeitures: Forfeited balances from terminated participant's non-vested accounts can either be used to pay Plan expenses or reduce future Company contributions. There were no forfeitures used or available for the years ended December 31, 2017 and 2016.

Note B - Summary of Significant Accounting Policies

1. Method of Accounting: The financial statements are prepared using the modified cash basis method of accounting. Under this method, certain additions are recognized and recorded when received rather than when earned and certain deductions are recorded when paid rather than when incurred. The modified cash basis method of accounting is a basis of accounting other than generally accepted accounting principles in the United States of America.

2. Use of Estimates: The preparation of financial statements in conformity with the modified cash basis method of accounting requires the Company to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussions of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the Plan year.

4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

5. Payment of Benefits: Benefits are recorded when paid.

6. Administrative Expenses: Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

7. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

8. Subsequent Events: The Company has evaluated subsequent events through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued.

Note C - Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, the Schedule of Assets (Held at End of Year) at December 31, 2017, and the related investment income information reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016. The trustee did not certify notes receivable from participants and related activity.

Note D - Fair Value Measurements

The Financial Accounting Standards Board ("FASB") provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at quoted prices from an active market which represents the net asset value ("NAV") of shares held by the Plan at year-end.

Common/Collective Trust Funds: Valued at the NAV of units held by the Plan at year-end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D - Fair Value Measurements (Continued)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis at December 31, 2017 and 2016:

2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,188,090	$ -	$ -	$ 1,188,090
Total assets in the fair value hierarchy	$ 1,188,090	$ -	$ -	1,188,090
Investments measured at NAV (a)				10,489
Investments at fair value				$ 1,198,579

2016	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,031,146	$ -	$ -	$ 1,031,146
Total assets in the fair value hierarchy	$ 1,031,146	$ -	$ -	1,031,146
Investments measured at NAV (a)				18,558
Investments at fair value				$ 1,049,704

(a) In accordance with FASB guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the Statements of Net Assets Available for Benefits.

Note E - Plan Termination

Although they have not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in the Company's contributions.

Note F - Tax Status

The Internal Revenue Service ruled on March 31, 2014 that the Volume Submitter Plan Document sponsored by Wells Fargo Bank, N.A. and upon which the Plan is based, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles requires the Company to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Company has analyzed the tax positions taken by the Plan, and has concluded, that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

The Plan invests in a common/collective trust fund managed by Wells Fargo Bank, N.A., the trustee of the Plan. This investment and related transactions qualify as party-in-interest transactions.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
