The Plan was established on June 1, 2003, and is sponsored by Technology Service Professionals, Inc. (the "Company" or "Plan Administrator"). Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company ("Prudential" or collectively the "Trustees") serve as the Trustees and recordkeeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees became eligible for participation on the first day of the month after attaining the age of twenty-one, with the exception of members of collective bargaining units, non-resident employees, and employees residing in Puerto Rico, as defined by the Plan document.

Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company discretionary matching contributions, discretionary profit sharing contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through participant elective deferrals and Company matching contributions. Participants may elect to contribute any portion of his or her pretax or after-tax "Roth" compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

Unless otherwise elected, eligible employees will be automatically enrolled in the Plan at a contribution rate of 4% of pretax compensation. The Plan also has an automatic pretax elective deferral increase feature. Unless otherwise elected, pre-tax contribution elections are increased on an annual basis on the first day of the Plan year by 1% of compensation per year up to a maximum of 99% of eligible compensation.

The Company makes discretionary matching contributions of 50% of employees' salary deferral amounts on the first 4% of employees' eligible compensation, and the Company may make additional Company discretionary profit sharing contributions as defined and approved. No discretionary profit sharing contributions were made for the year ended December 31, 2017.

1 – DESCRIPTION OF PLAN, CONTINUED

VESTING

Participants are immediately vested in elective deferrals, rollover contributions, and qualified non-elective employer matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, plus actual earnings, thereon, is based on continuous years of service as follows:

Years of Service	Vesting Percent
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company matching contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2017 and 2016, there were $7,459 and $13,547 available, respectively. During 2017, forfeitures in the amounts of $171,748 and $183,205 were used to pay Plan expenses and reduce Company matching contributions, respectively.

REVENUE SHARING ACCOUNT

Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. During December 31, 2017, revenue sharing totaling $47,078 was contributed to the Plan, and is recorded as other income on the statement of changes in net assets available for benefits. Funds of $25,000 were used to pay administrative expenses for the year ended December 31, 2017.

BENEFITS PAID TO PARTICIPANTS

Participants may withdraw amounts from their account during the year for reasons of disability, retirement, death, or terminations, and are entitled to their vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. For vested account balances greater than $5,000, participants may elect a distribution in the form of a single lump sum payment. Upon termination, for vested account balances greater than $1,000 but less than $5,000, participants may elect to receive or roll over the distribution upon termination. Otherwise, the distribution will be directly rolled over to an IRA.

1 – DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A participant may only have two loans outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of prime rate plus 1%. Any note must be repaid within five years unless for the purchase of a primary residence which is fifteen years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants, as of December 31, 2017, have interest rates of 4.25% to 5.25% and maturity dates from January 2018 through November 3032. Notes receivable from participants, as of December 31, 2016, have interest rates of 4.25% to 4.50% and maturity dates from January 2017 through September 2031.

ADMINISTRATIVE EXPENSES

Distribution, loan and other transaction based fees are charged directly to the requesting participant's account. Certain Plan administrative and processing fees are paid by the Company. Contract administrator and investment advisory expenses are paid by the Plan to the extent that they are not paid by the Company. Expenses attributable to the active participants are allocated among the active participants in proportion to the amount of their account balance.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' account shall become 100% vested, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. GAAP.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, (See "Note 3 - Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See "Note 5 - Guaranteed Investment Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation and depreciation includes realized gains and losses on the investments bought and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued, unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

BENEFITS

Benefits are recorded when paid.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and after December 15, 2016 for all other entities with early adoption permitted. In 2017, Plan management adopted ASU No. 2015-7 with no material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 16,274,653	$ -	$ -	$ 16,274,653
Total investments, at fair value	$ 16,274,653	$ -	$ -	$ 16,274,653

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 12,436,850	$ -	$ -	$ 12,436,850
Total investments, at fair value	$ 12,436,850	$ -	$ -	$ 12,436,850

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustees and party-in-interest to the Plan, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Trustees to the information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2017	2016
Investmets, at fair value:		
Mutual funds of registered investment companies	$ 16,274,653	$ 12,436,850
Total investments, at fair value	16,274,653	12,436,850
Guaranteed investment contract, at contract value	84,127	461,246
Total investments	$ 16,358,780	$ 12,898,096
Notes receivable from participants	$ 524,650	$ 419,451
Interest and dividends	$ 383,068	
Other income	$ 47,078	
Net appreciation in fair value of investments	$ 1,796,835	
Interest on notes receivable from participants	$ 19,270	

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan holds funds in a fully benefit-responsive guaranteed investment contract, the Prudential Guaranteed Income Fund. Prudential maintains the contributions in its general account. Prudential's general account is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. The Plan or Prudential can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract were to terminate by the Plan or Prudential, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump sum distribution, which may result in a distribution that is less than or in excess of contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market date (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include units of a guaranteed investment contract managed by Prudential Retirement Insurance and Annuity Company. Prudential acted in capacity as the Trustee as of December 31, 2017 and 2016; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $146,942 for the year ended December 31, 2017.

7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options, including mutual funds of registered investment companies and a guaranteed investment contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements or participant accounts.

8 – TAX STATUS OF THE PLAN

The Plan was based on a prototype plan developed by The Prudential Insurance Company of America, which received a favorable opinion letter dated April 29, 2014. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2014.

9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the year ended December 31, 2017. As a result, excess contributions payable amounting to $4,348 are recorded as liabilities in the accompanying statements of net assets available for benefits as of December 31, 2017, and as a reduction to contributions in the related statement of changes in net assets available for benefits for the year ended December 31, 2017.

10 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2017:

Net assets available for benefits per the financial statements	$	16,879,082
Add: Excess contributions payable		4,348
Net assets available for benefits per the Form 5500	$	16,883,430

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:

Net increase in net assets per the financial statements	$	3,561,535
Add: current year excess contributions payable		4,348
Net increase in net assets per the Form 5500	$	3,565,883

11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Company has evaluated events or transactions occurring after December 31, 2017, the statements of net assets available for benefits date, through September 7, 2018, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact the financial statements as of and for the year ended December 31, 2017.

1 – DESCRIPTION OF PLAN

GENERAL

The TSP, Inc. 401(k) P/S Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on June 1, 2003, and is sponsored by Technology Service Professionals, Inc. (the "Company" or "Plan Administrator"). Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company ("Prudential" or collectively the "Trustees") serve as the Trustees and recordkeeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees became eligible for participation on the first day of the month after attaining the age of twenty-one, with the exception of members of collective bargaining units, non-resident employees, and employees residing in Puerto Rico, as defined by the Plan document.

Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company discretionary matching contributions, discretionary profit sharing contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through participant elective deferrals and Company matching contributions. Participants may elect to contribute any portion of his or her pretax or after-tax "Roth" compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

Unless otherwise elected, eligible employees will be automatically enrolled in the Plan at a contribution rate of 4% of pretax compensation. The Plan also has an automatic pretax elective deferral increase feature. Unless otherwise elected, pre-tax contribution elections are increased on an annual basis on the first day of the Plan year by 1% of compensation per year up to a maximum of 99% of eligible compensation.

The Company makes discretionary matching contributions of 50% of employees' salary deferral amounts on the first 4% of employees' eligible compensation, and the Company may make additional Company discretionary profit sharing contributions as defined and approved. No discretionary profit sharing contributions were made for the year ended December 31, 2017.

1 – DESCRIPTION OF PLAN, CONTINUED

VESTING

Participants are immediately vested in elective deferrals, rollover contributions, and qualified non-elective employer matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, plus actual earnings, thereon, is based on continuous years of service as follows:

Years of Service	Vesting Percent
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company matching contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2017 and 2016, there were $7,459 and $13,547 available, respectively. During 2017, forfeitures in the amounts of $171,748 and $183,205 were used to pay Plan expenses and reduce Company matching contributions, respectively.

REVENUE SHARING ACCOUNT

Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. During December 31, 2017, revenue sharing totaling $47,078 was contributed to the Plan, and is recorded as other income on the statement of changes in net assets available for benefits. Funds of $25,000 were used to pay administrative expenses for the year ended December 31, 2017.

BENEFITS PAID TO PARTICIPANTS

Participants may withdraw amounts from their account during the year for reasons of disability, retirement, death, or terminations, and are entitled to their vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. For vested account balances greater than $5,000, participants may elect a distribution in the form of a single lump sum payment. Upon termination, for vested account balances greater than $1,000 but less than $5,000, participants may elect to receive or roll over the distribution upon termination. Otherwise, the distribution will be directly rolled over to an IRA.

1 – DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A participant may only have two loans outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of prime rate plus 1%. Any note must be repaid within five years unless for the purchase of a primary residence which is fifteen years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants, as of December 31, 2017, have interest rates of 4.25% to 5.25% and maturity dates from January 2018 through November 3032. Notes receivable from participants, as of December 31, 2016, have interest rates of 4.25% to 4.50% and maturity dates from January 2017 through September 2031.

ADMINISTRATIVE EXPENSES

Distribution, loan and other transaction based fees are charged directly to the requesting participant's account. Certain Plan administrative and processing fees are paid by the Company. Contract administrator and investment advisory expenses are paid by the Plan to the extent that they are not paid by the Company. Expenses attributable to the active participants are allocated among the active participants in proportion to the amount of their account balance.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' account shall become 100% vested, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. GAAP.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, (See "Note 3 - Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See "Note 5 - Guaranteed Investment Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation and depreciation includes realized gains and losses on the investments bought and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued, unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

BENEFITS

Benefits are recorded when paid.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and after December 15, 2016 for all other entities with early adoption permitted. In 2017, Plan management adopted ASU No. 2015-7 with no material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 16,274,653	$ -	$ -	$ 16,274,653
Total investments, at fair value	$ 16,274,653	$ -	$ -	$ 16,274,653

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 12,436,850	$ -	$ -	$ 12,436,850
Total investments, at fair value	$ 12,436,850	$ -	$ -	$ 12,436,850

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustees and party-in-interest to the Plan, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Trustees to the information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2017	2016
Investmets, at fair value:		
Mutual funds of registered investment companies	$ 16,274,653	$ 12,436,850
Total investments, at fair value	16,274,653	12,436,850
Guaranteed investment contract, at contract value	84,127	461,246
Total investments	$ 16,358,780	$ 12,898,096
Notes receivable from participants	$ 524,650	$ 419,451
Interest and dividends	$ 383,068	
Other income	$ 47,078	
Net appreciation in fair value of investments	$ 1,796,835	
Interest on notes receivable from participants	$ 19,270	

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan holds funds in a fully benefit-responsive guaranteed investment contract, the Prudential Guaranteed Income Fund. Prudential maintains the contributions in its general account. Prudential's general account is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. The Plan or Prudential can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract were to terminate by the Plan or Prudential, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump sum distribution, which may result in a distribution that is less than or in excess of contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market date (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include units of a guaranteed investment contract managed by Prudential Retirement Insurance and Annuity Company. Prudential acted in capacity as the Trustee as of December 31, 2017 and 2016; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $146,942 for the year ended December 31, 2017.

7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options, including mutual funds of registered investment companies and a guaranteed investment contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements or participant accounts.

8 – TAX STATUS OF THE PLAN

The Plan was based on a prototype plan developed by The Prudential Insurance Company of America, which received a favorable opinion letter dated April 29, 2014. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2014.

9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the year ended December 31, 2017. As a result, excess contributions payable amounting to $4,348 are recorded as liabilities in the accompanying statements of net assets available for benefits as of December 31, 2017, and as a reduction to contributions in the related statement of changes in net assets available for benefits for the year ended December 31, 2017.

10 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2017:

Net assets available for benefits per the financial statements	$	16,879,082
Add: Excess contributions payable		4,348
Net assets available for benefits per the Form 5500	$	16,883,430

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:

Net increase in net assets per the financial statements	$	3,561,535
Add: current year excess contributions payable		4,348
Net increase in net assets per the Form 5500	$	3,565,883

11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Company has evaluated events or transactions occurring after December 31, 2017, the statements of net assets available for benefits date, through September 7, 2018, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact the financial statements as of and for the year ended December 31, 2017.

1 – DESCRIPTION OF PLAN

GENERAL

The TSP, Inc. 401(k) P/S Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on June 1, 2003, and is sponsored by Technology Service Professionals, Inc. (the "Company" or "Plan Administrator"). Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company ("Prudential" or collectively the "Trustees") serve as the Trustees and recordkeeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees became eligible for participation on the first day of the month after attaining the age of twenty-one, with the exception of members of collective bargaining units, non-resident employees, and employees residing in Puerto Rico, as defined by the Plan document.

Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, Company discretionary matching contributions, discretionary profit sharing contributions, and an allocation of Plan earnings and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through participant elective deferrals and Company matching contributions. Participants may elect to contribute any portion of his or her pretax or after-tax "Roth" compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Participants who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

Unless otherwise elected, eligible employees will be automatically enrolled in the Plan at a contribution rate of 4% of pretax compensation. The Plan also has an automatic pretax elective deferral increase feature. Unless otherwise elected, pre-tax contribution elections are increased on an annual basis on the first day of the Plan year by 1% of compensation per year up to a maximum of 99% of eligible compensation.

The Company makes discretionary matching contributions of 50% of employees' salary deferral amounts on the first 4% of employees' eligible compensation, and the Company may make additional Company discretionary profit sharing contributions as defined and approved. No discretionary profit sharing contributions were made for the year ended December 31, 2017.

1 – DESCRIPTION OF PLAN, CONTINUED

VESTING

Participants are immediately vested in elective deferrals, rollover contributions, and qualified non-elective employer matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contributions, plus actual earnings, thereon, is based on continuous years of service as follows:

Years of Service	Vesting Percent
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

FORFEITURES

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses or reduce Company matching contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2017 and 2016, there were $7,459 and $13,547 available, respectively. During 2017, forfeitures in the amounts of $171,748 and $183,205 were used to pay Plan expenses and reduce Company matching contributions, respectively.

REVENUE SHARING ACCOUNT

Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. During December 31, 2017, revenue sharing totaling $47,078 was contributed to the Plan, and is recorded as other income on the statement of changes in net assets available for benefits. Funds of $25,000 were used to pay administrative expenses for the year ended December 31, 2017.

BENEFITS PAID TO PARTICIPANTS

Participants may withdraw amounts from their account during the year for reasons of disability, retirement, death, or terminations, and are entitled to their vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. For vested account balances greater than $5,000, participants may elect a distribution in the form of a single lump sum payment. Upon termination, for vested account balances greater than $1,000 but less than $5,000, participants may elect to receive or roll over the distribution upon termination. Otherwise, the distribution will be directly rolled over to an IRA.

1 – DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A participant may only have two loans outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of prime rate plus 1%. Any note must be repaid within five years unless for the purchase of a primary residence which is fifteen years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants, as of December 31, 2017, have interest rates of 4.25% to 5.25% and maturity dates from January 2018 through November 3032. Notes receivable from participants, as of December 31, 2016, have interest rates of 4.25% to 4.50% and maturity dates from January 2017 through September 2031.

ADMINISTRATIVE EXPENSES

Distribution, loan and other transaction based fees are charged directly to the requesting participant's account. Certain Plan administrative and processing fees are paid by the Company. Contract administrator and investment advisory expenses are paid by the Plan to the extent that they are not paid by the Company. Expenses attributable to the active participants are allocated among the active participants in proportion to the amount of their account balance.

PLAN TERMINATION

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' account shall become 100% vested, subject to payment of liquidation costs and expenses.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with U.S. GAAP.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, (See "Note 3 - Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See "Note 5 - Guaranteed Investment Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation and depreciation includes realized gains and losses on the investments bought and sold, as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances, plus any accrued, unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan.

BENEFITS

Benefits are recorded when paid.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and after December 15, 2016 for all other entities with early adoption permitted. In 2017, Plan management adopted ASU No. 2015-7 with no material impact to the Plan.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting the fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the NAV or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustees and party-in-interest to the Plan, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Trustees to the information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2017	2016
Investmets, at fair value:		
Mutual funds of registered investment companies	$ 16,274,653	$ 12,436,850
Total investments, at fair value	16,274,653	12,436,850
Guaranteed investment contract, at contract value	84,127	461,246
Total investments	$ 16,358,780	$ 12,898,096
Notes receivable from participants	$ 524,650	$ 419,451
Interest and dividends	$ 383,068	
Other income	$ 47,078	
Net appreciation in fair value of investments	$ 1,796,835	
Interest on notes receivable from participants	$ 19,270	

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan holds funds in a fully benefit-responsive guaranteed investment contract, the Prudential Guaranteed Income Fund. Prudential maintains the contributions in its general account. Prudential's general account is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. The Plan or Prudential can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract were to terminate by the Plan or Prudential, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump sum distribution, which may result in a distribution that is less than or in excess of contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market date (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments include units of a guaranteed investment contract managed by Prudential Retirement Insurance and Annuity Company. Prudential acted in capacity as the Trustee as of December 31, 2017 and 2016; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $146,942 for the year ended December 31, 2017.

7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options, including mutual funds of registered investment companies and a guaranteed investment contract. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements or participant accounts.

8 – TAX STATUS OF THE PLAN

The Plan was based on a prototype plan developed by The Prudential Insurance Company of America, which received a favorable opinion letter dated April 29, 2014. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2014.

9 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the year ended December 31, 2017. As a result, excess contributions payable amounting to $4,348 are recorded as liabilities in the accompanying statements of net assets available for benefits as of December 31, 2017, and as a reduction to contributions in the related statement of changes in net assets available for benefits for the year ended December 31, 2017.

10 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2017:

Net assets available for benefits per the financial statements	$	16,879,082
Add: Excess contributions payable		4,348
Net assets available for benefits per the Form 5500	$	16,883,430

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:

Net increase in net assets per the financial statements	$	3,561,535
Add: current year excess contributions payable		4,348
Net increase in net assets per the Form 5500	$	3,565,883

11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Company has evaluated events or transactions occurring after December 31, 2017, the statements of net assets available for benefits date, through September 7, 2018, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact the financial statements as of and for the year ended December 31, 2017.
