**Note 1 – Description of Plan**

The following description of Air Transport International Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General**
The Plan is a defined contribution plan covering substantially all non-union employees of Air Transport International, Inc. (the Company), and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

**Eligibility**
Employees are eligible to participate in the Plan after one month of service.

**Contributions**
*Participant Contributions* – The Plan allows both tax-deferred salary reductions under a traditional 401(k) option and after-tax contributions under a Roth 401(k) option. Participants may defer up to 90% of their annual salary. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. The Plan has implemented automatic enrollment of eligible employees at 2% of compensation unless the employee elects not to participate in the Plan.

*Employer Contributions* – The Company makes matching contributions of 100% of each participant's deferrals up to 3% of the participant's eligible compensation and 50% of each participant's deferrals up to an additional 2% of the participant's eligible compensation.

Contributions are subject to certain limitations.

**Participant Accounts**
Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

**Vesting**
Participants are immediately vested in their employee contributions and the Company's contributions, plus actual earnings thereon.

Prior to August 1, 2009, vesting in the Company's contributions, plus actual earnings thereon, was based on years of continuous service. A participant was 100% vested after completing five years of credited service.

**Note 1 – Description of Plan (continued)**

**Notes Receivable from Participants**
Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000, as reduced by the participant's highest outstanding Plan note balances during the year preceding the date of the note, or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the plan agreement, loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2017, the rates of interest on outstanding loans ranged from 4.25% to 5.25% with various maturities through November 2047.

**Benefit Payments**
Upon retirement, death, disability, or resignation of a participant, or upon termination of the Plan, a participant or beneficiary may elect to receive a distribution as a lump sum or periodic installment payments. In-service withdrawals of employee contributions for reasons of hardship, as defined in the plan agreement, or attaining age 59½ are allowed.

**Forfeitures**
Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures may be used to pay qualified plan expenses or to reduce the Company's matching contributions. As of December 31, 2017 and 2016, forfeited non-vested accounts totaled $4,186 and $12,734, respectively. During the year ended December 31, 2017, forfeiture balances totaling $13,637 were used to pay qualified plan expenses.

**Plan Termination**
Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of Accounting**
The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

**Use of Estimates**
The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Note 2 – Summary of Significant Accounting Policies (continued)**

**Investment Valuation**
Investments are stated at fair value. The Plan's trustee, Reliance Trust Company (the Trustee), certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability ("exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Income Recognition**
Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Benefit Payments**
Benefits are recorded when paid.

**Notes Receivable from Participants**
Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event.

**Administrative Expenses**
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and certain distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The Plan shares in management fee revenues generated within certain mutual fund investments. The shared revenues are maintained in a separate revenue credit account and may be used to pay qualified plan expenses or get allocated to the accounts of participants who hold the mutual funds that generate revenue sharing as offsets to allocated expenses.

During the year ended December 31, 2017, shared revenues totaling $13,125 were received by the Plan and are reported as other income. The Plan paid investment and administrative expenses, including professional services provided by the Trustee, totaling $13,834 from shared revenues.

**Subsequent Events**
The Plan has evaluated subsequent events through September 6, 2018, which is the date the financial statements were available to be issued.

**Note 3 – Fair Value Measurements**

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical as-sets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

*Mutual Funds* – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Trusts* – Units held in collective trusts are valued using the net asset value practical expedient (NAV) of the collective trusts as reported by the collective trusts managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the collective trusts, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a collective trust is calculated based on a compilation of primarily observable market information.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 3 – Fair Value Measurements (continued)**

The following tables disclose by level the fair value hierarchy:

| | Fair Value Measurements as of December 31, 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 8,666,745 | $ - | $ - | $ 8,666,745 |

**Note 4 – Tax Status**

The plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, which stated that the prototype plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 5 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

**Note 6 – Information Certified by the Trustee**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016.

- Investment income and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2017.

- Investments and participant loans reflected on the schedule of assets (held at end of year).

**Note 7 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

**Note 8 – Subsequent Event**

Effective May 1, 2018, the Plan's trustee was changed from Reliance Trust Company to Great-West Trust Company, LLC and all plan balances were transferred to the new trustee.
