Professional Transit Management of Georgia 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 14, 2017 and December 31, 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Professional Transit Management of Georgia 401(k) Plan (the "Plan") provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan was a defined contribution 401(k) plan covering eligible employees of Professional Transit Management of Georgia (the "Company"). Employees were eligible to participate upon completion of one year of service and attaining age 18. Leased employees and non-resident aliens were not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

As described in Note I, the plan assets were merged into the Transdev North America, Inc. 401(k) Plan for Collectively Bargained Employees and the Transdev North America, Inc. 401(k) Plan for Non-Collectively Bargained Employees, effective as of the close of business on November 27, 2017.

2. Contributions

The Plan was funded by voluntary contributions of participants and discretionary matching contributions of the Company. Participants could contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants could also roll over amounts representing distributions from other qualified employee benefit plans. The Company made discretionary matching contributions totaling \$24,535 for the period January 1, 2017 through December 14, 2017.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants could change their investment options at any time.

Professional Transit Management of Georgia 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 14, 2017 and December 31, 2016

NOTE A - DESCRIPTION OF PLAN (Continued)

4. Participant Accounts

Each participant's account was credited with the participant's contribution, an allocation of the Company's discretionary matching contributions, and an allocation of plan earnings. The Company's discretionary matching contributions were allocated based on a percentage of the participant's contribution. Plan earnings were allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants were immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions became 25% vested after one year of service and continued to vest at the rate of 25% for each successive year until 100% vested after four years of service. In the event of death, disability, or attainment of the Plan's normal retirement age of 65, participants became fully vested.

6. Payment of Benefits

On termination of service, a participant could elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service withdrawals were also permitted by the Plan in the event of a qualifying hardship or attainment of age 59½.

7. Administrative Expenses

Certain expenses incurred maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE A - DESCRIPTION OF PLAN (Continued)

8. Forfeitures

At December 31, 2016, unallocated plan assets resulting from forfeited nonvested accounts totaled \$5,249. Forfeitures of \$1,506 were used to pay the Plan's administrative expenses during 2017. No forfeitures were used to reduce discretionary Company contributions during 2017. The unallocated plan assets balance of \$4,152 was transferred to the surviving plans as part of the plan merger (see Note I).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include the following: <ul style="list-style-type: none">* Quoted prices for similar assets or liabilities in active markets;* Quoted prices for identical or similar assets or liabilities in inactive markets;* Inputs other than quoted prices that are observable for the asset or liability;* Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

of Georgia 401(k) Plan**

NOTES TO FINANCIAL STATEMENTS

December 14, 2017 and December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for the Plan's investments measured at fair value at December 31, 2016. Due to the merger as discussed in Note I, the Plan did not have any investments at December 14, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Plan Investments at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 545,900	\$ -	\$ -	\$ 545,900
Investments, at fair value				\$ 545,900

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

December 14, 2017 and December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

7. Adoption of New Accounting Standard

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management adopted Part II for the 2016 and 2017 plan years. Parts I and III are not applicable to this Plan.

**Professional Transit Management

NOTES TO FINANCIAL STATEMENTS

December 14, 2017 and December 31, 2016

NOTE C - INFORMATION CERTIFIED BY ASCENSUS TRUST COMPANY

The following is a summary of the Plan's asset information as of December 14, 2017 and December 31, 2016, and for the period January 1, 2017 through December 14, 2017, included throughout the Plan's financial statements, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements related to the following assets:

	<u>2017</u>	<u>2016</u>
Investments, at fair value		
Mutual funds	\$ <u> -</u>	\$ <u> 545,900</u>

The trustee also certified the completeness and accuracy of \$73,860 of net appreciation in fair value of investments and \$608 of interest and dividends related to the aforementioned assets for the period January 1, 2017 through December 14, 2017.

NOTE D - INCOME TAX STATUS

Effective February 1, 2017, the Plan adopted a nonstandardized form of a prototype plan sponsored by Ascensus, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - RISKS AND UNCERTAINTIES

NOTE F - PARTY-IN-INTEREST TRANSACTIONS

Plan investments were managed by Ascensus Trust Company. Ascensus Trust Company was the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE G - PLAN AMENDMENT AND RESTATEMENT

Effective February 1, 2107, the Plan was amended and restated. Significant provisions of the amended and restated plan document are consistent with those of the previous plan document. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

NOTE H - PROHIBITED TRANSACTIONS

The Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. The Plan Sponsor intends to correct the 2016 deficiencies outside of the DOL's Voluntary Fiduciary Correction (VFC) Program. Subsequent to year end, the Plan Sponsor self-corrected the 2017 deficiencies.

NOTE I - PLAN MERGER

Effective as of the close of business on November 27, 2017, the assets of the Plan were merged into the Transdev North America, Inc. 401(k) Plan for Collectively Bargained Employees and the Transdev North America, Inc. 401(k) Plan for Non-Collectively Bargained Employees. The merger had no effect on the provisions governing the participant accounts merged from the Plan into the surviving plans.
