The plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by Fidelity Management Trust Company is complete and accurate.

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the TF Courier Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of TF Courier Inc. (the "Company" or "Employer") formerly known as Dynamex Inc. In 2015, the Company changed their name. Effective October 1, 2015, the plan name was also changed. The Company is the Plan's sponsor and administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 21 and have completed at least one-half year of service.

Contributions

Participant contributions are limited to amounts allowable by the applicable sections of the Internal Revenue Code ("IRC"), with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Employer may make discretionary matching contributions. During 2017, the Employer discretionary matching contribution was 50% of the first 3% of the employee's base salary that the employees contributed to the Plan.

Participant Accounts

Each participant account is credited with the participant's contributions and an allocation of the Plan's net earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants will become 100% fully vested in the discretionary Employer matching contributions upon the completion of three years of service. Participants who have merged into the Plan through plan mergers are listed as members of a different class for their employer contributions prior to the merge. Each member class has a different vesting schedule.

The member class Employees merged from Velocity Express LLC have the following vesting:

Years of Service	Vesting Percentage
less than 1	0%
1	20%
2	40%
3	100%

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

The member class Participants with a balance in the source have the following vesting:

Years of Service	Vesting Percentage
less than 1	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Years of Service

Vesting under the Plan is based upon the elapsed time method. A period of service is determined based on the time worked for the Employer. Only whole years of service with the Employer will be counted to compute your years of service for vesting purposes. Participants employed before October 01, 2015 will receive vesting credit for your years of service with your Employer based upon the following:

Applicable Year(s)	Method	Measurement
Plan Year(s) before	General	Jan 1 to Dec 31
2015	General or Elapsed*	Jan 1 to Dec 31
Plan Year(s) after	Elapsed Time	Jan 1 to Dec 31

*Participants will receive vesting credit for this period if the participant would get such credit under either the general method (hours of service) or the elapsed time method.

If the participant became an Employee on or after October 01, 2015 then the participant will receive vesting credit for your years of service with the Employer based only on the elapsed time method.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution or installment payments under various options.

Forfeitures

Forfeited invested accounts totaled \$44,698 and \$38,294 at December 31, 2017 and 2016, respectively. Forfeitures can be used to pay administrative expenses. During the Plan year ended December 31, 2017, the Plan did not use forfeitures to pay administrative expenses.

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan administrator. The loans are repaid ratably through payroll deductions over a period of five years or less, except in the case of loans obtained for the purpose of acquiring a principal residence. Loans for the purpose of acquiring a principal residents are repaid ratably through payroll deductions over a period of 15 years or less.

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. These include recordkeeping service fees, accounting services, custodian services and audit expenses. Participants are responsible for loan fees, distribution fees, and any fees associated with managed investment accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and Contributions Receivable

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end. Contributions receivable are recorded at cost, which approximates their fair value. There were no contribution receivables as of December 31, 2017 or 2016.

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date (the exit price). Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In January 2016, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. With certain exceptions, early adoption is not permitted. The Plan Sponsor is evaluating the impact of the adoption of this ASU on the Plan's financial statements.

Notes to Financial Statements

3. Information Certified by Fidelity Management Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- (a) Investments as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016;
- (b) Net appreciation in fair value of participant-directed investments, dividends on investments, other income and interest from notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits;
- (c) Investment values disclosed in Notes 4 and 6;
- (d) Investments, as reflected in the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

Mutual Funds

Mutual funds are investments registered under the Investment Company Act of 1940. The fair value of the funds at December 31, 2017 is based on the fund's NAV, which is the price to sell one share of the fund. The NAV is readily available on the appropriate exchange. These funds are classified as Level 1.

Stable Value Fund

The stable value fund investments are public investment securities valued using the NAV provided by Fidelity. The NAV is quoted on a private market that is not active; however the unit price is based on underlying investments which are traded on an active market. See also Note 5 for discussion of the Stable Value.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2017 and 2016. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments at fair value	\$ 21,514,501	\$ -	\$ -	\$ 21,514,501

Total fair value investments	\$ 21,514,501	\$ -	\$ -	\$ 21,514,501
------------------------------	---------------	------	------	---------------

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value	\$ 17,366,840	\$ -	\$ -	\$ 17,366,840

Total fair value investments	\$ 17,366,840	\$ -	\$ -	\$ 17,366,840
------------------------------	---------------	------	------	---------------

5. Investments in Stable Value Fund

The Plan offers a stable value fund, Fidelity Managed Income Portfolio Fund Class 1, which primarily invests in corporate bonds, US and foreign government bonds, asset backed securities, commercial paper, as well as certain wrap contracts. A wrap contract is an agreement by a third party, such as a bank or insurance company, to make payments to a portfolio in certain circumstances and is designed to allow a stable value portfolio to maintain a constant value. A wrap issuer may terminate a wrap contract at any time. The wrap issuer may also terminate a wrap contract if Fidelity's investment management over the Fund is limited or terminated as well as if all the terms of the wrap contract fail to be met.

The Fund is presented in the Statement Net Assets Available for Plan Benefits at contract value, as reported to the Plan by the Trustee. There are no reserves against contract value for credit risk of the contract issuer in 2017.

The stable value fund investments are public investment securities valued using the NAV provided by Fidelity. The NAV is quoted on a private market that is not active; however the unit price is based on underlying investments which are traded on an active market.

6. Investments Measured Using the NAV Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share per share practical expedient as of December 31, 2017 and 2016.

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Holding Period
December 31, 2016				
Stable Value Funds	1,653,793 *	N/A	Daily	1 day
December 31, 2017				
Stable Value Funds	1,544,652 *	N/A	Daily	1 day

*Fair value differs from that Statement of Net Assets Available for Benefit as the stable value funds are presented at contract value on the Statement of Net Assets Available for Benefit in line with FASB issued ASU 2015-12 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; III. Measurement Date Practical Expedient."

7. Related Party Transactions

Certain Plan investments are managed by Fidelity, as defined by the Plan. These investments qualify as party-in-interest transactions.

8. Income Tax Status

The Internal Revenue Service has determined and informed the Company, in a letter dated March 31, 2014 (under Fidelity), that the Plan is qualified and the trust established under the Plan was tax-exempt under the appropriate sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC Section 401.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participant accounts will become fully vested.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and the changes in net assets available for benefits according to the financial statements compared to Form 5500:

<i>December 31,</i>	<i>2017</i>	<i>2016</i>
Net assets available for benefits per the accompanying financial statements	\$ 23,521,302	\$ 19,396,697

Add: Excess contributions payable	28,531	19,508
Net assets available for benefits per Form 5500	\$ 23,545,420	\$ 19,420,264
<i>Year ended December 31,</i>	<i>2017</i>

Less: Prior year excess contributions payable	(19,508)	
Plus: Current year excess contributions payable	28,531

Add: Transfers of assets from this plan	125,297	
Net increase in net assets available for benefits per Form 5500	\$ 4,250,453	

12. Excess Participant Contributions Payable

The Plan failed the discrimination test for the year ended December 31, 2017 and 2016. Excess contributions amounting to \$28,531 and 19,508, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant-

Notes to Financial Statements

directed contributions for the year. The Plan reimbursed these excess contributions to its participants during each subsequent year.

13. Subsequent Events

In preparation of its financial statements, the Plan considered subsequent events through September 11, 2018, which was the date the Plan's financial statements were available to be issued.

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the TF Courier Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to qualifying employees of TF Courier Inc. (the "Company" or "Employer") formerly known as Dynamex Inc. In 2015, the Company changed their name. Effective October 1, 2015, the plan name was also changed. The Company is the Plan's sponsor and administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

To be eligible to participate in the Plan, an employee must have attained the age of 21 and have completed at least one-half year of service.

Contributions

Participant contributions are limited to amounts allowable by the applicable sections of the Internal Revenue Code ("IRC"), with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Employer may make discretionary matching contributions. During 2017, the Employer discretionary matching contribution was 50% of the first 3% of the employee's base salary that the employees contributed to the Plan.

Participant Accounts

Each participant account is credited with the participant's contributions and an allocation of the Plan's net earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Participants will become 100% fully vested in the discretionary Employer matching contributions upon the completion of three years of service. Participants who have merged into the Plan through plan mergers are listed as members of a different class for their employer contributions prior to the merge. Each member class has a different vesting schedule.

The member class Employees merged from Velocity Express LLC have the following vesting:

Years of Service	Vesting Percentage
less than 1	0%
1	20%
2	40%
3	100%

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

The member class Participants with a balance in the source have the following vesting:

Years of Service	Vesting Percentage
less than 1	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Years of Service

Vesting under the Plan is based upon the elapsed time method. A period of service is determined based on the time worked for the Employer. Only whole years of service with the Employer will be counted to compute your years of service for vesting purposes. Participants employed before October 01, 2015 will receive vesting credit for your years of service with your Employer based upon the following:

Applicable Year(s)	Method	Measurement
Plan Year(s) before	General	Jan 1 to Dec 31
2015	General or Elapsed*	Jan 1 to Dec 31
Plan Year(s) after	Elapsed Time	Jan 1 to Dec 31

*Participants will receive vesting credit for this period if the participant would get such credit under either the general method (hours of service) or the elapsed time method.

If the participant became an Employee on or after October 01, 2015 then the participant will receive vesting credit for your years of service with the Employer based only on the elapsed time method.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum distribution or installment payments under various options.

Forfeitures

Forfeited invested accounts totaled \$44,698 and \$38,294 at December 31, 2017 and 2016, respectively. Forfeitures can be used to pay administrative expenses. During the Plan year ended December 31, 2017, the Plan did not use forfeitures to pay administrative expenses.

Notes Receivable from Participants

Participants may borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan administrator. The loans are repaid ratably through payroll deductions over a period of five years or less, except in the case of loans obtained for the purpose of acquiring a principal residence. Loans for the purpose of acquiring a principal residents are repaid ratably through payroll deductions over a period of 15 years or less.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. These include recordkeeping service fees, accounting services, custodian services and audit expenses. Participants are responsible for loan fees, distribution fees, and any fees associated with managed investment accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and Contributions Receivable

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end. Contributions receivable are recorded at cost, which approximates their fair value. There were no contribution receivables as of December 31, 2017 or 2016.

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date (the exit price). Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In January 2016, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. With certain exceptions, early adoption is not permitted. The Plan Sponsor is evaluating the impact of the adoption of this ASU on the Plan's financial statements.

3. Information Certified by Fidelity Management Trust Company

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- (a) Investments as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016;
- (b) Net appreciation in fair value of participant-directed investments, dividends on investments, other income and interest from notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits;
- (c) Investment values disclosed in Notes 4 and 6;
- (d) Investments, as reflected in the Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

TF Courier Inc. 401(k) Plan

Notes to Financial Statements

Mutual Funds

Mutual funds are investments registered under the Investment Company Act of 1940. The fair value of the funds at December 31, 2017 is based on the fund's NAV, which is the price to sell one share of the fund. The NAV is readily available on the appropriate exchange. These funds are classified as Level 1.

Stable Value Fund

The stable value fund investments are public investment securities valued using the NAV provided by Fidelity. The NAV is quoted on a private market that is not active; however the unit price is based on underlying investments which are traded on an active market. See also Note 5 for discussion of the Stable Value.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2017 and 2016. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments at fair value	\$ 21,514,501	\$ -	\$ -	\$ 21,514,501

Total fair value investments	\$ 21,514,501	\$ -	\$ -	\$ 21,514,501
------------------------------	---------------	------	------	---------------

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value	\$ 17,366,840	\$ -	\$ -	\$ 17,366,840

Total fair value investments	\$ 17,366,840	\$ -	\$ -	\$ 17,366,840
------------------------------	---------------	------	------	---------------

5. Investments in Stable Value Fund

The Plan offers a stable value fund, Fidelity Managed Income Portfolio Fund Class 1, which primarily invests in corporate bonds, US and foreign government bonds, asset backed securities, commercial paper, as well as certain wrap contracts. A wrap contract is an agreement by a third party, such as a bank or insurance company, to make payments to a portfolio in certain circumstances and is designed to allow a stable value portfolio to maintain a constant value. A wrap issuer may terminate a wrap contract at any time. The wrap issuer may also terminate a wrap contract if Fidelity's investment management over the Fund is limited or terminated as well as if all the terms of the wrap contract fail to be met.

The Fund is presented in the Statement Net Assets Available for Plan Benefits at contract value, as reported to the Plan by the Trustee. There are no reserves against contract value for credit risk of the contract issuer in 2017.

The stable value fund investments are public investment securities valued using the NAV provided by Fidelity. The NAV is quoted on a private market that is not active; however the unit price is based on underlying investments which are traded on an active market.

6. Investments Measured Using the NAV Per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share per share practical expedient as of December 31, 2017 and 2016.

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Holding Period
December 31, 2016				
Stable Value Funds	1,653,793 *	N/A	Daily	1 day
December 31, 2017				
Stable Value Funds	1,544,652 *	N/A	Daily	1 day

*Fair value differs from that Statement of Net Assets Available for Benefit as the stable value funds are presented at contract value on the Statement of Net Assets Available for Benefit in line with FASB issued ASU 2015-12 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; III. Measurement Date Practical Expedient."

7. Related Party Transactions

Certain Plan investments are managed by Fidelity, as defined by the Plan. These investments qualify as party-in-interest transactions.

8. Income Tax Status

The Internal Revenue Service has determined and informed the Company, in a letter dated March 31, 2014 (under Fidelity), that the Plan is qualified and the trust established under the Plan was tax-exempt under the appropriate sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC Section 401.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participant accounts will become fully vested.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and the changes in net assets available for benefits according to the financial statements compared to Form 5500:

<i>December 31,</i>	2017	2016

12. Excess Participant Contributions Payable

The Plan failed the discrimination test for the year ended December 31, 2017 and 2016. Excess contributions amounting to \$28,531 and 19,508, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction of participant-

directed contributions for the year. The Plan reimbursed these excess contributions to its participants during each subsequent year.

13. Subsequent Events

In preparation of its financial statements, the Plan considered subsequent events through September 11, 2018, which was the date the Plan's financial statements were available to be issued.
