The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), for the benefit of eligible employees of the Company. All employees of the Company, age 20 or older, are eligible to participate in the Plan on the first day of the month following 30 days of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Company is the administrator of the Plan. The Administrative Committee, appointed by the board of directors of the Company, provides oversight of the Plan for the Company. Prudential Bank & Trust, FSB, serves as trustee and a custodian of the Plan and Prudential Retirement Insurance and Annuity Company serves as a custodian of the Plan, collectively (Prudential).

Contributions

Each year, a participant may contribute up to 75 percent of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in the default investment option designated by the Investment Committee until modified by the participant. Automatically enrolled participants' elective deferral rates will be increased by one percent of compensation each year on January 1st until the participant deferrals reach ten percent, unless the participant elects otherwise.

Participants may also contribute amounts representing distributions from other qualified plans (rollover) that are fully vested at all times including the earnings thereon.

The Company matches 40 percent of participant contributions up to the first 8 percent of employee compensation deferred (as defined) or a maximum Company match of 3.20 percent of employee compensation (as defined). Additional non-elective amounts may be contributed at the option of the Company to the Plan.

Participant and Company contributions are subject to certain limitations under the IRC. Participants may direct their contributions and Company matching contributions and Company nonelective contributions into any of the investment fund options offered by the Plan.

Participant Accounts

An individual account is maintained for each of the Plan's participants to reflect the participant's contributions as well as allocations of the Company's contributions and an allocation of the Plan's earnings and any related administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions and rollover accounts at all times plus actual earnings thereon. Participants are vested in Company contributions on a graduated basis based on years of continuous service, becoming fully vested after three years of service.

Notes Receivable from Participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, or if lower, \$50,000 minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance. The maximum number of loans outstanding at a time is one, with a seven-day period between payoff of a loan and a new loan. The loans are secured by the balance in the participant's account. Loans are repayable over periods ranging up to 60 months unless the loan qualifies as a home loan. The interest rate is based on the prime interest rate, as defined, at the time the loan is made plus one percent and is fixed over the life of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death or disability, retirement, or termination of employment for other reasons, a participant or their beneficiary may elect to receive an amount equal to the participant's vested interest in his or her account in a lump sum amount. If the account balance is \$5,000 or less, a distribution will be made in a lump sum following the end of employment unless the participant elects a direct rollover of such account balance. If the amount to be distributed exceeds \$5,000 and the participant does not request a distribution, the participant's account shall remain in the Plan and may be withdrawn or distributed at the participant's request or as minimum required distributions beginning when the participant attains age 70½. Under certain hardship conditions, as defined in the Plan document, participants may elect to withdraw a portion of their account balance at any time during the Plan year. Additionally, participants who have reached age 59½ have the option of withdrawing all or part of their vested account balance at any time.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$28,817 and \$19,791, respectively. These amounts will be used to reduce future employer contributions and/or to pay administrative expenses. In 2017, employer contributions were reduced by \$23,710 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). That basis differs from the accrual basis of accounting under U.S. GAAP in that contributions are recognized when received instead of when earned.

Use of Estimates

The preparation of financial statements in conformity with the basis of accounting described above requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including credit, interest rate, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts (FBRICs). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4). Contract value is the relevant measure for the portion of net assets available for benefits of the Plan attributable to FBRICs because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan (see Note 5). The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Prudential.

The Plan's investment option offered to participants, the Prudential Guaranteed Income Fund (PGIF), is a group annuity contract and is subject to the provisions of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* Topic 946-210, which addresses reporting of FBRICs held by an investment company. Prudential considers this contract to be fully benefit responsive as it is 1) effected directly between Prudential and the contract issuer, 2) the contract issuer provides assurance that the contract crediting rate will not be adjusted to less than zero, 3) the contract requires all permitted participant-initiated transactions with the PGIF at contract value without limitation, 4) it is improbable

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

that an event will occur that would limit the ability of the PGIF to transact at contract value with both the issuer and the PGIF unit holder to meet participant initiated permitted truncations, and 5) the PGIF allows unit holders reasonable access to their funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Income from investment contracts is recorded at the contract crediting rate determined in accordance with contract terms, net of investment related costs. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year based on each investment manager's average historical cost. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on the notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when the Company makes payroll deductions from eligible Plan participant's compensation. Company contributions are recorded when paid into the Plan by the Company. Contributions are funded to the Plan on or following the payroll payment date.

Payment of Benefit, Terminations and Withdrawals

Benefits, terminations and withdrawals are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Company (and are excluded from these financial statements) or are paid by the Plan and allocated pro-rata to participant's accounts as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, trustee and custodian fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan Administrator has evaluated events or transactions for potential recognition or disclosure through the date on which the financial statements were issued, and determined that no events have occurred that require additional disclosure other than the amendment of the Plan effective January 9, 2018 that includes the following changes to the Plan's provisions: 1) the adoption of the T. Rowe Price

Rowe Price Trust Company (TRPTC) as the Plan's trustee and custodian and TRPRS as the Plan's recordkeeper; 5) an automatic deferral rate set at five percent of eligible compensation, as defined, beginning January 9, 2018 for all newly eligible participants and eligible employees who are not making Plan contributions at all or at a rate less than five percent, as defined, unless modified by the participant; 6) the inability of participants to take loans from Roth Plan contribution accounts; and, 7) the addition of various target fund investment offerings and the T. Rowe Price Stable Value Fund (replacing the Prudential Guaranteed Income Fund) in addition to a continuation of a majority of the Plan's investment offerings prior to January 9, 2018.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at fair value and the PGIF that includes FBRICs held at contract value at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Prudential. The certified information is as follows as of or for the year ended December 31:

	2017	2016
Mutual Funds, at fair value	\$ 26,738,365	\$ 20,076,371
Prudential Guaranteed Income Fund, at contract value	3,535,454	3,014,849

Net appreciation in fair value of investments	<u>\$ 4,127,249</u>	
Interest and dividends	<u>\$ 322,434</u>	
Interest on notes receivable from participants	<u>\$ 18,471</u>	

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value hierarchy prioritizes the inputs to measure fair value, giving the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Fair value balances are classified based on the observability of those inputs. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Plan's Level 1 investments primarily consist of mutual funds and money market funds that are traded on U.S. exchanges. The Plan has no level 2 or 3 investments.

Shares of mutual funds and money market funds are valued at fair value at the daily closing price as reported by the fund, which represent the net asset values (NAV) of the shares held by the Plan. Mutual

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's Administrative Committee believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements Using:			
	Total	(Level 1)	(Level 2)	(Level 3)

NOTE 5 – INVESTMENTS VALUED AT CONTRACT VALUE

Group Annuity Contract: The Plan invests in the PGIF that is a Prudential general account backed evergreen (no maturity date) group annuity spread product that is valued at contract value and qualifies as a FBRIC. The PGIF invests in a broadly diversified, fixed-income portfolio of public bonds, commercial mortgages and private placement bonds within the Prudential general account. Upon discontinuance of the contract, the contract value would be paid no later than 90 days from the date the Plan sponsor provides notice to discontinue. Under this contract the Plan owns a promise to pay interest at crediting rates, net of administrative fees, which are announced in advance (subject to a minimum rate) and guaranteed for a six-month period of time as outlined in the group annuity contract and participants may direct permitted withdrawals and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and administrative fees. Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid either within 90 days or over time.

There are no reserves against contract value for credit risk of the contract issuer or otherwise as the contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. Interest is credited on contract balances using a single "portfolio rate" approach and is applied to all contributions regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. Crediting rates are set based on current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within Prudential's general account.

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

As stated in Note 1 Subsequent Events, amounts invested in the PGIF on January 8, 2018 were transferred to new investment options on January 9, 2018 as elected by each participant and there were no amounts that were not settled at contract value upon the transfer.

NOTE 6 - TAX STATUS

The underlying non-standardized prototype plan that the Plan adopted effective January 1, 2016 and December 14, 2016 has received an opinion letter from the IRS dated April 29, 2014 stating that the form of the plan is qualified under Section 401(a) of the IRC and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype Plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Plan management is required by U.S. GAAP to evaluate uncertain tax positions taken by the Plan. The financial statement impact of a tax position must be recognized when the position is more likely than not, based on its technical merits, to be sustained upon examination by the IRS. As of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken.

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan holds mutual funds or units of group annuity contracts of \$6,942,165 or \$5,700,873 that represent 23% and 24% of total investments as of December 31, 2017 and 2016 that are managed by Prudential. In addition, certain Plan investments are managed by companies that provide investment management services to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Masergy Communications, Inc. 401(k) Plan (the Plan) provides general information about the Plan's provisions. Masergy Communications, Inc. (the Company) is the Plan sponsor. Participants should refer to the original Plan document, as amended, and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), for the benefit of eligible employees of the Company. All employees of the Company, age 20 or older, are eligible to participate in the Plan on the first day of the month following 30 days of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Company is the administrator of the Plan. The Administrative Committee, appointed by the board of directors of the Company, provides oversight of the Plan for the Company. Prudential Bank & Trust, FSB, serves as trustee and a custodian of the Plan and Prudential Retirement Insurance and Annuity Company serves as a custodian of the Plan, collectively (Prudential).

Contributions

Each year, a participant may contribute up to 75 percent of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in the default investment option designated by the Investment Committee until modified by the participant. Automatically enrolled participants' elective deferral rates will be increased by one percent of compensation each year on January 1st until the participant deferrals reach ten percent, unless the participant elects otherwise.

Participants may also contribute amounts representing distributions from other qualified plans (rollover) that are fully vested at all times including the earnings thereon.

The Company matches 40 percent of participant contributions up to the first 8 percent of employee compensation deferred (as defined) or a maximum Company match of 3.20 percent of employee compensation (as defined). Additional non-elective amounts may be contributed at the option of the Company to the Plan.

Participant and Company contributions are subject to certain limitations under the IRC. Participants may direct their contributions and Company matching contributions and Company nonelective contributions into any of the investment fund options offered by the Plan.

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

Participant Accounts

An individual account is maintained for each of the Plan's participants to reflect the participant's contributions as well as allocations of the Company's contributions and an allocation of the Plan's earnings and any related administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions and rollover accounts at all times plus actual earnings thereon. Participants are vested in Company contributions on a graduated basis based on years of continuous service, becoming fully vested after three years of service.

Notes Receivable from Participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, or if lower, \$50,000 minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance. The maximum number of loans outstanding at a time is one, with a seven-day period between payoff of a loan and a new loan. The loans are secured by the balance in the participant's account. Loans are repayable over periods ranging up to 60 months unless the loan qualifies as a home loan. The interest rate is based on the prime interest rate, as defined, at the time the loan is made plus one percent and is fixed over the life of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death or disability, retirement, or termination of employment for other reasons, a participant or their beneficiary may elect to receive an amount equal to the participant's vested interest in his or her account in a lump sum amount. If the account balance is \$5,000 or less, a distribution will be made in a lump sum following the end of employment unless the participant elects a direct rollover of such account balance. If the amount to be distributed exceeds \$5,000 and the participant does not request a distribution, the participant's account shall remain in the Plan and may be withdrawn or distributed at the participant's request or as minimum required distributions beginning when the participant attains age 70½. Under certain hardship conditions, as defined in the Plan document, participants may elect to withdraw a portion of their account balance at any time during the Plan year. Additionally, participants who have reached age 59½ have the option of withdrawing all or part of their vested account balance at any time.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$28,817 and \$19,791, respectively. These amounts will be used to reduce future employer contributions and/or to pay administrative expenses. In 2017, employer contributions were reduced by \$23,710 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). That basis differs from the accrual basis of accounting under U.S. GAAP in that contributions are recognized when received instead of when earned.

Use of Estimates

The preparation of financial statements in conformity with the basis of accounting described above requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including credit, interest rate, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts (FBRICs). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4). Contract value is the relevant measure for the portion of net assets available for benefits of the Plan attributable to FBRICs because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan (see Note 5). The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Prudential.

The Plan's investment option offered to participants, the Prudential Guaranteed Income Fund (PGIF), is a group annuity contract and is subject to the provisions of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* Topic 946-210, which addresses reporting of FBRICs held by an investment company. Prudential considers this contract to be fully benefit responsive as it is 1) effected directly between Prudential and the contract issuer, 2) the contract issuer provides assurance that the contract crediting rate will not be adjusted to less than zero, 3) the contract requires all permitted participant-initiated transactions with the PGIF at contract value without limitation, 4) it is improbable

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

that an event will occur that would limit the ability of the PGIF to transact at contract value with both the issuer and the PGIF unit holder to meet participant initiated permitted truncations, and 5) the PGIF allows unit holders reasonable access to their funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Income from investment contracts is recorded at the contract crediting rate determined in accordance with contract terms, net of investment related costs. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year based on each investment manager's average historical cost. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on the notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when the Company makes payroll deductions from eligible Plan participant's compensation. Company contributions are recorded when paid into the Plan by the Company. Contributions are funded to the Plan on or following the payroll payment date.

Payment of Benefit, Terminations and Withdrawals

Benefits, terminations and withdrawals are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Company (and are excluded from these financial statements) or are paid by the Plan and allocated pro-rata to participant's accounts as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, trustee and custodian fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan Administrator has evaluated events or transactions for potential recognition or disclosure through the date on which the financial statements were issued, and determined that no events have occurred that require additional disclosure other than the amendment of the Plan effective January 9, 2018 that includes the following changes to the Plan's provisions: 1) the adoption of the T. Rowe Price

Rowe Price Trust Company (TRPTC) as the Plan's trustee and custodian and TRPRS as the Plan's recordkeeper; 5) an automatic deferral rate set at five percent of eligible compensation, as defined, beginning January 9, 2018 for all newly eligible participants and eligible employees who are not making Plan contributions at all or at a rate less than five percent, as defined, unless modified by the participant; 6) the inability of participants to take loans from Roth Plan contribution accounts; and, 7) the addition of various target fund investment offerings and the T. Rowe Price Stable Value Fund (replacing the Prudential Guaranteed Income Fund) in addition to a continuation of a majority of the Plan's investment offerings prior to January 9, 2018.

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at fair value and the PGIF that includes FBRICs held at contract value at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Prudential. The certified information is as follows as of or for the year ended December 31:

	2017	2016
Mutual Funds, at fair value	\$ 26,738,365	\$ 20,076,371
Prudential Guaranteed Income Fund, at contract value	3,535,454	3,014,849

Interest and dividends	<u>\$ 322,434</u>	
Interest on notes receivable from participants	<u>\$ 18,471</u>	

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value hierarchy prioritizes the inputs to measure fair value, giving the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Fair value balances are classified based on the observability of those inputs. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Plan's Level 1 investments primarily consist of mutual funds and money market funds that are traded on U.S. exchanges. The Plan has no level 2 or 3 investments.

Shares of mutual funds and money market funds are valued at fair value at the daily closing price as reported by the fund, which represent the net asset values (NAV) of the shares held by the Plan. Mutual

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's Administrative Committee believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

NOTE 5 – INVESTMENTS VALUED AT CONTRACT VALUE

Group Annuity Contract: The Plan invests in the PGIF that is a Prudential general account backed evergreen (no maturity date) group annuity spread product that is valued at contract value and qualifies as a FBRIC. The PGIF invests in a broadly diversified, fixed-income portfolio of public bonds, commercial mortgages and private placement bonds within the Prudential general account. Upon discontinuance of the contract, the contract value would be paid no later than 90 days from the date the Plan sponsor provides notice to discontinue. Under this contract the Plan owns a promise to pay interest at crediting rates, net of administrative fees, which are announced in advance (subject to a minimum rate) and guaranteed for a six-month period of time as outlined in the group annuity contract and participants may direct permitted withdrawals and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and administrative fees. Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid either within 90 days or over time.

There are no reserves against contract value for credit risk of the contract issuer or otherwise as the contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. Interest is credited on contract balances using a single "portfolio rate" approach and is applied to all contributions regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. Crediting rates are set based on current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within Prudential's general account.

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

As stated in Note 1 Subsequent Events, amounts invested in the PGIF on January 8, 2018 were transferred to new investment options on January 9, 2018 as elected by each participant and there were no amounts that were not settled at contract value upon the transfer.

NOTE 6 - TAX STATUS

The underlying non-standardized prototype plan that the Plan adopted effective January 1, 2016 and December 14, 2016 has received an opinion letter from the IRS dated April 29, 2014 stating that the form of the plan is qualified under Section 401(a) of the IRC and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype Plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Plan management is required by U.S. GAAP to evaluate uncertain tax positions taken by the Plan. The financial statement impact of a tax position must be recognized when the position is more likely than not, based on its technical merits, to be sustained upon examination by the IRS. As of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken.

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan holds mutual funds or units of group annuity contracts of \$6,942,165 or \$5,700,873 that represent 23% and 24% of total investments as of December 31, 2017 and 2016 that are managed by Prudential. In addition, certain Plan investments are managed by companies that provide investment management services to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Masergy Communications, Inc. 401(k) Plan (the Plan) provides general information about the Plan's provisions. Masergy Communications, Inc. (the Company) is the Plan sponsor. Participants should refer to the original Plan document, as amended, and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), for the benefit of eligible employees of the Company. All employees of the Company, age 20 or older, are eligible to participate in the Plan on the first day of the month following 30 days of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Company is the administrator of the Plan. The Administrative Committee, appointed by the board of directors of the Company, provides oversight of the Plan for the Company. Prudential Bank & Trust, FSB, serves as trustee and a custodian of the Plan and Prudential Retirement Insurance and Annuity Company serves as a custodian of the Plan, collectively (Prudential).

Contributions

Each year, a participant may contribute up to 75 percent of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in the default investment option designated by the Investment Committee until modified by the participant. Automatically enrolled participants' elective deferral rates will be increased by one percent of compensation each year on January 1st until the participant deferrals reach ten percent, unless the participant elects otherwise.

Participants may also contribute amounts representing distributions from other qualified plans (rollover) that are fully vested at all times including the earnings thereon.

The Company matches 40 percent of participant contributions up to the first 8 percent of employee compensation deferred (as defined) or a maximum Company match of 3.20 percent of employee compensation (as defined). Additional non-elective amounts may be contributed at the option of the Company to the Plan.

Participant and Company contributions are subject to certain limitations under the IRC. Participants may direct their contributions and Company matching contributions and Company nonelective contributions into any of the investment fund options offered by the Plan.

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

Participant Accounts

An individual account is maintained for each of the Plan's participants to reflect the participant's contributions as well as allocations of the Company's contributions and an allocation of the Plan's earnings and any related administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contributions and rollover accounts at all times plus actual earnings thereon. Participants are vested in Company contributions on a graduated basis based on years of continuous service, becoming fully vested after three years of service.

Notes Receivable from Participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, or if lower, \$50,000 minus the difference between the highest outstanding loan balance in the previous 12 months and the current outstanding loan balance. The maximum number of loans outstanding at a time is one, with a seven-day period between payoff of a loan and a new loan. The loans are secured by the balance in the participant's account. Loans are repayable over periods ranging up to 60 months unless the loan qualifies as a home loan. The interest rate is based on the prime interest rate, as defined, at the time the loan is made plus one percent and is fixed over the life of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death or disability, retirement, or termination of employment for other reasons, a participant or their beneficiary may elect to receive an amount equal to the participant's vested interest in his or her account in a lump sum amount. If the account balance is \$5,000 or less, a distribution will be made in a lump sum following the end of employment unless the participant elects a direct rollover of such account balance. If the amount to be distributed exceeds \$5,000 and the participant does not request a distribution, the participant's account shall remain in the Plan and may be withdrawn or distributed at the participant's request or as minimum required distributions beginning when the participant attains age 70½. Under certain hardship conditions, as defined in the Plan document, participants may elect to withdraw a portion of their account balance at any time during the Plan year. Additionally, participants who have reached age 59½ have the option of withdrawing all or part of their vested account balance at any time.

Forfeited Accounts

Upon termination of employment, participants forfeit their nonvested balances. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$28,817 and \$19,791, respectively. These amounts will be used to reduce future employer contributions and/or to pay administrative expenses. In 2017, employer contributions were reduced by \$23,710 from forfeited nonvested accounts.

MASERGY COMMUNICATIONS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2017

Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). That basis differs from the accrual basis of accounting under U.S. GAAP in that contributions are recognized when received instead of when earned.

Use of Estimates

The preparation of financial statements in conformity with the basis of accounting described above requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, including credit, interest rate, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value, except for fully benefit-responsive investment contracts (FBRICs). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4). Contract value is the relevant measure for the portion of net assets available for benefits of the Plan attributable to FBRICs because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan (see Note 5). The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Prudential.

The Plan's investment option offered to participants, the Prudential Guaranteed Income Fund (PGIF), is a group annuity contract and is subject to the provisions of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* Topic 946-210, which addresses reporting of FBRICs held by an investment company. Prudential considers this contract to be fully benefit responsive as it is 1) effected directly between Prudential and the contract issuer, 2) the contract issuer provides assurance that the contract crediting rate will not be adjusted to less than zero, 3) the contract requires all permitted participant-initiated transactions with the PGIF at contract value without limitation, 4) it is improbable

that an event will occur that would limit the ability of the PGIF to transact at contract value with both the issuer and the PGIF unit holder to meet participant initiated permitted truncations, and 5) the PGIF allows unit holders reasonable access to their funds.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Income from investment contracts is recorded at the contract crediting rate determined in accordance with contract terms, net of investment related costs. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the plan's gains and losses on investments bought and sold as well as held during the year based on each investment manager's average historical cost. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on the notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when the Company makes payroll deductions from eligible Plan participant's compensation. Company contributions are recorded when paid into the Plan by the Company. Contributions are funded to the Plan on or following the payroll payment date.

Payment of Benefit, Terminations and Withdrawals

Benefits, terminations and withdrawals are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Company (and are excluded from these financial statements) or are paid by the Plan and allocated pro-rata to participant's accounts as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping, trustee and custodian fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Plan Administrator has evaluated events or transactions for potential recognition or disclosure through the date on which the financial statements were issued, and determined that no events have occurred that require additional disclosure other than the amendment of the Plan effective January 9, 2018 that includes the following changes to the Plan's provisions: 1) the adoption of the T. Rowe Price

Rowe Price Trust Company (TRPTC) as the Plan's trustee and custodian and TRPRS as the Plan's recordkeeper; 5) an automatic deferral rate set at five percent of eligible compensation, as defined, beginning January 9, 2018 for all newly eligible participants and eligible employees who are not making Plan contributions at all or at a rate less than five percent, as defined, unless modified by the participant; 6) the inability of participants to take loans from Roth Plan contribution accounts; and, 7) the addition of various target fund investment offerings and the T. Rowe Price Stable Value Fund (replacing the Prudential Guaranteed Income Fund) in addition to a continuation of a majority of the Plan's investment offerings prior to January 9, 2018.

NOTE 4 – FAIR VALUE MEASUREMENTS

The fair value hierarchy prioritizes the inputs to measure fair value, giving the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Fair value balances are classified based on the observability of those inputs. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The Plan's Level 1 investments primarily consist of mutual funds and money market funds that are traded on U.S. exchanges. The Plan has no level 2 or 3 investments.

Shares of mutual funds and money market funds are valued at fair value at the daily closing price as reported by the fund, which represent the net asset values (NAV) of the shares held by the Plan. Mutual

funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's Administrative Committee believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

NOTE 5 – INVESTMENTS VALUED AT CONTRACT VALUE

Group Annuity Contract: The Plan invests in the PGIF that is a Prudential general account backed evergreen (no maturity date) group annuity spread product that is valued at contract value and qualifies as a FBRIC. The PGIF invests in a broadly diversified, fixed-income portfolio of public bonds, commercial mortgages and private placement bonds within the Prudential general account. Upon discontinuance of the contract, the contract value would be paid no later than 90 days from the date the Plan sponsor provides notice to discontinue. Under this contract the Plan owns a promise to pay interest at crediting rates, net of administrative fees, which are announced in advance (subject to a minimum rate) and guaranteed for a six-month period of time as outlined in the group annuity contract and participants may direct permitted withdrawals and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and administrative fees. Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid either within 90 days or over time.

There are no reserves against contract value for credit risk of the contract issuer or otherwise as the contract is backed by the full faith and creditworthiness of the issuer. Guarantees are based on the claims-paying ability of the issuer and not on the value of the securities within the insurer's general account. Interest is credited on contract balances using a single "portfolio rate" approach and is applied to all contributions regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. Crediting rates are set based on current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within Prudential's general account.

Year Ended December 31, 2017

As stated in Note 1 Subsequent Events, amounts invested in the PGIF on January 8, 2018 were transferred to new investment options on January 9, 2018 as elected by each participant and there were no amounts that were not settled at contract value upon the transfer.

NOTE 6 - TAX STATUS

The underlying non-standardized prototype plan that the Plan adopted effective January 1, 2016 and December 14, 2016 has received an opinion letter from the IRS dated April 29, 2014 stating that the form of the plan is qualified under Section 401(a) of the IRC and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype Plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax-exempt.

Plan management is required by U.S. GAAP to evaluate uncertain tax positions taken by the Plan. The financial statement impact of a tax position must be recognized when the position is more likely than not, based on its technical merits, to be sustained upon examination by the IRS. As of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken.

NOTE 7 – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan holds mutual funds or units of group annuity contracts of \$6,942,165 or \$5,700,873 that represent 23% and 24% of total investments as of December 31, 2017 and 2016 that are managed by Prudential. In addition, certain Plan investments are managed by companies that provide investment management services to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
