## Note 1 - Description of Plan:

The following description of the Wente Family Estates 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) profit sharing plan established August 1, 1976, and subsequently amended, which provides benefits to all members of Wente Bros. Inc. DBA Wente Vineyards (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and section 401(a) of the Internal Revenue Code.

The Company is the Plan Sponsor and retains the services of a third party to assist in the administration of the Plan. Through December 31, 2017, the Plan's custodian and third party administrator was Massachusetts Mutual Life Insurance Company ("Mass Mutual").

Eligibility - Except for excluded employees, all employees of the Company are eligible to participate in the Plan if they are at least 18 years of age. Participants may begin deferring a portion of their compensation into the Plan on the date that eligibility conditions are met. During 2016, the Company amended the Plan to include an auto enrollment feature of 3% of the participant's eligible compensation to increase by 1% each Plan year unless elected otherwise.

Participant contributions - Participants may defer a portion of their compensation into the Plan including Roth deferrals subject to certain anti-discriminatory tests and to annual additions subject to the statutory limits. Participants age 50 or older are allowed to make "catch up" contributions during a Plan year, subject to statutory limits. Eligible participants may, in certain circumstances, "rollover" funds accumulated under plans in which they previously participated. The Company does not make any matching contributions on rollover funds received.

Employer matching contributions - The Company's matching contribution for the current year was 25% of the participant's salary reduction, subject to a maximum of 6% of eligible compensation. The employer matching contribution is calculated based on each pay period. The participant must be employed as of the last day of the contribution period to be eligible for any matching contributions that may be made for that payroll period. Contributions are subject to certain limitations.

**Note 1 - Description of Plan (continued):**

Employer matching contributions (continued) - Effective January 1, 2016, according to the Plan documents, profit sharing contributions of 3% of Plan compensation must be made for each Plan year. For the year ended December 31, 2017 the Company contributed approximately $757,000 in addition to employer matching contributions. For the year ended December 31, 2016, the Company contributed 3% of Plan compensation, approximately $778,000 in addition to employer matching contributions. Effective January 1, 2018, the Plan was amended to have profit sharing contributions be discretionary.

Profit sharing contributions are subject to certain limitations which include that participants must have been employed during the year. Effective January 1, 2018 profit sharing contributions became discretionary and require that participants be employed on the last day of the Plan year and must work at least 1,000 hours during the Plan year.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan Sponsor's matching and discretionary profit sharing contribution, and (b) Plan earnings and losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Some Plan investments are units of funds managed by the custodian, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund. Participants may change their investment options at their own discretion and are responsible for their own investment decisions.

Vesting - Participants are immediately fully vested in their contributions as well as all earnings on those contributions. The Company's matching contributions vest based on years of service, not the date of the employer contributions. Vesting on these contributions occur at a rate of 20% per year of service starting in the second year of service. Participants are fully vested in all employer contributions after six years of service has been achieved. During 2016 and 2017, the Company's profit sharing contributions vested 100% upon contribution for all employees regardless of years of service to the Company as they were safe harbor contributions. Effective January 1, 2018, profit sharing contributions became discretionary and vest at the same rate as matching contributions.

Forfeited accounts - Forfeitures are used to reduce future employer contributions or pay administrative expenses of the Plan. Forfeitures were immaterial at December 31, 2017 and 2016.

**Note 1 - Description of Plan (continued):**

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years, but may not exceed five years, except for loans used for a purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions each pay period.

Benefits paid to participants - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained normal retirement age (age 59 1/2). Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed $5,000.

Administrative expenses - The Company pays the administrative costs of the Plan associated with any professional services provided to the Plan. Administrative expenses recorded in the Plan represent custodian fees, other recordkeeping fees paid directly from the Plan to the Plan's custodian and the cost of communications to the participants. Loan and distribution fees and any special handling costs are deducted directly from participants' accounts.

**Note 2 - Significant accounting policies:**

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Note 2 - Significant accounting policies (continued):**

Investment valuation and income recognition - The Plan's investments in all of the funds, except the investment contract account, are presented at fair value, based on quoted market prices of the underlying securities within each fund as of December 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment contract account is fully benefit-responsive and is reported at contract value, which approximates fair value. The money market funds are valued at cost plus accrued interest, which approximates fair values.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments during the year.

Net appreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

## Note 3 - Fair value:

The Plan performs fair value measurements in accordance with ASC 820 *Fair Value Measurements and Disclosures*. ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2017 (Level 1, 2, and 3 inputs are defined above):

| | Fair Value Measurements Using Input Type | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 26,891,783 | $ - | $ - | $ 26,891,783 |

**Note 3 - Fair value (continued):**

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2016 (Level 1, 2, and 3 inputs are defined above):

| | Fair Value Measurements Using Input Type | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 23,040,156 | $ - | $ - | $ 23,040,156 |
| Money market funds | 541,352 | - | - | 541,352 |
| | $ 23,581,508 | $ - | $ - | $ 23,581,508 |

**Note 4 - Investments:**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Mass Mutual, the custodian of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Investments, at fair value shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investments, at contract value as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017.
- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.
- Investment income and other income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

**Note 5 - Investment contract with insurance company:**

In 2017, the Plan entered into a benefit-responsive investment contract with Mass Mutual. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2017, there were no reserves against the contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the contract issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events.

**Note 6 - Party-in-interest transactions:**

At December 31, 2017 and 2016, the Plan held for investment approximately $1,409,000 and $1,098,000, respectively in Mass Mutual investment accounts. Mass Mutual has custodial responsibility for investments held in Mass Mutual investment accounts at December 31, 2017 and 2016.

**Note 7 - Plan termination:**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, all non-vested account balances would become 100% vested.

## Note 8 - Income tax status:

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this determination letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## Note 9 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

# Schedule C Soft Dollar Compensation
# Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
