Notes to Financial Statements

December 31, 2017

1. Description of the Plan

The following description of the CHI Franciscan Health Retirement Savings Plan formerly Highline Medical Center 403(b) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description and plan document for a more complete description of the Plan's provisions.

General

The Plan is an Internal Revenue Code (the Code) Section 403(b) defined contribution plan with an effective date of July 1, 1996. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Highline Medical Center became part of the Catholic Health Initiatives (CHI) controlled group on April 1, 2013.

Prior to January 1, 2016, the Plan covered substantially all employees of Highline Medical Center (the Company). Effective January 1, 2016, the Plan was amended to only allow for participation in the Plan by employees subject to the terms of a collective bargaining agreement. Employees classified as a PRN status are only eligible to make employee contributions and do not receive an allocation of Company contributions. All other employees of the Company at December 31, 2016, became eligible to participate in the Catholic Health Initiatives 401(k) Retirement Savings Plan.

Effective January 1, 2017, the Plan was amended to make the following changes:

- CHI Franciscan Health became the sponsor of the Plan
- Merge and accept the assets (approximately \$12 million) of the Northwest Regional Hospital Tax Sheltered Annuity Plan
- Rename the Plan to CHI Franciscan Health Retirement Savings Plan
- Allow for the eligibility of certain employees of Highline Community Health Services d/b/a Northwest Regional Hospital (Regional Hospital)
- Include Regional Hospital as a participating employer of the Plan

1. Description of the Plan (continued)

Eligible employees are allowed to make participant contributions immediately upon hire. Except for employees classified as PRN status, Company contributions are available to all collectively bargained employees of the Company upon reaching the age of 18 and after completing two years of service in which at least 1,000 hours are worked in the first 24 consecutive months. Plan entry dates are restricted to the beginning of each month.

Fidelity Management Trust Company (Fidelity), The Lincoln National Life Insurance Company (Lincoln), American United Life Insurance Company (AUL), and American Century Investments (American Century) are custodians of the Plan. Fidelity Investments is record-keeper for the Plan. The Plan is administered by the CHI Retirement Plans Subcommittee (the Committee). The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to CHI's HR Committee of the Board of Stewardship Trustees.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. All contributions are subject to certain limitations of the Code.

The Company matches 100% of employee contributions, up to 2% of eligible compensation deferred to the Plan. The Company further contributes a discretionary contribution equal to 5% of eligible compensation for each employee who is eligible for the discretionary contribution. Participants eligible to receive the Company matching contribution are also eligible for the discretionary contribution.

Participants direct all contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company contributions, and allocations of plan earnings and is charged a fixed per annum rate of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and all employer contributions plus actual earnings thereon.

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of 5 years, unless the loans are used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the plan agreement, loans bear a reasonable rate of interest determined by the local prevailing rate. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Participants are entitled to distributions from the Plan upon death, disability, normal or early retirement, or other termination of employment. Upon termination of service, a participant will receive his or her vested benefits under the Plan. The forms of distribution include a lump-sum distribution, installments, or a partial lump-sum distribution with the remainder taken as a lump-sum distribution or installments at a later date.

Additionally, participants may request distribution of certain portions of their accounts due to financial hardship, as defined.

1. Description of the Plan (continued)

Administrative Fees

Substantially all administrative and trustee fees are paid by the participants through a fixed per annum fee, charged on a quarterly basis, and investment fees are deducted directly from investment returns.

Plan Termination

Although it has not expressed any intent to do so, CHI has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefits Paid to Participants

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Committee determines the Plan's valuation policies utilizing information

Highline Medical Center 403(b) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

provided by the investment advisors and custodians. See Note 4 for further discussion and disclosures related to fair value measurements.

In accordance with Accounting Standards Codification 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable prices that are based on inputs not quoted on active markets but corroborated by market data.
- Level 3: Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and observable. These inputs reflect management's judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 or 2016.

Mutual Funds: Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. Summary of Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

The following investment information was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity, Lincoln and AUL (collectively, the Certifying Custodians of the Plan). 5. Fully Benefit-Responsive Investment Contract

The Plan has a balance in the VALIC Fixed Account, which is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The VALIC Fixed Account is maintained in a general account with VALIC. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts depends on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Highline Medical Center 403(b) Retirement Savings Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Beginning in 2016, the Plan has entered into a five-year agreement to liquidate the VALIC Fixed Account. The first installment of 20% occurred on July 1, 2016. The second occurred on July 1, 2017, with three more through July 1, 2020.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants, account balances and the amounts reported in the statement of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

The Plan invests in certain funds managed by Fidelity, Lincoln and AUL, the custodians of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated August 7, 2017, stating that the form of the underlying specimen plan is qualified under Section 403(b) of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 403(b) of the Code, and, therefore, the related custodial accounts are tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Plan management has evaluated subsequent events for the Plan through July 31, 2018, the date the accompanying financial statements were available to be issued.
