PMG RESEARCH, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A: DESCRIPTION OF PLAN

General

The PMG Research, Inc. 401(k) Plan (the "Plan"), and formerly known as Piedmont Medical Research Associates, Inc. 401(k) Plan, was established January 1, 1992, and most recently restated effective January 1, 2017. The Plan provides retirement benefits for employees of PMG Research, Inc. and all of its affiliate sites (the "Company"). Eligible employees become participants in the Plan following thirty days of service, and attainment of age 21, as defined in the Plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2018, the Plan merged with ICON Clinical Research, LLC 401(k) Plan. All participant's interest were deemed fully vested as prescribed by the Plan and ERISA.

Contributions

Participants may make elective deferral contributions to the Plan. Effective January 1, 2016, participants may also make Roth deferral contributions to the Plan. The Company contributes 25% of the participant's contributions after one year of service, but not to exceed 6% of the participant's compensation. Total contributions, both participant and employer, including discretionary, are subject to the limits of the Internal Revenue Code (the "IRC") Section 415(c). Participant contributions and employer matching contributions of certain highly compensated participants may also be limited based on contribution nondiscrimination tests described in IRC Section 401(k) and 401(m).

Employer contributions include employer discretionary matching contributions, if any, and are determined annually by the employer. Participant contributions consist of participant pre-tax and rollover contributions.

As a result of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), individuals who will be 50 years or older at December 31, 2017 and 2016, are allowed to partially make up for years when 401(k) pre-tax deferrals did not exist and for years when participants had not maximized their 401(k) savings opportunities. Annual catch-up contributions are limited to $6,000 in 2017 and 2016. The company also matches catch-up contributions.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contributions, the employer's contributions, and an allocation of the Plan's earnings and certain administrative expenses. The Plan's earnings and administrative expenses are allocated according to participants' relative account balances.

Participants are immediately vested in all contributions plus actual earnings upon entering the Plan.

Investment Options - Participant Directed

Plan participants may direct the investment of their employee contributions and related employer matching contributions in any of the investment options available by the Plan through its Trustee. Accordingly, substantially all of the Plan's investment assets are participant directed.

Withdrawals and Distributions

On termination of service, a participant may elect to receive a lump-sum amount, in cash or in-kind, equal to their vested value of his or her accounts. Benefits are recorded when paid.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participant withdrawals are limited to deferred account balances.

In-service distributions may be made to a participant who has not separated from service provided that the participant has attained age 60, and the participant has been a participant in the Plan for at least 15 years.

Administrative Expenses

Certain administrative expenses for maintaining the Plan, such as expenses incurred for contract pension recordkeeping services are paid by the Plan's Sponsor.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE C: INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the Plan's Custodian, Capital Bank and Trust Company, and furnished to the Plan Administrator. The Plan Administrator has

obtained certification from the Plan's custodian that the information provided to the Plan Administrator by the Plan's custodian related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements related to the following assets:

	2017	2016
Interest in registered investment companies	$ 0	$5,997,523
Interest bearing cash	0	424,657
	$ 0	$6,422,180

The Plan's custodian also certified the completeness and accuracy of net appreciation (depreciation) in fair value of investments, interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2017:

Dividends and interest	$ 255,210
Net appreciation in value of investments	$ 838,489

NOTE D: FAIR VALUE MEASUREMENTS

Assets and liabilities recorded at fair value in the Statements of Net Assets Available for Benefits are categorized upon the level of judgement associated with the inputs used to measure their fair value. Level inputs are defined as follows:

Level Input	Input Definition
Level I	Inputs are unadjusted, quoted prices for identical assets or liabilities in active markets at the measurement date.
Level II	Inputs, other than quoted prices included in Level I, that are observable for the asset or liability through corroboration with market data at the measurement date.
Level III	Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Level I instruments are valued using quoted market prices for identical unrestricted instruments in active markets. The Plan defines active markets for equity instruments based on the average daily trading volume both in absolute terms and relative to the market capitalization for the instrument. The Plan defines active markets for debt instruments based on both average daily trading volume and the number of days with trading activity.

PMG RESEARCH, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Level II instruments can be verified by quoted prices, recent trading activity for identical or similar instruments, broker or dealer quotations, or alternative pricing sources with reasonable levels of price transparency. At December 31, 2017 and December 31, 2016, the Plan did not hold any financial instruments in Level II.

Level III instruments have one or more significant valuation inputs that are not observable. Absent evidence to the contrary, Level III instruments are initially valued at transaction price, which is considered to be the best initial estimate of fair value. Subsequently, the Plan uses other methodologies to determine fair value, which vary based on the type of instrument and include relevant broker quotations. Valuation inputs and assumptions are changed when corroborated by substantive observable evidence, including values realized on sales of Level III instruments. At December 31, 2017 and December 31, 2016, the Plan did not hold any financial instruments in Level III.

The following is a brief description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Interest in registered investment companies: Value at the net asset value of shares held by the plan at year end.

Interest bearing cash: Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes fair value measurements by level at December 31, 2017 and 2016, for assets measured at fair value on a recurring basis:

Investments measured at fair value:	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level I)
December 31, 2017		
Interest in registered investment companies	$ 0	$ 0
Interest bearing cash	0	0
Total	$ 0	$ 0
December 31, 2016		
Interest in registered investment companies	$ 5,997,523	$ 5,997,523
Interest bearing cash	424,657	424,657
Total	$ 6,422,180	$ 6,422,180

PMG RESEARCH, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE E: RELATED PARTIES

The Plan Sponsor and Administrator is the employer, PMG Research, Inc. Capital Bank and Trust Company and Trinity Pension Group, LLC provide pension and recordkeeping services for the Plan. Through February 14, 2017 John D. White and Jennifer Byrne were the Trustees of the Plan. Effective February 15, 2017, the Trustee was changed to Capital Bank and Trust Company.

NOTE F: INCOME TAX STATUS

The Plan has adopted the Capital Bank and Trust Company's Defined Contribution Prototype Plan and Trust. Employers who adopt and operate under this plan arrangement are considered to have a plan qualified under Internal Revenue Code Section 401(a). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan files its income tax returns in the U.S. Federal jurisdiction. For tax years after 2013, the Plan's income tax returns remain subject to examination by applicable tax jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G. PLAN MERGER

Effective January 1, 2018, the Plan merged with ICON Clinical Research, LLC 401(k) Plan. Pursuant to the merger, on December 29, 2017, the Plan recorded the transfer of its net assets aggregating $5,193,921 to the ICON Clinical Research, LLC 401(k) Plan. The Plan was effectively terminated December 29, 2017. The management of the Sponsor believes that the Plan merger was a tax-exempt transaction.
