(1) Description of the Plan

The following description of the St. John Medical Center Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan sponsored by University Hospitals Health System, Inc. (the Plan Administrator) covering eligible employees of St. John Medical Center and related entities (collectively the Company) who have been hired as of the first day of a plan year and attained age 21 or will attain age 21 during that plan year. Employees who have been hired after the first day of the plan year are eligible to participate as of the first day of the following plan year if they have attained age 21 or will attain age 21 during that plan year. Leased employees are not eligible to participate in the Plan. Limited participation for salary deferral purposes is permitted on the first day of any month following the date of hire for all participants. The Plan is subject to the provisions of ERISA.

Effective December 24, 2016, the Plan was frozen for further participation and contributions.

The Compensation Committee under the Board of Directors of University Hospitals, as permitted by the plan document, adopted and approved an amendment of merger to transfer the assets of the Plan into the comparable University Hospitals benefit plan. The Plan's assets were transferred into the comparable University Hospitals benefit plan, University Hospitals Health System, Inc. 401(k) Retirement Savings Plan, on December 11, 2017.

(b) Contributions

Prior to December 24, 2016, participants eligible to make 401(a) salary deferral contributions contributed between 1% and 90% of their pretax compensation, as defined in the Plan. Participants could contribute amounts representing eligible rollover distributions from other qualified defined benefit or defined contribution plans. Employees who have completed 1,000 hours of service during the plan year are eligible for employer contributions. Dependent upon the legal entity the employee works for, the Company contributes 25% or 50% up to the first 4% of eligible compensation that a participant contributes to the Plan. For eligible employees, the Company also contributes an additional nonelective contribution, which is equal to a designated percentage of individual participant compensation based on years of service. Additionally, Company match contributions related to participants of the St. John Medical Center Retirement Savings 403(b) Plan are deposited and included within this Plan.

Upon enrollment in the Plan, a participant may direct employee and Company contributions in whole increments to any of the Plan's fund options. Participants may change their investment options and transfer funds between investment options daily.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully vested in employer contributions at the earlier of completing three years of eligible service, upon reaching age 65, becoming disabled, or death. In March 2017, the Plan was amended so all participants would be vested in their employer contributions effective as of the date of the amendment.

(e) Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions.

(f) Payment of Benefits

Upon termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or elect to receive the vested value of his or her account in installments over a period of 5, 10, 15, or 20 years, distribution in the form of a life annuity, joint and 50%, 75% or 100% survivor annuity for the participant and spouse, or a life annuity with guaranteed payments. Benefits are recorded when paid.

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their total vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are collateralized by the balances in the participant's account and bore interest at market rates between 4.25% and 8.75% for the year ended December 31, 2016.

(h) Plan Termination

The Plan Administrator has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Upon termination, participants would become 100% vested in their employer contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of the financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments of the Plan are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

(d) Administrative Expenses

Various administrative costs are paid by the Plan. Other expenses, such as audit fees, are paid by the Plan Administrator.

(3) Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments from participants:

- Investments, at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |

Notes to Financial Statements

December 11, 2017 and December 31, 2016

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Level 1 instruments consist of mutual funds, common collective trust, and money market funds and their fair value is normally calculated at the end of each business day. There are no Level 2 or 3 investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 as there were no investments as of December 11, 2017:

December 31, 2016				
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	\$ 87,822,129	—	—	87,822,129
Common collective trust	5,880,125	—	—	5,880,125
Money market funds	728	—	—	728
Total assets	\$ 93,702,982	—	—	93,702,982

The Fidelity Managed Income Portfolio (MIP) fund's purpose is to preserve principal while earning interest income. The MIP is a commingled pool and its investments may be comprised of conventional and synthetic investment contracts issued by insurance companies, banks and other financial institutions, short-term bonds and other fixed income securities, including U.S. Treasury bonds, mortgage-backed securities, commercial mortgage-backed securities, asset backed securities and derivative instruments such as futures, swaps and options. Third-party wrap contracts are purchased to permit the use of book value accounting to maintain a constant net asset value and to provide for payment of participant-directed withdrawals and exchanges at book value. Interest is credited under wrap contracts.

The Plan's investment in the MIP, which is considered to be a common collective trust fund is valued at net asset value (NAV) of the units of the fund. NAV per unit is determined each business day. The NAV is based on the underlying investments less liabilities. The fair value of the underlying investments is determined by the trustee utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes. Redemptions initiated by Plan participants may be made on any business day and are processed on the same business day based on the next determined NAV per unit. Redemptions initiated by the Plan Administrator are required to provide twelve months written notice. Redemptions made by the Plan participants cannot be reinvested into competing investments for ninety days from the date of transfer. Competing investments are investment options offered by the Plan which may be deemed to compete with the MIP. There are no unfunded commitments related to the investment in the MIP.

ST. JOHN MEDICAL CENTER RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 11, 2017 and December 31, 2016

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. For the period ended December 11, 2017 and the year ended December 31, 2016, there were no transfers in or out of Level 1, 2 or 3.

(5) Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 25, 2015, that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Company is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Company has concluded that as of December 11, 2017 and December 31, 2016, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(7) Related Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan and therefore these transactions qualify as party-in-interest transactions.

The Plan has also engaged a third party to provide investment advisory services to participants. Fees paid by participants to the third party totaling \$9,091 and \$13,240 are included in administrative expenses for the period from January 1, 2017 to December 11, 2017 and the year ended December 31, 2016, respectively. The Plan Administrator pays directly any other fees related to the Plan's operations.

(8) Subsequent Events

All activity of the Plan has been evaluated through September 11, 2018, the date the financial statements were available to be issued. There were no reportable events.
