NOTES TO FINANCIAL STATEMENTS
As of November 20, 2017 and December 31, 2016 and for the
Period From January 1, 2017 to November 20, 2017

NOTE 1 - Description of the Plan

The following description of the The BuySeasons 401(k) Fun Fund (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Plan Termination

On June 30, 2017, the plan was terminated. All participant fund balances were deemed 100% vested and distributed (see Note 2 - Basis of Accounting) on November 20, 2017.

General

The Plan, established October 1, 2014, was a defined contribution plan established by BuySeasons, Inc., now known as Liberty BSI, Inc., (the Company) and was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees, excluding residents of Puerto Rico, union employees, nonresident aliens without income from a United States source, and temporary employees, as defined in the plan document, and are age 18 or older were eligible to participate. Temporary employees over the age of 21 and have completed at least 1,000 hours of service as defined in the plan document were eligible to participate. Upon enrollment in the Plan, a participant could direct employer and employee contributions to any combination of the available investment options.

Contributions

Each year, participants could contribute up to 75 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants could designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants could transfer amounts from other qualified plans if the transfer qualified as a tax-free rollover. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. The Company contributed 100 percent of the first 3 percent and 50 percent of the next 2 percent of compensation that a participant contributed to the Plan. The Company could make additional discretionary contributions to the Plan. There were no discretionary contributions in 2017. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account was credited with the participant's salary reduction contributions, rollover contributions, Company matching contributions and allocations of the Company's discretionary contributions and Plan earnings (net of administrative expenses). Allocations were based on account balances as defined in the plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

THE BUYSEASONS 401(K) FUN FUND

NOTES TO FINANCIAL STATEMENTS

As of November 20, 2017 and December 31, 2016 and for the
Period From January 1, 2017 to November 20, 2017

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants were immediately vested in their salary reduction contributions, roll-over, catch-up contributions, Company match, and investment income/loss thereon. Vesting in Company discretionary contributions was graduated at a rate of 50 percent per year over a period of two years of service. At the time of the plan's termination, all participant balances were deemed 100% vested.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans were secured by the balance in the participant's account and at interest rates that range from 4.25 percent to 5.25 percent at November 20, 2017 and December 31, 2016, which were determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest was paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Benefits were able to be paid to participants on termination of service due to death, disability, retirement, or termination of employment, as defined in the plan document. The Plan provided for normal retirement at age 62 and early retirement on or after attaining age 55. In-service distributions were allowed after attainment of age 59 1/2. In addition, the Plan allowed for hardship distributions if certain criteria were met.

Upon plan termination, participants' funds were distributed by November 20, 2017, in the form of a rollover distribution into another qualified account, a lump-sum cash distribution or a combination of the two.

Forfeited Accounts

Forfeited account balances could be used to reduce required Company contributions; however, plan participants became 100% vested upon plan termination. There were no forfeited account balances as of November 20, 2017 and December 31, 2016.

Administrative Expenses

The Company provided certain accounting and administrative services to the Plan for which no fees were charged. Expenses that were paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

THE BUYSEASONS 401(K) FUN FUND

NOTES TO FINANCIAL STATEMENTS

As of November 20, 2017 and December 31, 2016 and for the
Period From January 1, 2017 to November 20, 2017

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

As a result of the decision to terminate the plan (Note 1) and in accordance with accounting principles generally accepted in the United States of America (US GAAP), the plan revalued its net assets to their liquidation value on November 20, 2017. The accompanying Statement of Changes in Net Assets in Liquidation Available for Benefits for the period from January 1, 2017 to November 20, 2017, and the Statement of Net Assets in Liquidation Available for Benefits as of November 20, 2017 are presented on that basis.

For the period before the decision to terminate was made, the financial statements were prepared using the accrual method of accounting. The accompanying Statement of Net Assets Available for Benefits as of December 31, 2016 is presented on that basis.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's management determines the plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of November 20, 2017 and December 31, 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

As of November 20, 2017 and December 31, 2016 and for the
Period From January 1, 2017 to November 20, 2017

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through September 14, 2018, the date the financial statements were available to be issued.

NOTE 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability; and
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There was no change in the methodologies used through the decision to terminate the plan, at which time liquidation basis was then used.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV (Net Asset Value) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - Administration of Plan Assets

The Plan's assets were administered under a contract with Fidelity Management Trust Company, the trustee of the Plan. The trustee invested funds received from contributions, investment sales, interest, and dividend income and made distribution payments to participants.

NOTE 5 - Related Party and Party-In-Interest Transactions

Certain of the Plan's investments were managed by the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of the investments, as they were paid through revenue sharing, rather than a direct payment. Additionally, the Plan issued loans to participants, which were secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

NOTE 6 - Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan was designed in accordance with applicable sections of the IRC and, therefore, the Plan was not subject to tax under present income tax law. The Plan was required to operate in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 20, 2017 and December 31, 2016, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Period From January 1, 2017 to November 20, 2017

NOTE 7 - Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2016, the Plan had investments of \$2,108,444 that were concentrated in three funds.

NOTE 8 - Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA as of November 20, 2017 and December 31, 2016 and for the period from January 1, 2017 to November 20, 2017. Accordingly, the trustee has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets in Liquidation Available for Benefits as of November 20, 2017 and December 31, 2016 and the related investment activity reported in the Statement of Changes in Net Assets in Liquidation Available for Benefits for the period from January 1, 2017 to November 20, 2017.
