NOTE 1 - Description of the Plan

The following description of the Jordan Industries International, LLC 401(k) Savings Plan (the "Plan") provides only general information. Users of these financial statements should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Jordan Industries International, LLC and certain subsidiaries (Participating Employers), which have elected to participate in the Plan (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The following is a list of Participating Employers in 2017:

Beemak Plastics, LLC
Deflect-O, LLC
The Jordan Company GP, LLC
Jordan Industries International, LLC
AeroPro, LLC

Eligibility

Employees are eligible to become a participant in the Plan on the first day of the payroll period coinciding with or following their attainment of 21 years of age. There is no service requirement for employees to become a participant in the Plan.

Contributions

Employees who are eligible to participate, as defined by the Plan, may contribute up to the maximum percentage of their pretax annual compensation (salary reduction contributions) and dollar amount permissible under Section 402(g) of the Internal Revenue Code ("IRC") not to exceed limitations set forth by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan provides for a matching contribution as stated in the plan document determined each year by each Participating Employer. Additional company contributions may be contributed at the discretion of the Company's Board of Directors. No discretionary contributions were made for the year ended December 31, 2017. Company contributions are subject to the applicable limits of the IRC.

Participant Accounts

Participant contributions and investment earnings are directed by the individual Plan participants to certain investment choices offered under the Plan. Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, Company matching contributions, if any, and an allocation of (a) Company profit sharing contribution, if any, (b) the Plan's earnings or losses, and (c) administrative expenses. Allocations of contributions are based on the participant's eligible compensation or account balances, as defined in the Plan document.

JORDAN INDUSTRIES INTERNATIONAL, LLC 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the plan document, are considered 100% vested. Company contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Forfeited Accounts

As of December 31, 2017 and 2016, forfeited nonvested accounts totaled \$8,669 and \$1,348, respectively. These accounts will be used to reduce future Company contributions or to pay the Plan's administrative expenses. In 2017, \$10,167 from forfeited nonvested accounts were used to pay for plan fees.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installment payment for required minimum distributions. If the vested account balance is \$5,000 or less, the participant will receive a lump-sum payment. In-service distributions are available upon or following the age 59.5 or disability. Participants experiencing financial hardship may withdraw a portion of this account balance if certain criteria are met, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at ranging from 4.25% to 5.25% per annum, which is commensurate with the local prevailing rate as determined quarterly by the Plan administrator with a repayment period no longer than five years, unless such a loan is for the purchase of a primary residence. The Plan administrator, in accordance with the Plan's loan policy, shall determine the term of such loan. Principal and interest is paid ratably through payroll deductions and are reinvested in the investment options selected by the participant.

JORDAN INDUSTRIES INTERNATIONAL, LLC 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 1 - Description of the Plan (cont.)

Administrative Expenses

Administrative expenses are paid through reductions of the forfeiture account. The Company pays any amounts in excess of forfeitures available. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Administration of Plan Assets

The Plan's assets are administered under a contract with State Street Bank and Trust Company, the trustee of the Plan ("Trustee"). The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Reclassification

For comparability, certain 2016 investment categories in Note 4 have been reclassified to conform with classifications adopted in 2017.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

JORDAN INDUSTRIES INTERNATIONAL, LLC 401(K) SAVINGS PLAN

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition (cont.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Information Prepared and Certified by Trustee - Unaudited

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2017 and 2016. Accordingly, State Street Bank and Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability; and
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

JORDAN INDUSTRIES INTERNATIONAL, LLC 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 4 - Fair Value of Financial Instruments (cont.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Money markets are valued at the cash value of funds held by the plan at year end.

The stable pooled fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy.

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

JORDAN INDUSTRIES INTERNATIONAL, LLC 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who had withdrawn from the Plan as of December 31, 2017 or 2016.

NOTE 6 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and make distribution payments to participants.

NOTE 7 - Parties In Interest

Certain Plan investments are managed by the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment. Fees of \$21,995 paid to parties in interest are included in administrative expenses for the year ended December 31, 2017.

Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by management or employees of the Company, but are not compensated from the Plan.

NOTE 8 - Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2017, the Plan held one such investment totaling \$2,393,647 and as of December 31, 2016, the Plan held three such investments totaling \$4,572,463.

JORDAN INDUSTRIES INTERNATIONAL, LLC 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 9 - Tax Status

The Plan obtained its latest determination letter on August 26, 2013, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan has recognized no interest or penalties related to uncertain tax positions.

NOTE 10 - Reconciliation of Financial Statements to Schedule H of form 5500

The financial statements have been prepared using the accrual method of accounting while the Plan's form 5500 has been prepared on the modified cash-basis method of accounting. The reconciliation between the financial statements and form 5500 are as follows:

	<u>2017</u>	<u>2016</u>

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

NOTE 11 - Subsequent Events

The Plan has evaluated subsequent events through August 31, 2018, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

During September 2017, the Company sold Beemak Plastics, LLC, Deflect-O, LLC, and AeroPro, LLC. As a result of the sale, in January 2018 the affected participant account balances were transferred out of the Plan.

During April 2018, the plan was amended and The Jordan Company GP, LLC was no longer a participating employer and as a result the participants account balances were transferred out of the Plan.

Effective April 24, 2018 the plan was amended and plan assets of the remaining participating employers were transferred to a new trustee, Paychex. As part of this amendment, the plan's existing fund offerings were eliminated and the investment balances were mapped to new funds with similar risk and reward characteristics.
