NOTE 1 - DESCRIPTION OF PLAN

The following description of the Tri Tool Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement and its amendments for a more complete description of the Plan's provisions.

GENERAL

The Plan, a tax-exempt trust, was established for the benefit of the employees of Tri Tool Inc. and its wholly-owned subsidiary, Tri Tool Power Services Inc. (collectively, the "Companies"), not covered under collective bargaining agreements.

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

ELIGIBILITY

All employees, with a few exceptions as explained in the Plan agreement, who are at least 18 years of age are eligible to participate in the Plan on their first day of employment.

CONTRIBUTIONS

Participant contributions are made on a voluntary basis and are made through payroll withholdings. The Companies are required to match employee contributions at a rate of 20% of the employee's deferral up to a maximum of $4,000 annually. The employee's deferrals are limited to the lesser of (a) 75% of the employee's compensation or (b) up to the Internal Revenue Code ("IRC") limit of $18,000. Participants who are at least 50 years of age by the end of the year may make an additional catch-up contribution of $6,000. The participant's additional catch-up contributions are included in determining the Companies' matching contributions. The Plan also allows participants to make post-tax Roth contributions subject to the same limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

ROLLOVERS

Rollovers can be made directly from another qualified plan, or if not a direct rollover, it must be received by Fidelity Management Trust Company ("Fidelity"), the trustee, within 60 days of the participants' receipt of the distribution. Rollover contributions to the Plan may be made before becoming a participant. However, employees may not become a participant in the Plan, and thus, eligible to make contributions and share in employer contributions until the participant's eligibility is met.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their voluntary contributions, rollover contributions, and in the employer matching contributions plus actual earnings thereon.

INVESTMENT OPTIONS

Participants may allocate their contributions among various self-directed investment options.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. These loans are secured by the participant's account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a principal residence, the plan administrator may permit a longer repayment term. The interest rate charged is determined by the plan administrator and is based on interest rates charged on similar types of loans by other lenders. Interest is 100% credited to the participant's account. The maximum number of loans a participant may have outstanding at any one time is two. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

Benefits become payable when a participant retires, becomes disabled, terminates employment or dies. The amount of the benefit is the total vested amount in the participant's account determined as of the date of termination.

Benefits amounting to $5,000 or less may be paid in a lump sum distribution, as soon as practical, following the participant's retirement, disability, termination or death. If the value of the benefit exceeds $5,000, the participant may elect to defer payment. However, benefit payments must begin before April 1st of the subsequent year in which the participant attains age 70½.

HARDSHIP DISTRIBUTIONS

The Plan allows for hardship distributions subject to IRC regulations. Participants may withdraw, in a lump sum distribution, any part of their account resulting from elective deferral contributions in the event of undue financial hardship. The participant's elective deferrals will be suspended for six months after receipt of the hardship distributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

USE OF ESTIMATES

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at their fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Management believes that all notes are fully collectable, and therefore, no allowance for credit losses has been recorded as of December 31, 2017 and 2016.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment expenses incurred by the manager of the funds and directly related administrative expenses are deducted from the earnings of the Plan. Loan processing fees are paid by the participants through reduction in their investment balances.

SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through August 20, 2018, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in these financial statements.

NOTE 3 - INFORMATION PROVIDED AND CERTIFIED BY THE PLAN'S TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan, in accordance with Section 2520.103-5 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA.

The information certified is as follows:

	2017	2016
Investments		
Mutual funds	$ 12,490,530	$ 11,162,543
Stable value fund	3,239,511	2,552,840
Cash	12,206	9,645
Common stock	421	549
Total	$ 15,742,668	$ 13,725,577
Notes Receivable From Participants	$ 477,266	$ 381,573

The following is a summary of the net investment income certified by Fidelity for the year ended December 31, 2017:

Net appreciation in fair value of investments	$ 1,364,671
Interest and dividends	617,557
Interest income on notes receivable from participants	19,213
Total	$ 2,001,441

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's financial assets and liabilities that are carried at fair value are classified for disclosure purposes based on a hierarchy that gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset or a liability's classification is based on the lowest level input that is significant to its measurement. For example, Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 1
Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2
Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities from those willing to trade in markets that are not active, inputs other than quoted market prices that are observable (either directly or indirectly) for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means for the term of the instrument.

Level 3
Inputs that are unobservable and significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstance that caused the transfer. The Plan had no transfers into or out of levels of the fair value hierarchy during the year ended December 31, 2017.

Mutual funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Stable value fund
Valued at NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The stable value fund invests primarily in guaranteed and security-backed investment contracts with life insurance companies, banks, and other financial institutions.

Common stock
Valued at quoted market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total

*In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017 and 2016:

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity or one of its affiliates. Fidelity is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Participants' loan activities also qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts will be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

NOTE 7 - TAX STATUS

The Plan is a prototype plan designed to be qualified under applicable provisions of the IRC and is not subject to federal and state income taxes. The prototype plan obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Services ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. If the Plan was to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax liability would be reported as income taxes. No interest or penalties have been recognized as of December 31, 2017 and 2016, or for the year ended December 31, 2017. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - ADMINISTRATION

The Plan is administered by an Administrative Committee established by the Companies. Fidelity also serves as an administrative agent to manage the day-to-day activities of the Plan.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
