Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2017 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

OUR GANG SAVINGS INCENTIVE PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 1 - Description of the Plan

The following description of Our Gang Savings Incentive Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan, as amended is a defined contribution plan with a 401(k) arrangement. The Plan was established in May, 1969 to provide retirement benefits to employees of Polly's, Inc. and its subsidiaries and affiliated entities (collectively, the Company or the employer). Employees are eligible to participate in the Plan with respect to making salary reduction contributions, receiving discretionary profit sharing contributions and receiving discretionary employer matching contributions if they attained age 18 and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

   Fidelity Management Trust Company (Fidelity) is the trustee of all the plan assets and Fidelity Investments is the recordkeeper of all plan assets.

B. Contributions – Participants can elect to contribute up to a certain percentage of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 or older by the end of the calendar year are eligible to make catch-up contributions. The Plan also allows for Roth elective deferrals. Participants may also contribute amounts representing distributions form other eligible plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Company's contributions to the Plan are discretionary and determined each year by the Company's Board of Directors. Such contributions can be made in the form of a matching or profit sharing contributions.

C. Participants Accounts - Each participant's account is credited with the participant's salary deferral contributions, an allocation of the Company's matching contributions and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

D. Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company discretionary matching contributions is based on years of continuous service. Participants vest in these accounts after two years of service and are fully vested after four years of service. Company discretionary profit sharing contributions vest at 20% per year after a participant's second year of service and are fully vested after six years of credited service.

E. Notes Receivable from Participants – Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to 5 years, or no more than 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates determined by the plan administrator to be commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

F. Payment of Benefits – A participant's plan benefits will be distributed at retirement, death, disability, or termination of employment. The entire vested account balance will be paid in a single distribution or other distribution method that participants may elect.

Note 1 - Description of the Plan (continued)

G. Forfeited Accounts – Forfeitures of terminated participants' non-vested accounts arising from Company contributions and related Plan earnings will be utilized first to pay Plan expenses then to reduce employer contributions. As of December 31, 2017 $4,995 of forfeitures is available to pay Plan expenses or reduce employer contributions.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

B. Estimates - The preparation of the Plan financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in mutual funds are valued daily based on the respective fund's net asset value

Purchases and sales of securities are recorded on a trade-date basis. The cost of securities owned and the net gain or loss on securities sold is determined using the average cost method for financial statement purposes. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable form Participants – Notes receivable from Participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

E. Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

F. Payment of Benefits – Benefits are recorded when paid.

G. Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) of fair value of investments.

H. Subsequent Events – The Plan has evaluated subsequent events through August 6, 2018, the date the financial statements were available to be issued

Note 2 - Summary of Significant Accounting Policies (continued)

I. Recent Accounting Pronouncements - In July 2015, the FASB issued ASU No. 2015-12, *(*Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*,* that eliminates the requirements to measure fully benefit-responsive investment contracts at fair value; disaggregate investments by nature, risks, and characteristics; disclose individual investments that represent five percent or more of net assets available for benefits; and disclose net appreciation or depreciation for investments by general type. The Plan adopted Part II of this ASU as of December 31, 2016 and retrospectively revised the December 31, 2015 financial statements and disclosures to conform; Parts I and III are not applicable and therefore have not been adopted.

Note 3 – Funding Policy

The Company contributed to the Plan a discretionary matching amount up to 50% of each participant's first 3% of compensation contributed as an elective deferral. Generally, any participant who makes a contribution to the Plan, other than a rollover, and is employed on the last day of the Plan year is eligible for the discretionary matching contribution. The total employer match was $60,671 for the year ended December 31, 2017.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5 – Information Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company as of December 31, 2017 and 2016, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan that were certified by Fidelity Management Trust Company as complete and accurate.

	2017	2016
Investments at Fair Value:		
Mutual Funds	$ 9,240,788	$ 8,165,308
Notes receivable from participants	77,955	66,770

Fidelity Management Trust Company also certified the completeness and accuracy of $731,160 of net appreciation in fair value of investments, $12,438 of interest, $280,273 of dividends and $2,491 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 6 – Related Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee for the Plan and, therefore, these transactions qualify as party in interest transactions.

Note 7 - Tax Status

The Company has adopted a non-standardized form of a prototype plan sponsored by Fidelity Management and Research Co. The prototype plan has received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax exempt. The Company has not adopted any provisions outside the scope of the prototype plan.

Accounting principles generally accepted in the Unites States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016:

December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 9,240,788	$ -	$ -	$ 9,240,788

December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 8,165,308	$ -	$ -	$ 8,165,308

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.
