1. DESCRIPTION OF PLAN

The following description of the Trinity Packaging Corporation 401(k) Retirement Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on January 1, 1993, available to all full-time employees of Trinity Packaging Corporation (the "Plan Sponsor"). Principal Life Insurance Company ("Principal Life") and Delaware Charter Guarantee and Trust Company (d/b/a Principal Trust Company) ("Principal Trust") (collectively, the "Custodians") serve as the custodians of the Plan. Principal Life certified the common collective trust, pooled separate and guaranteed interest accounts, and Principal Trust certified the mutual funds held by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 ("IRC"), as amended.

Plan Termination

The Plan Sponsor entered into an agreement with ProAmpac Intermediate Inc. ("ProAmpac") to sell all the assets of the Plan Sponsor (the "Agreement"). The Agreement required the Plan Sponsor to wind down and terminate the Plan (the "Plan Termination"). Effective January 1, 2018, the Plan stopped receiving contributions. The Plan assets were transferred to ProAmpac's plan on January 18, 2018. The total distribution relating to the Plan Termination amounted to $20,940,459. All administrative expenses related to liquidation were paid by the Plan Sponsor; therefore, no reserve for liquidation costs are recorded at December 31, 2017.

Eligibility

Employees who have attained the age of 21 or older and have completed at least one year of service, as defined in the SPD, are eligible to participate in the Plan.

Contributions

Participants may contribute a minimum of 2% of their salary up to the maximum percentage of compensation or dollar amount permissible under Section 402(g) of the IRC, not to exceed limits of IRC Sections 401(k), 404 and 415, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are invested in various investment options as directed by the participants.

The Plan Sponsor matches 50% of the first 4% of the participants' contributions to the Plan. The Plan Sponsor may also contribute an additional discretionary amount to the Plan as its board of trustees deems appropriate. Such contributions are credited to the participants' accounts based on their annual pay. For the years ended December 31, 2017 and 2016, the Plan Sponsor's board of trustees did not authorize any discretionary contribution to the Plan.

Participant Accounts

Each participant's account is credited with their contribution, the Plan Sponsor's matching and discretionary contributions, and Plan earnings on such contributions and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled to is represented by the vested balance in the participant's account.

1. DESCRIPTION OF PLAN (CONTINUED)

Administrative Expenses

Administrative expenses consist of investment and transaction fees. Investment fees are charged to participant accounts based on the underlying funds that participants are invested in. Transaction fees are assessed and allocated directly to the participants initiating the transaction. For the years ended December 31, 2017 and 2016, such expenses amounted to $80,579 and $67,169, respectively.

Vesting

Participants are immediately vested in their contributions, the Plan Sponsor's matching contributions and actual earnings thereon. Participants are not vested in the Plan Sponsor's discretionary contributions or earnings thereon until they have completed three years of service with the Plan Sponsor, at which time they become 100% vested in such amounts. Notwithstanding the foregoing, participants become 100% vested upon attainment of retirement age, as defined in the SPD, or upon death or disability prior to termination of employment.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of a) $50,000 or b) 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans. Participant loans generally must be fully repaid within five years. Loans for a primary residence may be repaid within a reasonable time based on the discretion of the loan administrator, but no longer than 30 years. Participants can have no more than one loan outstanding at any given time and may only take out one loan in any 12-month period. At December 31, 2017, the interest rate on outstanding loans ranged from 4.25% to 9.25%.

If a participant fails to make a payment under the terms of the note, that participant will be considered in default. In the event of default, the note receivable shall become due and payable immediately and interest will continue to accrue until the entire note receivable balance is repaid. The Plan will take all reasonable actions to collect the balance owed. Under certain circumstances, the defaulted note could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a note will reduce the benefit a participant would otherwise be entitled to receive from the Plan.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or participant's beneficiary may elect to receive 100% of the participant's vested interest in his or her account balance in either a lump-sum amount or in annual installments over a period of years in accordance with the Plan document. For termination of service due to other reasons, a participant may choose to have all or any part of their vested account balance distributed to them or leave their account under the Plan if their vested account is more than $5,000. No amounts were allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2017 or 2016.

Forfeited Accounts

The portion of a participant's account balance which is not vested upon termination of employment is forfeited and remains in the Plan. Forfeitures of participant accounts can be used to pay administrative expenses or be applied to reduce employer contributions to the Plan. There was no unapplied balance at December 31, 2017 or 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of the Plan's termination, effective January 1, 2017, the Plan adopted the liquidation basis of accounting in presenting the 2017 financial statements. The liquidation basis of accounting is required when liquidation is deemed imminent. Under the liquidation basis of accounting, assets are stated at their net realizable value and liabilities are stated at their estimated settlement amount. The adoption of the liquidation basis of accounting did not have a material impact on the Plan's financial statements.

The 2016 financial statements of the Plan were prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the SPD.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion on fair value measurements.

The investments in pooled separate accounts and the common collective trust are valued at the net asset value (the "NAV") per unit, as determined by the Custodians at year end. The NAV is used as the practical expedient to estimate fair value and is based on the fair value of the underlying investment held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under the standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Payment of Benefits

Benefits are recorded when paid to the Plan participants.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through August 17, 2018, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements, except as disclosed in Note 1.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by a letter dated June 24, 2015, that the Plan is designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC and is exempt from federal income taxes under Section 501(a) of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

5. FAIR VALUE MEASUREMENTS

Assets measured at fair value are based on one or more of three valuation techniques identified in the table below. The valuation techniques are as follows:

(a) *Market approach*. Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach*. Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach*. Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

The following tables summarize the Plan's investments measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2017 and 2016:

Description	Fair Value at December 31, 2017	Level 1	Level 2	Level 3	Valuation Technique
Investments in fair value hierarchy:					
Mutual funds	$ 2,919,519	$ 2,919,519	$ -	$ -	(a)
Total investments in fair value hierarchy	2,919,519	$ 2,919,519	$ -	$ -	
Investments measured at net asset value [(1)]	17,350,912				
Investments at fair value	$20,270,431				

5. FAIR VALUE MEASUREMENTS (CONTINUED)

Description	Fair Value at December 31, 2016	Level 1	Level 2	Level 3	Valuation Technique
Investments in fair value hierarchy:					
Mutual funds	$ 2,933,935	$ 2,933,935	$ -	$ -	(a)
Total investments in fair value hierarchy	2,933,935	$ 2,933,935	$ -	$ -	
Investments measured at net asset value [(1)]	14,788,735				
Investments at fair value	$17,722,670				

[(1)] Includes pooled separate accounts and a common collective trust which are measured at NAV as a practical expedient and are not classified in the fair value hierarchy. The fair value amounts presented in this table are shown for the purpose of reconciling to the statement of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds are valued at quoted market prices, which represent the net asset value of the securities held in such funds.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. EXCESS CONTRIBUTIONS PAYABLE

During the years ended December 31, 2017 and 2016, benefits paid to participants include payments of $47,802 and $41,666 made in 2017 and 2016, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are also included in the Plan's statements of net assets available for benefits as "Excess contributions payable" at December 31, 2017 and 2016.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2017	2016
Net assets available for benefits per the financial statements	$ 20,893,698	$ 18,316,184
Excess contributions payable	47,802	41,666
Net assets available for benefits per Form 5500	$ 20,941,500	$ 18,357,850

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:

	2017	2016
Increase in net assets per the financial statements	$ 2,577,514	$ 1,446,011
Excess contributions payable	47,802	41,666
Repayments of excess contributions	(41,666)	(31,724)
Increase in net assets per Form 5500	$ 2,583,650	$ 1,455,953

For financial statement purposes, excess contributions are included in benefits paid to participants in the year in which the contributions are made. For tax return reporting purposes, such amounts are only reported when repaid to participants.
