Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cooper-Standard Automotive Inc. Pre-Tax Savings Plan - Gaylord (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

PRE-TAX SAVINGS PLAN - GAYLORD
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016**

Note 1-Description of plan

The following description of the Cooper-Standard Automotive Inc. Pre-Tax Savings Plan - Gaylord (the "Plan"), provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all hourly employees who have completed the 90 day probationary period and are covered by the collective bargaining agreement between the UAW Local 388 and Cooper-Standard Automotive Inc. (the "Plan Sponsor" or "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 15% of their pre-tax compensation or the dollar limitation contained in the Internal Revenue Code 402(g) in effect for such taxable year. Participants may direct their contributions to any of the Plan's investment fund options.

Effective July 1, 2017, the Plan automatically enrolls employees at a deferral rate of 3% of compensation, as defined in the plan document, upon meeting eligibility requirements to participate in the Plan unless the employee revokes or changes this election.

The Plan Sponsor contributed a "fixed matching contribution" of 50% on the first 5% of participant's compensation for each pay period on or before June 18, 2017. For pay periods on or after June 25, 2017, participants receive a "fixed matching contribution" equal to 100% of all pre-tax contributions up to 3% of their compensation.

The Plan Sponsor contributes a base contribution of 1% for employees with less than 15 years of service and 2% for employees with more than 15 years of service for employees who were on the seniority list as of 12:01 A.M on March 12, 2012. Effective June 19, 2017, years of service is applicable to all employees, not only those on the seniority list as of 12:01 A.M on March 12, 2012.

The Plan Sponsor may also make an annual discretionary contribution at the discretion of the Plan Sponsor's Board of Directors, up to 5% of each participant's compensation. For 2017, the Plan Sponsor did not make an annual discretionary contribution to the Plan.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Plan Sponsor's contributions and Plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The participants are immediately vested in their contributions and the Company's contributions, plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2017 and 2016**

Note 1-Description of plan—continued

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$362 and \$471, respectively. These accounts will be used to reduce future employer contributions, and/or pay reasonable administrative expenses.

Payment of benefits

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payment of benefits may be taken in a lump sum distribution. In certain circumstances, active employees can take partial withdrawals.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts, in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Notes receivable from participants

Participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000. Only one outstanding note receivable is permitted at any time and the note receivable repayment schedule can be no longer than 59 months or less than \$1,000. The interest rate is established based on an interest rate charged by a person in the business of lending money for loans under similar circumstances. Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Principal and interest is paid ratably through payroll deductions.

The notes receivable from participants are secured by the balance in the participant's account. If a participant ceases to make note receivable repayments and the Plan Administrator deems the notes receivable to be in default, the remaining balance is reduced and a benefit payment is recorded.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan provisions, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant withdrawals are recorded upon distribution.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 2-Summary of significant accounting policies—continued

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant salary deferrals and Company contributions are included in income during the period the related salary is earned.

Administrative expenses

Record keeping fees are paid by participants and the Plan Sponsor pays all remaining administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

Recently issued accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 should be applied retrospectively to all periods presented and is effective for annual periods beginning after December 15, 2016 with early adoption permitted. The Plan elected to early adopt the new guidance applicable to the Plan for the year ended December 31, 2016.

In August 2014, the FASB issued Accounting Standards Update No. 2014-15, *Presentation of Financial Statements – Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern* (ASU 2014-15). ASU 2014-15 defines management's responsibility to evaluate whether there is a substantial doubt about an organization's ability to continue as a going concern and to provide related footnote disclosures. In connection with preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about an organization's ability to continue as a going concern within one year after the date that the financial statements are issued. ASU 2014-15 is effective for fiscal years ending after December 15, 2016. Management has performed this assessment as of the date these financial statements were issued and no going concern uncertainties were identified.

Note 2-Summary of significant accounting policies—continued

Subsequent events

The Plan Sponsor has evaluated subsequent events through August 20, 2018, the date the financial statements were available to be issued.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2017 and 2016, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2017, were obtained or derived from information supplied to the Plan Sponsor and certified by Fidelity Management Trust Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**COOPER-STANDARD AUTOMOTIVE INC.
PRE-TAX SAVINGS PLAN - GAYLORD
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2017 and 2016**

Note 4-Fair value measurements—continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds – A mutual fund's net asset value is normally calculated as of the close of business of the New York Stock Exchange, normally 4:00 p.m. Eastern Standard Time. The fund's assets normally are valued as of this time for the purpose of computing the fund's net asset value.

Common Collective Trust Funds – Valued at the net asset value of units sales price of the underlying investments using the net asset value, as provided by the fund manager, as a practical expedient based on the value reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets that are measured at fair value:

Description	Total	Fair Value Measurements at December 31, 2017		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 1,235,641	\$ 1,235,641	\$ 0	\$ 0
Total investments in the fair value hierarchy	1,235,641	\$ 1,235,641	\$ 0	\$ 0
Investments measured at net asset value (a)	2,737,822			
Total investment assets at fair value	\$ 3,973,463			

COOPER-STANDARD AUTOMOTIVE INC.
PRE-TAX SAVINGS PLAN - GAYLORD
NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 4-Fair value measurements—continued

Description	Total	Fair Value Measurements at December 31, 2016		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 3,737,618	\$ 3,737,618	\$ 0	\$ 0
Total investments in the fair value hierarchy	3,737,618	\$ 3,737,618	\$ 0	\$ 0
Investments measured at net asset value (a)	377,001			
Total investment assets at fair value	\$ 4,114,619			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common collective trust funds have no unfunded commitments, have a daily redemption frequency and require a 1 day redemption period. The fair value of the common collective trust funds, as measured at net asset value (or its equivalent), is \$2,737,822 and \$377,001 at December 31, 2017 and 2016, respectively.

Note 5-Related party transactions and party in interest transactions

Fidelity Management Trust Company is the custodian as defined by the Plan, therefore, transactions with Fidelity Management Trust Company qualify as party in interest transactions. The Plan made direct payments to Fidelity Management Trust Company in the amount of \$11,143 during 2017. Notes receivable from participants totaled \$67,302 and \$50,071 at December 31, 2017 and 2016, respectively, and the interest income from the notes receivable from participants totaled \$2,611 for the year ended December 31, 2017.

Note 6-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COOPER-STANDARD AUTOMOTIVE INC.
PRE-TAX SAVINGS PLAN - GAYLORD
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2017 and 2016

Note 7-Federal income tax status

The Plan has received a determination letter dated February 23, 2017, from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cooper-Standard Automotive Inc. Pre-Tax Savings Plan - Gaylord (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 1-Description of plan

The following description of the Cooper-Standard Automotive Inc. Pre-Tax Savings Plan - Gaylord (the "Plan"), provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all hourly employees who have completed the 90 day probationary period and are covered by the collective bargaining agreement between the UAW Local 388 and Cooper-Standard Automotive Inc. (the "Plan Sponsor" or "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 15% of their pre-tax compensation or the dollar limitation contained in the Internal Revenue Code 402(g) in effect for such taxable year. Participants may direct their contributions to any of the Plan's investment fund options.

Effective July 1, 2017, the Plan automatically enrolls employees at a deferral rate of 3% of compensation, as defined in the plan document, upon meeting eligibility requirements to participate in the Plan unless the employee revokes or changes this election.

The Plan Sponsor contributed a "fixed matching contribution" of 50% on the first 5% of participant's compensation for each pay period on or before June 18, 2017. For pay periods on or after June 25, 2017, participants receive a "fixed matching contribution" equal to 100% of all pre-tax contributions up to 3% of their compensation.

The Plan Sponsor contributes a base contribution of 1% for employees with less than 15 years of service and 2% for employees with more than 15 years of service for employees who were on the seniority list as of 12:01 A.M on March 12, 2012. Effective June 19, 2017, years of service is applicable to all employees, not only those on the seniority list as of 12:01 A.M on March 12, 2012.

The Plan Sponsor may also make an annual discretionary contribution at the discretion of the Plan Sponsor's Board of Directors, up to 5% of each participant's compensation. For 2017, the Plan Sponsor did not make an annual discretionary contribution to the Plan.

Participant accounts

Individual accounts are maintained for each participant in the Plan. Each participant's account is credited with the participant's contributions, their allocation of the Plan Sponsor's contributions and Plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The participants are immediately vested in their contributions and the Company's contributions, plus actual earnings thereon.

Note 1-Description of plan—continued

Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$362 and \$471, respectively. These accounts will be used to reduce future employer contributions, and/or pay reasonable administrative expenses.

Payment of benefits

In the event of retirement, attainment of age 59 ½, death, termination, total and permanent disability or other severance from employment, participants are entitled to receive an amount equal to the value of the vested interest in their accounts. Payment of benefits may be taken in a lump sum distribution. In certain circumstances, active employees can take partial withdrawals.

In the event of hardship, as defined in the plan agreement, participants may take a distribution from their accounts, in an amount necessary to satisfy the financial need, subject to certain tax withholdings.

Notes receivable from participants

Participants may borrow the lesser of 50% of the vested value of their entire account or \$50,000. Only one outstanding note receivable is permitted at any time and the note receivable repayment schedule can be no longer than 59 months or less than \$1,000. The interest rate is established based on an interest rate charged by a person in the business of lending money for loans under similar circumstances. Notes receivable from participants are valued at their unpaid principal balance plus accrued but unpaid interest. Principal and interest is paid ratably through payroll deductions.

The notes receivable from participants are secured by the balance in the participant's account. If a participant ceases to make note receivable repayments and the Plan Administrator deems the notes receivable to be in default, the remaining balance is reduced and a benefit payment is recorded.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan provisions, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2-Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant withdrawals are recorded upon distribution.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2-Summary of significant accounting policies—continued

Valuation of investments and income recognition

Investments held by the Plan are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant salary deferrals and Company contributions are included in income during the period the related salary is earned.

Administrative expenses

Record keeping fees are paid by participants and the Plan Sponsor pays all remaining administrative expenses of the Plan, unless the expenses relate to specific investment directions of the participant. Administrative expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses.

Recently issued accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 should be applied retrospectively to all periods presented and is effective for annual periods beginning after December 15, 2016 with early adoption permitted. The Plan elected to early adopt the new guidance applicable to the Plan for the year ended December 31, 2016.

In August 2014, the FASB issued Accounting Standards Update No. 2014-15, *Presentation of Financial Statements – Going Concern (Subtopic 205-40): Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern* (ASU 2014-15). ASU 2014-15 defines management's responsibility to evaluate whether there is a substantial doubt about an organization's ability to continue as a going concern and to provide related footnote disclosures. In connection with preparing financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about an organization's ability to continue as a going concern within one year after the date that the financial statements are issued. ASU 2014-15 is effective for fiscal years ending after December 15, 2016. Management has performed this assessment as of the date these financial statements were issued and no going concern uncertainties were identified.

Subsequent events

The Plan Sponsor has evaluated subsequent events through August 20, 2018, the date the financial statements were available to be issued.

Note 3-Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2017 and 2016, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2017, were obtained or derived from information supplied to the Plan Sponsor and certified by Fidelity Management Trust Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

Note 4-Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**COOPER-STANDARD AUTOMOTIVE INC.
PRE-TAX SAVINGS PLAN - GAYLORD
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2017 and 2016**

Note 4-Fair value measurements—continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds – A mutual fund's net asset value is normally calculated as of the close of business of the New York Stock Exchange, normally 4:00 p.m. Eastern Standard Time. The fund's assets normally are valued as of this time for the purpose of computing the fund's net asset value.

Common Collective Trust Funds – Valued at the net asset value of units sales price of the underlying investments using the net asset value, as provided by the fund manager, as a practical expedient based on the value reported.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets that are measured at fair value:

Description	Total	Fair Value Measurements at December 31, 2017		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 1,235,641	\$ 1,235,641	\$ 0	\$ 0
Total investments in the fair value hierarchy	1,235,641	\$ 1,235,641	\$ 0	\$ 0
Investments measured at net asset value (a)	2,737,822			
Total investment assets at fair value	\$ 3,973,463			

**COOPER-STANDARD AUTOMOTIVE INC.
PRE-TAX SAVINGS PLAN - GAYLORD
NOTES TO FINANCIAL STATEMENTS - CONTINUED

Note 4-Fair value measurements—continued

Description	Total	Fair Value Measurements at December 31, 2016		
		Level (1)	Level (2)	Level (3)
Mutual funds	\$ 3,737,618	\$ 3,737,618	\$ 0	\$ 0
Total investments in the fair value hierarchy	3,737,618	\$ 3,737,618	\$ 0	\$ 0
Investments measured at net asset value (a)	377,001			
Total investment assets at fair value	\$ 4,114,619			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common collective trust funds have no unfunded commitments, have a daily redemption frequency and require a 1 day redemption period. The fair value of the common collective trust funds, as measured at net asset value (or its equivalent), is \$2,737,822 and \$377,001 at December 31, 2017 and 2016, respectively.

Note 5-Related party transactions and party in interest transactions

Fidelity Management Trust Company is the custodian as defined by the Plan, therefore, transactions with Fidelity Management Trust Company qualify as party in interest transactions. The Plan made direct payments to Fidelity Management Trust Company in the amount of \$11,143 during 2017. Notes receivable from participants totaled \$67,302 and \$50,071 at December 31, 2017 and 2016, respectively, and the interest income from the notes receivable from participants totaled \$2,611 for the year ended December 31, 2017.

Note 6-Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

COOPER-STANDARD AUTOMOTIVE INC.
PRE-TAX SAVINGS PLAN - GAYLORD
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2017 and 2016

Note 7-Federal income tax status

The Plan has received a determination letter dated February 23, 2017, from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
