ANGIE'S LIST 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of Angie's List 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective May 1, 2001, as a defined contribution retirement savings plan covering all employees of Angie's List, Inc. (the Employer) who have at least six months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Oversight Committee of the Employer is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Audit Committee. The Audit Committee reports to the Board of Directors of the Plan Sponsor.

Plan Merger: The Board of Directors of the Employer approved the merger of the Plan into and with IAC/InterActiveCorp Retirement Savings Plan (IAC Plan) sponsored by the Employer's parent company, IAC/InterActiveCorp (IAC), effective January 1, 2018. All of the Plan's assets were immediately transferred to the IAC Plan as of January 1, 2018 to complete the Plan's merger (see Note 9). All Plan participants were immediately eligible to participate in the IAC Plan.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 90% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer makes a safe-harbor nonelective contribution to the Plan equal to 3% of each participant's eligible compensation. The Employer may elect to make discretionary matching and nonelective contributions to the Plan. No Employer matching or nonelective contributions were made to the Plan in 2017.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's safe-harbor nonelective contributions, as well as allocations of the Employer's matching and nonelective contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions and the Employer's safe-harbor nonelective contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 20% vested after two years of service, increasing by 20% per additional year, with full vesting after six years of credited service.

Forfeited nonvested accounts of terminated participants at December 31, 2017 were $18. There were no forfeited nonvested accounts of terminated participants at December 31, 2016. Forfeited nonvested accounts of terminated participants may be used to reduce future Employer contributions, pay Plan expenses or be allocated to the accounts of remaining participants. In 2017, forfeited nonvested accounts of $2,346 were used to reduce Employer contributions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Oversight Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administrative fees may be charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan has adopted a volume submitter plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the volume submitter plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through September 5, 2018, the date the financial statements were available to be issued. See Notes 1 and 9.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodologies are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. The Plan had no assets measured at fair value at December 31, 2016.

Registered Investment Companies: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the fund can include money market funds, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2017:

	Level 1	Level 2	Total
Registered investment companies	$39,533,334		$39,533,334
Collective trust fund		$853,074	853,074
Total Investments at Fair Value	$39,533,334	$853,074	$40,386,408

NOTE 4 - INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE

All investment information disclosed in the accompanying financial statements and related notes has not been audited, but was obtained or derived from information provided to the Plan Administrator by the Plan's trustee. The following is a summary of the Plan's investment information which has been prepared and certified as complete and accurate as of and for the year ended December 31, 2017, by State Street Bank and Trust Company, the Trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Investments at Fair Value:	
Registered investment companies	$39,533,334
Collective trust fund	853,074
Total Investments held by Trustee	$40,386,408
Net appreciation in fair value of investments	$ 6,431,252
Dividends	$ 418,578

The Plan Administrator implemented a change in the Plan's service providers, effective January 1, 2017. As such, all Plan assets were liquidated and held in a non-interest bearing cash account prior to the Plan year ended December 31, 2016. As a result, the Plan had no investments as of December 31, 2016.

NOTE 5 - PLAN AMENDMENT

Effective January 1, 2017, the Plan Agreement was amended and restated in its entirety in conjunction with a change in the Plan's service providers. The Plan Administrator engaged Transamerica Retirement Solutions, LLC as the Plan's new recordkeeper, and State Street Bank and Trust Company as the Plan's new trustee as of January 1, 2017.

The restatement of the Plan Agreement included the following changes in the Plan's provisions: 1) updating the Plan's eligibility service requirement from six months to 30 days of service; 2) modifying the participant contribution maximum limit to 90% of eligible compensation; 3) implementing auto-enrollment and automatic escalation provisions by which a participant's initial auto-enrollment contribution rate will be set at 6% of eligible compensation and increase by 1% per year up to a maximum of 15%; 4) modifying the Plan's distribution provisions to include installment payments and partial cash payment options, and 5) changing the Plan's Trustee.

All Plan assets were transferred to the new service providers on January 4, 2017, and invested in accordance with the fund mapping strategy approved by the Plan Administrator. Each affected Plan participant was previously provided with a black-out notification detailing the Plan conversion.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan's recordkeeper, Transamerica Retirement Solutions, receives indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Plan's recordkeeper totaled $37,129 in 2017.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2017:

Net assets available for benefits per the financial statements	$ 40,386,702
Transfers of assets from the Plan	(40,386,702)
Net assets per Form 5500	$ -

The following is a reconciliation of net increase per the financial statements to net loss and transfers of assets from the Plan per Form 5500 for the year ended December 31, 2017:

Net increase per the financial statements	$ 6,837,807
Transfers of assets from the Plan	(40,386,702)
Net loss and transfers of assets from the Plan per Form 5500	$(33,548,895)

NOTE 9 - SUBSEQUENT EVENT

Based upon the complete transfer of the Plan's assets to the IAC Plan on January 1, 2018, the Plan and its related trust ceased to exist. As such, the Employer has elected to file a final Form 5500 for the 2017 Plan year as all of the Plan's assets were transferred effective immediately on January 1, 2018.
