Green Plains Inc. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

1. Plan Description

The following brief description of the Green Plains Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide post-retirement benefits for the employees of Green Plains Inc. (the Company).

Employees are eligible to make salary reduction contributions and receive employer safe harbor and discretionary matching contributions when they begin employment. Participants employed on the last day of the Plan year are also eligible for employer discretionary profit sharing contributions. Eligible employees become participants on the first payroll period following employment.

Contributions

Participants may make voluntary pre-tax and after-tax Roth salary deferral contributions up to the maximum dollar limits allowable by law. Participants may also contribute amounts representing distributions from other qualified plans. The Plan is a "safe harbor 401(k) Plan" whereby the Company makes safe harbor matching contributions equal to 100% of the first 3% of the participant's elective salary deferral plus 50% of the participant's elective salary deferral over 3% up to 5% of the participant's eligible compensation. The Company may also make discretionary matching and profit sharing contributions. Participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's safe harbor matching and discretionary matching contributions, b) the Company's discretionary profit sharing contributions, c) Plan earnings or losses and d) Plan expenses. Company matching contributions are allocated among participants based upon each eligible participant's elected salary deferral. Company profit sharing contributions are allocated among participants based upon eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Bank of America, N.A. (Bank of America).

Green Plains Inc. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Company discretionary matching and profit sharing contributions credited to participant accounts are vested based on years of continuous service. A participant is 20% vested after one year of credited service and vesting increases 20% per year until a participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest payments are made through payroll deductions. Participants pay a \$50 note origination fee, plus a \$50 service fee per year until the participant's outstanding balance is \$100 or less, in addition to the requested note amount.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may elect to receive a lump sum payment equal to the value of the vested funds allocated to the participant's account. The Plan requires mandatory distribution of payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their Company contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to reduce Plan expenses, Company contributions or re-allocated to participants. As of December 31, 2017 and 2016, forfeited, non-vested accounts totaled \$1,779 and \$1, respectively. During 2017 and 2016, \$0 and \$3,786 of forfeited, non-vested accounts, respectively, were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Green Plains Inc. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Other

Administrative expenses and investment management fees are paid by the Plan. Other certain expenses specifically incurred by or attributable to individual participants are paid from the applicable participants' accounts. Investment-related expenses are included in net appreciation in fair value of investments. Audit fees are paid by the Company and are excluded from these financial statements.

Green Plains Inc. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through August 10, 2018, noting no items requiring disclosure.

3. Information Certified by Bank of America

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Bank of America, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information.

The following table presents the value of the participant-directed Plan assets that were certified by Bank of America as of December 31,:

	<u>2017</u>	<u>2016</u>
Investments at Fair Value	<u>\$ 41,520,377</u>	<u>\$ 30,913,216</u>
Notes Receivable from Participants	<u>\$ 926,401</u>	<u>\$ 735,539</u>
Cash	<u>\$ 704</u>	<u>\$ 414</u>

Bank of America also certified to the completeness and accuracy of the following related to the aforementioned Plan assets for the years ended December 31,:

	<u>2017</u>	<u>2016</u>
Net Appreciation in Fair Value of Investments	<u>\$ 3,273,674</u>	<u>\$ 1,260,943</u>

Net Investment Income	<u>\$ 5,272,306</u>	<u>\$ 2,271,975</u>

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their Net Asset Value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Participant Directed Brokerage Account: Valued at the closing price reported on the active market on which the individual securities are traded.

Green Plains Inc. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

Common Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the Plan is required to give a one-year notice and the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 38,968,635	\$ -	\$ -	\$ 38,968,635
Participant Directed Brokerage Account	860,324	-	-	860,324

Total Investments at Fair Value	<u>\$ 39,828,959</u>	<u>\$ 1,691,418</u>	<u>\$ -</u>	<u>\$ 41,520,377</u>

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 28,279,782	\$ -	\$ -	\$ 28,279,782

Green Plains Inc. 401(k) Plan

Notes to the Financial Statements

December 31, 2017 and 2016

The following table summarizes level 2 investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively:

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 1,691,418	None	Daily	1 Day

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trust	\$ 1,884,157	None	Daily	1 Day

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 16, 2017, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the applicable sections of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed as soon as practicable after the termination date.

7. Related Party Transactions

Certain Plan investments are shares of funds and accounts managed by Bank of America. Bank of America is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions.
