**1. Description of Plan:**

The following description of the Surface Technologies Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution Plan originally effective on January 1, 1995 by Surface Technologies Corporation (the Company), under the provisions of Section 401(a) of the Internal Revenue Code (the Code). The Plan includes a qualified deferred arrangement, as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The amended and restated provisions of the Plan became effective on January 1, 2015. However, this restatement was made to conform the Plan to new tax laws and some provisions may be retroactively effective.

*Contributions*

Plan participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

Participants may contribute pre-tax compensation to the Plan, as defined by the Plan and subject to certain limitations set by the Code. The Company, at its discretion may make matching contributions, as well as, a discretionary profit sharing contribution, which the Company determines each year. For the Plan year 2016 the Company matched one percent of eligible compensation that each participant contributed to the Plan. No discretionary profit sharing contribution was authorized for the 2016 Plan year.

Employees may participate in the Plan after completing one year of eligibility service and reaching age 18.

*Participant Accounts*

An individual account is maintained for each participant's interest in the Plan's net assets. Each participant's account is credited with the participant's contribution and allocation of the Company's contributions, if any, and Plan earnings. Earnings are allocated based on the performance of the shares in the investment options selected by the participant on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**1. Description of Plan (Continued):**

*Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service and is as follows:

| Years of service for vesting | Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Participants become fully vested upon death, total or permanent disability or an early retirement date as defined by the Plan.

*Payment of Benefits*

Upon termination of service due to death, disability or retirement, a participant or beneficiary may receive either a lump sum or an annuity amount equal to the vested value of his or her account. For any other termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants that have terminated employment, but have not withdrawn their account balance due to Plan requirements, continue to participate in the earnings of the Plan. The Plan also permits withdrawals due to circumstances of financial hardship, in accordance with provisions specified in the Plan document.

*Forfeited Accounts*

At December 31, 2016 and 2015, forfeited non-vested accounts were $1,264 and $15,055, respectively. The amount of any non-vested forfeiture attributed to a participant's break in service, as specified by the Plan Document, can be used to reduce future Company matching contributions or pay Plan expenses. During 2016, forfeitures of $1,697 were used to reduce Company matching contributions and $0 were used to reduce Plan expenses.

*Administrative Expenses*

Record keeping expenses are paid by the Plan, as described in the Plan document and service agreements.

**2. Summary of Accounting Policies:**

*Basis of Accounting*

The financial statements of the Plan are prepared using the accrual method of accounting.

*Risks and Uncertainties*

The Plan provides for various investment options in any combination of common collective trusts, mutual and money market funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is as least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

*Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value which represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the accompanying statement of changes in net assets available for benefits include an investment in the MassMutual Guaranteed Interest Account, which is a fully benefit responsive investment contract. Contract value is the relevant measurement attribute for certain Plan assets attributable to fully benefit-responsive investments because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments, allocated to the individual accounts.

*Payment of Benefits*

Benefits are recorded when paid.

**2. Summary of Accounting Policies (Continued):**

*Participant Loans Receivable*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as a distribution to the participant based upon the terms of the Plan document.

Management determines the collectability of the participant loans receivable on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If participant loans receivable are deemed to be uncollectible, they are written off and included in as benefits paid to participants in the financial statements and the deemed distributions in the form 5500 for financial reporting purposes in the year the determination is made.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

*Recent Accounting Pronouncements*

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The ASU is effective for all entities for fiscal years beginning after December 15, 2016. Management retrospectively adopted the ASU during the Plan year ended December 31, 2015.

**3. Fair Value Measurements:**

Financial Accounting Standards Board Statement Accounting Standards Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

**3. Fair Value Measurements (Continued):**

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

*Pooled separate accounts:* The value of the units held in pooled separate accounts is based on the net asset value ("NAV") of the units, determined by the security prices of the underlying investments. Many of the security prices are obtained from a pricing service, Interactive Data Corporation. While the underlying security prices are quoted prices, the NAV of a separate account is not publicly quoted.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Investments measured at fair value as of December 31, 2016 and 2015 are as follows:

| *December 31,* | Fair Value | | |
|---|---|---|---|
| | Level | 2016 | 2015 |
| Pooled separate accounts | *(a)* | $ 3,187,833 | $ 2,906,900 |

*(a)* These funds were measured at net asset value per share in accordance with ASC Subtopic 820-10 and have not been classified in the fair value hierarchy. The fair value amounts presented permit reconciliation of the fair value hierarchy to the line item presented in the Statement of Net Assets Available for Benefit.

**4. Investments at Contract Value:**

The Plan invests in a guaranteed interest contract with MassMutual (the "GIA") which is a fully benefit-responsive investment contract. MassMutual maintains the contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) participant termination, 2) removal from the Plan of one or more groups or classifications of participants, 3) partial or complete Plan termination or 4) Plan disqualification.

In general the following events would permit MassMutual to terminate the contract and settle at other-than-contract value: 1) the Plan's loss of its qualified status, 2) Plan termination, 3) uncured breaches of material obligations under the contract, or 4) advance notification by either party. There was no reserve against contract value for credit risk of the contract issuer or otherwise.

**5. Information Prepared and Certified by the Plan Trustee:**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following investments included in the statements of assets available for benefits as of December 31, 2016 and 2015 and the interest and net appreciation or depreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2016, are complete and accurate.

| *December 31,* | 2016 | 2015 |
|---|---|---|
| Guaranteed interest account | 1,327,321 | 1,278,793 |
| Pooled separate accounts | 3,187,833 | 2,906,900 |
| Participant loans receivable | 361,040 | 353,566 |

| *Year ended December 31,* | 2016 |
|---|---|
| Interest income | $ 14,724 |
| Capital gains | 237,697 |

**6. Reconciliation to Form 5500:**

The following is a reconciliation of net assets per the Form 5500 to the financial statements at December 31, 2016 and 2015:

| *December 31,* | 2016 | 2015 |
|---|---|---|
| Net assets per Form 5500 | $ 4,924,423 | $ 4,566,949 |
| Employee contributions receivable | - | 51,390 |
| Employer contributions receivable | - | 31,188 |
| Other adjustments | 1,495 | (3,466) |
| Net assets per financial statements | $ 4,925,918 | $ 4,646,061 |

The following is a reconciliation of the net increase in net assets available for benefits per the Form 5500 to the financial statements for the year ended December 31, 2016:

| *Year ended December 31,* | 2016 |
|---|---|
| Net gains per Form 5500 | $ 357,474 |
| Other adjustments | (77,617) |
| Net decrease per financial statements | $ 279,857 |

**7. Related Party Transactions:**

Certain Plan investments are shares of mutual funds managed by MassMutual and State Street Bank and Trust Company. MassMututal is the recordkeeper, and State Street Bank and Trust Company is the trustee as defined by the Plan and, therefore, transactions involving these funds qualify as party-in-interest transactions.

**8. Tax Status:**

The Plan was restated under the Ascensus Prototype Defined Contribution Plan (the "Prototype Plan"). The Internal Revenue Service (IRS) issued a determination letter dated March 31, 2008, stating that the Prototype Plan was in accordance with the applicable Plan designed requirements as of that date. The Plan as adopted and amended has not requested a determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

Management has evaluated the Plan's tax positions and concluded that as of December 31, 2016 the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for years before 2012.

**9. Plan Termination:**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**10. Nonexempt Transactions:**

In August 2011, the Department of Labor ("DOL") completed an audit of the Plan year 2008 and an examination of remittances for the Plan years 2009 and 2010. The DOL determined that the Company did not remit certain employee deferrals and loan repayments to the Plan within the time frame required by the Department of Labor Regulation 29 CFR 2510.3-102. Certain other delinquent deferrals and loan repayments have been identified by the Company. Late or delinquent deferrals and loan repayments constitute prohibited transactions as defined by ERISA and are included in the accompanying supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions.

The following table presents all late or delinquent remittances identified and pending correction.

| *Plan year* | Participant contributions made late but remitted to the Plan | Delinquent participant contributions not yet remitted to the Plan |
|---|---|---|
| 2007 | $ 490,373 | $ 325 |

| 2009 | - | 7,844 |
| 2010 | 161,379 | 12,165 |

| 2013 | 384,056 | |
| 2015 | 253,600 | - |
| 2016 | 185,908 | 18,383 |

**11. Subsequent Events:**

The Plan has evaluated the accounting and disclosure requirements for subsequent events through August 2, 2018, the date of this report.
