Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report dated September 28, 2017, indicated that because of the significance of the information that they did not audit, they were unable to, and did not express an opinion on the financial statements taken as a whole, and the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 – DESCRIPTION OF PLAN

GENERAL

The Door Controls USA, Inc. 401(k) Plan (the "Plan"), is a defined contribution plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on August 1, 2015, and is available to qualifying employees of Door Control USA, Inc. (the "Company" or "Plan Sponsor"). Fidelity Management Trust Company, (the "Trustee"), in conjunction with Fidelity Workplace Services, LLC, serves as the trustee and record-keeper of the Plan, respectively. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All full-time employees of the Company who have completed two months of service and are a minimum age of 18 years old are eligible to participate in the Plan, as defined by the Plan document. Employees may enroll in the Plan on the first day of each month after becoming eligible. Deferral elections may be modified as of the first day of each month. Each participant's account is credited with the participant's contributions, Company matching contributions, and actual earnings thereon. Investment income or loss is allocated based on the ratio of each participant's account balance. Contributions and earnings are allocated among investment options as selected by the participant.

CONTRIBUTIONS

The Plan is funded through employee pre-tax deferrals, rollover contributions, and Company matching contributions. A participant may elect to contribute a portion of his or her eligible pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). Voluntary contributions, other than salary reductions, are not permitted. Rollover contributions representing distributions from other qualified defined benefit or contribution plans are also permitted by the Plan.

The Company makes discretionary matching contributions in an amount determined by the Company each year. The Company made matching contributions equal to 50% of each participant's eligible compensation up to 4% of eligible compensation for the Plan year ended December 31, 2017. Employer matching contributions for the year ended December 31, 2017 totaled $74,094.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and employer contributions into a variety of mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 – DESCRIPTION OF PLAN (CONTINUED)

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or installment payments equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $5,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment based on certain criteria, as defined in the Plan document.

VESTING

Participants are immediately vested in rollover contributions, elective deferrals, and any earnings thereon. Vesting in the Company's matching contributions plus actual earnings, thereon, is based on years of continuous service. The participant is vested 20% per year, beginning after two years of qualified service and is 100% vested after six years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document.

FORFEITURES

Forfeitures are available to reduce future employer contributions or pay administrative expenses. The forfeiture balances available at December 31, 2017 and 2016 were $0 and $2,394, respectively. During the year ended December 31, 2017, forfeitures of $4,744 were used to reduce employer matching contributions. During the year ended December 31, 2017, no forfeitures were used to reduce Plan expenses.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined in the Plan document. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Plan Administrator. Note terms are generally limited to a maximum of 5 years or to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Participants may have up to one note outstanding at a time. Notes receivable from participants are stated at unpaid principal balances plus any accrued and unpaid interest. Repayments are made through payroll deductions and are reinvested in participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2017 have interest rates ranging from 3.25% to 5.25% with maturities from February 2018 through October 2022. Notes receivable from participants as of December 31, 2016, had interest rates ranging from 3.25% to 4.50% with maturities from January 2017 through October 2021.

ADMINISTRATIVE EXPENSES

Certain transaction fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company or through the use of forfeitures.

1 – DESCRIPTION OF PLAN (CONTINUED)

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method of accounting in accordance with United States generally accepted accounting principles ("U.S. GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or loan policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as the practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as the practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and after December 15, 2016 for all other entities with early adoption permitted. The Plan adopted ASU 2015-7 with no material impact to the Plan.

INVESTMENT VALUATION AND LEVELING

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 – FAIR VALUE MEASUREMENTS (CONTINUED)

INVESTMENT VALUATION AND LEVELING

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the plan at year end.

Interest-bearing cash: Short-term money market instruments are valued at cost, which approximates fair value based on quoted market prices available on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 2,101,184	$ -	$ -	$ 2,101,184
Total investments at fair value	$ 2,101,184	$ -	$ -	$ 2,101,184

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 1,539,843	$ -	$ -	$ 1,539,843
Interest-bearing cash	2,394	-	-	2,394
Total investments at fair value	$ 1,542,237	$ -	$ -	$ 1,542,237

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the Trustee and a party-in-interest as defined by ERISA, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2017	2016
Investments at fair value:		
Mutual funds of registered investment companies	$ 2,101,184	$ 1,539,843
Interest-bearing cash	-	2,394
Total investments at fair value	$ 2,101,184	$ 1,542,237
Notes receivable from participants	$ 131,088	$ 71,833
Interest and dividends	$ 86,419	
Interest on notes receivable from participants	$ 3,924	
Net appreciation in fair value of investments	$ 238,759	

5 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds of registered investment companies, which are managed by Fidelity Management Trust Company. Fidelity Management Trust Company acted in capacity as Trustee; therefore, these investments qualify as party-in-interest transactions.

6 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

7 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

7 – TAX STATUS OF THE PLAN (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2014.

8 – EXCESS PARTICIPANT CONTRIBUTIONS REFUNDABLE

The Plan failed the discrimination test for the year ended December 31, 2017. As a result, excess contributions payable amounting to $12,294 is recorded as a liability in the accompanying statement of net assets available for benefits as of December 31, 2017, and as a reduction to contributions in the related statement of changes in net assets available for benefits.

9 – TRANSFERS TO AND FROM DOOR CONTROL SERVICES, INC. 401(K) PLAN

On multiple dates throughout the year ended December 31, 2017, account balances of three employees transferred out of the Plan into the Door Controls Services, Inc. 401(k) Plan ("DCS Plan"), which shares common ownership with the Plan Sponsor. The total of account balances transferred out of the Plan amounted to $11,796. On April 17, 2017, the account balance of one employee was transferred into the Plan from the DCS Plan, which amounted to $12,460. The amount reflected in the Statement of Changes in Net Assets Available for Benefits represents the net amount transferred into the Plan for the year ended December 31, 2017.

10 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "*Subsequent Events*", the Company has evaluated events or transactions occurring after December 31, 2017, the statement of net assets available for benefits date, through September 12, 2018, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements for the year ended December 31, 2017.
